

Premysl Otakar II Von Bohmen

Jörg Peltzer, Nicholas Vincent

Premysl Otakar II Von Bohmen:

Přemysl Otakar II. von Böhmen Jörg Konrad Hoensch, 1989 **The Expansion of Central Europe in the Middle Ages** Nora Berend, 2017-05-15 This volume brings together a set of key studies on the history of medieval Central Europe Bohemia Hungary Poland along with others specially commissioned for the book or translated and a new introduction This region was both an area of immigration and one of politics in expansion Such expansion included the settlement and exploitation of previously empty lands as well as rulers attempts to incorporate new territories under their rule although these attempts did not always succeed Often German immigration has been prioritized in scholarship and the medieval expansion of Central Europe has been equated with the expansion of Germans Debates then focused on the positive or negative contribution of Germans to local life and the consequences of their settlement This perspective however distorts our understanding of medieval processes On the one hand Central Europe was not a passive recipient of immigrants Local rulers and eventually nobles benefited from and encouraged immigration they played an active role On the other hand German immigration was not a unified movement and cannot be equated with a *drang nach osten* Finally not just Germans but also various Romance speaking and other immigrant groups settled in Central Europe This volume therefore seeks to present a more complex picture of medieval expansion in Central Europe The Rise of the Medieval World 500-1300 Jana K. Schulman, 2002-05-30 Beginning in 500 with the fusion of classical Christian and Germanic cultures and ending in 1300 with a Europe united by a desire for growth knowledge and change this volume provides basic information on the significant cultural figures of the Middle Ages It includes over 400 people whose contributions in literature religion philosophy education or politics influenced the development and culture of the Medieval world While focusing on Western European figures the book does not neglect those from Byzantium Baghdad and the Arab world who also contributed to the politics religion and culture of Western Europe Europe underwent fundamental changes during the Middle Ages It changed from a preliterate to a literate society Cities became a vital part of the economy culture and social structure The poor and serfs went to the cities The devout joined monastic orders Christianity spread throughout Europe while a man was born in Mecca who would change the shape of the religious map Islam spread throughout the Holy Land Christian piety led to the Crusades This book provides a convenient guide to those who helped shape these movements and counter movements during this era that would pave the way for the Renaissance A History of the Czech Lands Jaroslav Pánek, Oldřich Tůma, 2018 Born January 1 1993 after it split with Slovakia the Czech Republic is one of the youngest members of the European Union Despite its youth as a nation this land and the areas just outside its modern borders boasts an ancient and intricate past With A History of the Czech Lands editors Jaroslav Pánek and Oldřich Tůma along with several scholars from the Academy of Sciences of the Czech Republic and Charles University provide one of the most complete historical accounts of this region to date Pánek and Tůma's history begins in the Neolithic era and follows the development of the state as it transformed into the Kingdom of Bohemia during

the ninth century into Czechoslovakia after World War I and finally into the Czech Republic Such a tumultuous political past arises in part from a fascinating native people and A History of the Czech Lands profiles the Czechs in great detail delving into past and present traditions and explaining how generation after generation adapted to a perpetually changing government and economy In addition Pánek and Tuma examine the many minorities that now call these lands home Jews Slovaks Poles Germans Ukrainians and others and how each group's migration to the region has contributed to life in the Czech Republic today The first study in English with this scope and ambition A History of the Czech Lands is essential for scholars of Slavic Central and East European studies and a must read for those who trace their ancestry to these lands

Bohemia in History Mikuláš Teich, 1998-10-29 This original collection offers an account of key moments and themes in the history of the Czech lands from the time of the rise of the Premyslide dynasty in the ninth century to the fall of socialism in 1989 The pieces commissioned especially for this volume are written by prominent scholars almost all teaching and researching in the present day Czech Republic Apart from eleven historical essays along socio political times there are four contributions which focus broadly on the arts sciences and education emphasising political economic and other aspects Two further essays consider the worlds of the university and of science in the period 1800-1914 and 1800-1930 respectively The co-existence and encounters between Czechs and Germans embedded in Czech history are emphasised throughout the book while the conflicts between the two nationalities in the nineteenth and twentieth centuries are examined in a separate chapter Lastly pursuing the ethnic theme there are essays on both the little explored question of Czech Jewish relations and on the sensitive Czech-Slovak question

