1 Multiple Choice This section is composed of 80 multiple choice questions designed to gauge your ability to understand and analyze U S history from the Colonial period to the present The majority of the questions however are based on 19th and 20th century history This section tests factual knowledge scope of preparation and knowledge based analytical skills You ll have 55 minutes to complete this section which accounts for 50 percent of your final grade

SCORING THE EXAM The multiple choice section of the exam is scored by crediting each correct answer with one point and deducting one fourth of a point for each incorrect answer You will neither receive a credit nor suffer a deduction for unanswered questions The free response essays are graded by instructors and professors from across the country who come together each June for a week of non stop AP essay grading Each essay booklet is read and scored by several graders Each grader provides a score for the individual essays The DBQ is scored on a scale from 0 to 15 0 being the lowest and 15 the highest Each topic based essay receives a score from 0 to 9 These scores are concealed so that each grader is unaware of the previous graders assessments When the essays have been graded completely the scores are averaged one score for each essay so that the free response section generates three scores The total weight of the free response section is 50 percent of the total score Your work in the multiple choice section counts for the other 50 percent Each year grades fluctuate slightly because the grading scale is adjusted to take into account the performance of the total AP U S History test taker population When used with the corresponding chart the scoring method we present here will strongly approximate the score you would receive if you were sitting for the actual AP U S History exam

SCORING THE MULTIPLE CHOICE SECTION For the multiple choice section use this formula to calculate your raw score $\text{Number right} - \frac{1}{4} \times \text{Number wrong}$ round to the nearest whole number

SCORING THE FREE RESPONSE SECTION For the free response section use this formula to calculate your raw score $\text{DBQ} + \frac{1}{2}(\text{Essay 1} + \text{Essay 2})$ round to the nearest whole number You may want to give your essays three different grades such as a 13 10 and an 8 and then calculate your score three ways as if you did

As the oldest still operational written constitution in the world, the U.S. Constitution and the concepts it proclaims have been under almost constant attack since its inception. At a convention in 1787, fifty-five delegates assembled in Philadelphia to revise and amend the Articles of Confederation; only to emerge sixteen weeks later with a new document, the U.S. Constitution. The convention was filled with constant debate over how much power should be given to government and how should this power be allocated: state rights v nationalists, small states v large states, political conservatives v political liberals, and slave owners v non-slave owners. Fifty-five biographies, one for each delegate, are presented. Biographies include such notable individuals as Benjamin Franklin, Alexander Hamilton, George Washington, Luther Martin, and James Madison. An introductory essay, appendices including the Articles of Confederation and the United States Constitution, and an annotated bibliography are also included. The **Shapers of the Great Debate** series takes a biographical approach to history, following the premise that people make history in the circumstances in which they find themselves. Each volume in this series examines the lives and experiences of the individuals involved in a particular debate through major and minor biographies.
