English Grammar Made Easy Annies Antony, 2021-03-11 This book on grammar is designed to meet the requirements of all students both from English and Vernacular medium backgrounds It strictly complies with the new approach to the teaching of English Grammar Every aspect of Grammar starting from the Alphabet has been dealt with in a simple and easy way for the students to follow Copious illustrative examples and practice exercises have been provided in the book to help students handle the topics with confidence The grammatical structures vocabulary and communication skills will ensure a good command or mastery over the English language The exercises given after every topic have been framed keeping in mind the problems faced by my own students As a teacher in English for a number of years at Don Bosco High School Matunga Mumbai and St Xavier s High School and Junior College Virar for the Secondary and Higher Secondary Sections I have noticed that many students consider grammar a hard nut to crack something that goes above their head Hence throughout this book I have made an attempt to explain the various topics in the simplest Sway possible by giving simple examples Thus all efforts have been made to maintain the true nature of the book by keeping it true to its title English Grammar Made Easy The content of the book is useful not only for the students but also for the teachers and the general public interested in acquiring competence in English Language in an easy way In fact the students cannot read and study Grammar as they do with the

other subjects It has to be taught and understood and for that the teachers have to be fully confident and sure of the Grammar topics they intend to explain Or else they would only be confusing the students and as a result the students do not take any interest in learning grammar and often it is sidetracked On the other hand if the topics are clearly explained and understood the students will definitely enjoy learning it and consider grammar an inevitable part of learning the language So this book could serve as a hand book or manual for the teachers and the learners as well enabling them to be familiar with the rules of the language I would certainly be glad to hear from teachers or students or the others using this book in the form of comments or suggestions of any kind **Grammar made easy** Grammar,1883 **English Made Easy** John

Tourian,2003-12 I have often been frustrated and amused by natives who want to be understood only by the collusive other natives and thus resort to the use of esoteric expressions the meanings of which are only privy to their people or even group The most enduring manner to memorialize the truth is to render the language understandable even if it entails going back to its proper roots Typical of me I chose the hardest of them all English specifically because its rules have been intentionally overlooked or in some cases glossed over in favor of a wider comprehensibility as happened in plastics computer science or military jargon Let me put it this way if there already is a way to say something well there is no need to create a new way of saying it to the glaring degradation of the language The purpose of a language is universal understand of what is said In the case of the English language make that what is said how it is said how it is written and even how it is pronounced It is pointless for English speaking people to wrongly interpret the intent of another of their kind or to answer in an equally obfuscating fashion If I say something I want to be universally understood in as clear a manner as possible **Grammar**

Made Easy Elizabeth Missing Sewell,1872 *English Grammar and Usage Made Easy* P.D. Antony,2016-08-08 Grammar is a subject that even the best English users tend to neglect This book can be used as a general reference book by all For students it is a grammar guide to refer to any topic at a glance The description of every rule is easily understandable without teachers help It covers all the grammar rules for day to day requirements and all parts of speech with plenty of examples The pronouns are very well explained especially nominative and objective pronouns which are often confusing for many The case is similar with verbs and adverbs **Prepositions Made Easy: From Basic Concepts to Prepositional Phrases** Mary