Central Europe in the High Middle Ages Nora Berend, Przemysław Urbańczyk, Przemysław Wiszewski, 2013-12-19 A groundbreaking comparative history of the formation of Bohemia Hungary and Poland from their origins in the eleventh century

Lords and Towns in Medieval Europe Howard B. Clarke, Anngret Simms, 2017-07-14 This volume is based on possibly the biggest single Europe-wide project in urban history In 1955 the International Commission for the History of Towns established the European historic towns atlas project in accordance with a common scheme in order to encourage comparative urban studies Although advances in urban archaeology since the 1960s have highlighted the problematic relationship between the oldest extant town plan and the actual origins of a town the large-scale cadastral maps as they have been made available by the European historic towns atlas project are still necessary if we want to understand the evolution of the physical form of our towns By 2014 the project consisted of over 500 individual publications from over 18 different countries across Europe Each atlas comprises at least a core map at the scale of 1:2500 analytical maps and an explanatory text The time has come to use this enormous database that has been compiled over the last 40 years This volume itself based on a conference related to this topic that was held in the Royal Irish Academy in Dublin in 2006 takes up this challenge The focus of the volume is on the question of how seigneurial power influenced the creation of towns in medieval Europe and of how this process in turn influenced urban form Part I of the volume addresses two major

issues the history of the use of town plans in urban research and the methodological challenges of comparative urban history Parts II and III constitute the core of the book focusing on the dynamic relationship between lordship and town planning in the core area of medieval Europe and on the periphery In Part IV the symbolic meaning of town plans for medieval people is discussed Part V consists of critical contributions by an archaeologist an art historian and an historical geographer By presenting case studies by leading researchers from different European countries this volume combines findings that were hitherto not available in English A comparison of the English and German bibliographies attached to this volume reveals some interesting insights as to how the focus of research shifted over time The book also shows how work on urban topography integrates the approaches of the historian archaeologist and historical geographer The narrative of medieval urbanization becomes enriched and the volume is a genuine contribution to European studies

Unions and Divisions

Paul Srodecki, Norbert Kersken, Rimvydas Petrauskas, 2022-11-25 Providing a comprehensive and engaging account of personal unions composite monarchies and multiple rule in premodern Europe Unions and Divisions New Forms of Rule in Medieval and Renaissance Europe uses a comparative approach to examine the phenomena of the medieval and renaissance unions in a pan European overview In the later Middle Ages genealogical coincidences led to caesuras in various dynastic successions Solutions to these were found above all in new constellations which saw one political entity becoming co managed by the ruler of another in the form of a personal union In the premodern period such solutions were characterised by two factors in particular on the one hand the entry of two countries into a union did not constitute a military annexation even though claims to the throne were all too often imposed by force on the other hand the new unitarian constellation retained at least de jure the independence of its respective components The twenty four essays ranging in scope from Scandinavia to Iberia from England and France to Central and Eastern Europe examine whether the respective unions were the result of careful planning and deliberations in the face of a long foreseen succession crisis or whether they emerged from dynamic developments that were largely reactive and dependent upon various random factors and circumstances Each union is assessed to provide an understanding for students and researchers of the political and social forces involved in the respective countries and investigates how the unions were reflected in contemporary literature pamphlets memoranda chronicles diaries etc propaganda and in legal and historical discourses This volume is essential reading for students and researchers interested in the history of monarchy political history and social and cultural histories in premodern Europe

The Mongols and the West Peter Jackson, 2014-05-01 The Mongols had a huge impact on medieval Europe and the Islamic world This book provides a comprehensive survey of contacts between the Catholic West and the Mongol world empire from the first appearance of Chinggis Khan's armies in 1221 down to the death of Tamerlane 1405 and the battle of Tannenberg 1410 This book considers the Mongols as allies as well as conquerors the perception of them in the West the papal response to the threat and opportunity they presented the fate of the Frankish principalities in the Holy Land in the

path of the Mongol onslaught Western European embassies and missions to the East and the impact of the Mongols on the expanding world view of the maturing Middle Ages For courses in crusading history and medieval European history

Transregnal Kingship in the Thirteenth Century Jörg Peltzer, Nicholas Vincent, 2025-08-15 Transregnal Kingship in the Thirteenth Century explores a wide spread European phenomenon rulership over multiple kingdoms or a kingdom in combination with major non royal lordships elsewhere Perceptions of royal authority and kingly sovereignty changed significantly during the thirteenth century and as the role played by kingdoms as sovereign polities was strengthened the framework for transregnal kingship shifted This volumes investigates the consequences examining the theory perception and administrative practices of transregnal kingship Intended to provide a coherent picture that itself may facilitate comparisons the work focuses on four distinct but significantly intertwined polities The Empire France The Angevin Empire and the Papacy Despite its frequent occurrence transregnal kingship played a relatively small role in contemporary political thought and transregnal practice took a great variety of forms showing rulers and the ruled adapting to circumstance rather than pursuing any pre conceived grand strategy Meanwhile the ruler s frequent physical absence provoked the creation of multiple forms of vice regal power In the Empire it also led to an increased use of arbitration as a means to solve disputes at regional level Finally an analysis of architecture and the built environment suggests that such things exhibit a fascinating combination of the political and the merely fashionable

Papacy, Monarchy and Marriage 860-1600 David d'Avray, 2015-03-30 This analysis of royal marriage cases across seven centuries explains how and how far popes controlled royal entry into and exits from their marriages In the period between c 860 and 1600 the personal lives of kings became the business of the papacy d Avray explores the rationale for papal involvement in royal marriages and uses them to analyse the structure of church state relations The marital problems of the Carolingian Lothar II of English kings John Henry III and Henry VIII and other monarchs especially Spanish and French up to Henri IV of France and La Reine Margot have their place in this exploration of how canon law came to constrain pragmatic political manoeuvring within a system increasingly rationalised from the mid thirteenth century on Using documents presented in the author s Dissolving Royal Marriages the argument brings out hidden connections between legal formality annulments and dispensations at the highest social level

The Forgotten Crusaders Mikolaj Gladysz, 2012-03-02 This book investigates into the Polish participation in the Crusades to the Holy Land as well as the organisation of the campaign of preaching of the Cross and the collection of resources for the support of the Crusades by the Church By broadening the scope of enquiry to consider the application of the motifs of crusading against Poland s pagan neighbours local heretics or political opponents of the Church it provides conclusions which may interest the international reader Finally it shows the wider context of the Crusades looking at the influence of the crusading ideology on different areas of life in medieval Poland one of the countries of young Europe to use J K ocowski s term thus making an interesting contribution to our knowledge of European culture in the twelfth and

thirteenth centuries Forgotten Crusaders being an attempt to take a wider look at the relationships between Poland and the crusading movement therefore has the potential to make a valuable contribution to the state of research

Rebellion in Medieval Europe, C. 1000-C. 1500 Adrian Jobson, Harriet Kersey, Gordon McKelvie, 2025-04 Essays exploring the dynamics of rebellion across Europe from Sweden and Slovakia to the Iberian Peninsula and Hungary over five centuries Rebellion was a fundamental part of the political ecosystem of the Middle Ages Medieval Europe witnessed numerous instances of noble rebellion popular protest and communal resistance against political authority However most scholarship has focused on the causes and or life cycle of the most famous individual movements such as the Barons War in England the Hussites in Bohemia and the Burgundian Armagnac conflict in France and there has been relatively little comparative analysis of political protest across both time and national borders Where it exists it tends to favour a thematic approach and be narrowly focused in terms of geographical coverage Conversely this book breaks new ground in its wide geographical and chronological range from twelfth century Sicily to late fifteenth century Ireland exploring the various forms that active resistance could take Its essays offer fresh perspectives on rebellion as a political act its theoretical justifications the role of language and propaganda the royal counter responses that it provoked and its ramifications both personal and communal Together they shine a new light on the complex interrelationship between legal authority violence and politics and significantly enhance our understanding of rebellion during this period ke Its essays offer fresh perspectives on rebellion as a political act its theoretical justifications the role of language and propaganda the royal counter responses that it provoked and its ramifications both personal and communal Together they shine a new light on the complex interrelationship between legal authority violence and politics and significantly enhance our understanding of rebellion during this period ke Its essays offer fresh perspectives on rebellion as a political act its theoretical justifications the role of language and propaganda the royal counter responses that it provoked and its ramifications both personal and communal Together they shine a new light on the complex interrelationship between legal authority violence and politics and significantly enhance our understanding of rebellion during this period

Premodern History and Art through the Prism of Gender in East-Central Europe Daniela Rywíková, Michaela Antonín Malaníková, 2021-12-15 Premodern History and Art through the Prism of Gender in East Central Europe is a representative collection of current Czech research in premodern history and art history using gender as a tool of analysis The common denominators of the texts collected in this volume are the art history of the premodern period gender perspectives and to a certain degree the Czech milieu The book is divided into four parts based on area of interest time frame and research perspective The first part sheds light on the state of research in

the field of women's history along with the implementation of the concept of gender and highlights a certain paradigmatic conservatism of Czech art historiography The second gathers contributions that analyze visual sources of Czech origin The third includes texts that analyze gender issues on the level of literary representation The final part presents two case studies that involve analysis of the premodern West European source base Rywikov and Malan kov present this volume as an innovative way to introduce this specific segment of Central European art history to a broader audience in global academia

Disciplined Dissent Autori Vari, 2017-01-03T00:00:00+01:00 Inspired by current debates around political confrontation and the exercise of power Fabrizio Titone offers an interpretation based on the concept of disciplined dissent This interpretation is centred on the notion of diffused power and is designed to transcend the binary distinction consensus resistance The aim is to identify the conservative process involved in mounting a critique a protest through which those who object may have intercepted and then deployed on their own account the cultural repertoire of those in a position of authority This was with a view to obtaining a hearing or even influencing the activities of the government and decentering the exercise of power The essays collected here take as their theoretical point of departure the concept of disciplined dissent In order to ascertain how adaptable the latter is the decision was taken to include studies relating to wholly distinct political contexts Contributions by scholars from different backgrounds shed light upon different circumstances prevailing in continental and non continental medieval Europe The aim is to offer a broad spectrum of analyses on political confrontation the formulation of critiques and the attainment of spaces for participation by means of non violent protest Geschichte von Böhmen

František Palacký, 2012-12-13 The Czech historian František Palack gives a detailed account of Bohemian history published in German in ten parts 1836-67 **Festivities, Ceremonies, and Rituals in the Lands of the Bohemian Crown in the Late Middle Ages**, 2022-07-04 Rituals and ceremonies played a significant role in medieval society by both establishing continuity with previous generations and their legacy and temporarily allowing individuals to step out of their everyday routine This is true for local communities villages convents castles and cities but also for kingdoms and empires Despite its importance ritual in medieval Central Europe has not yet been studied to a great extent In this volume seven contributions deal with various examples and aspects of rituals in the late medieval Bohemian lands The individual contributions explore particular rituals coronation wedding funeral or environments cities nobility court church They share innovative interpretations and newly elaborated sources Contributors are Antonín Kalous František Mahel Martin Apsk Martin Nodl Robert Imnek Tom Borovský and Václav Režek **Зборник радова Византолошког института** Vizantološki institut (Srpska akademija nauka i umetnosti), 1963 **Geschichte von Böhmen** František Palacký, 1847 **The Routledge Handbook of the Mongols and Central-Eastern Europe** Alexander V. Maiorov, Roman Hautala, 2021-08-25 The Routledge Handbook of the Mongols and Central Eastern Europe offers a comprehensive overview of the Mongols military political socio economic and cultural relations with Central and Eastern European nations between the thirteenth and fifteenth centuries The Mongol

Empire was the largest contiguous land empire in history and one which contributed to the establishment of political commercial and cultural contacts between all Eurasian regions The Golden Horde founded in Eastern Europe by Chinggis Khan s grandson Batu in the thirteenth century was the dominant power in the region For two hundred years all of the countries and peoples of Central and Eastern Europe had to reckon with a powerful centralized state with enormous military potential Some chose to submit to the Mongols whilst others defended their independence but none could avoid the influence of this powerful empire In this book twenty five chapters examine this crucial period in Central Eastern European history including trade confrontation and cultural and religious exchange between the Mongols and their neighbours This book will be an essential reference for scholars and students of the Mongols as well those interested in the political social and economic history of medieval Central Eastern Europe

Premysl Otakar Ii Von Bohmen Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and

manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Premysl Otakar Ii Von Bohmen PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Premysl Otakar Ii Von Bohmen PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Premysl Otakar Ii Von Bohmen free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Premysl Otakar Ii Von Bohmen Books

What is a Premysl Otakar Ii Von Bohmen PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Premysl Otakar Ii Von Bohmen PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Premysl Otakar Ii Von Bohmen PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Premysl Otakar Ii Von Bohmen PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Premysl Otakar Ii Von Bohmen PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
