American Philanthropic Foundations David C. Hammack, Steven Rathgeb Smith, 2018-04-16 Once largely confined to the biggest cities in the mid Atlantic and Great Lakes states philanthropic foundations now play a significant role in nearly every state Wide ranging and incisive the essays in American Philanthropic Foundations Regional Difference and Change examine the origins development and accomplishments of philanthropic foundations in key cities and regions of the United States Each contributor assesses foundation efforts to address social and economic inequalities and to encourage cultural and creative life in their home regions and elsewhere This fascinating and timely study of contemporary America s philanthropic foundations vividly illustrates foundations commonalities and differences as they strive to address pressing public problems **The Word and Words Made Flesh** , In this spiritual autobiography the author focuses on eight segments of the life and work of Jesus their application to the ministerial vocation in the world today and the particular mission of the Presbyterian clergyman over the past seventy five years Devout in his faith and beliefs the author maintains a unique perspective I perceive my life as well as the lives of others in a rather different vein than does society in general he says I sense my life and the lives of others as God breathed life and lives coming from God And in a sense the Word and words made flesh in each event From his specialized viewpoint he reveals the role of God and ministry in his life a life that in the end will span no more than the space of two of God s breaths **Caring for Clergy** Thad S. Austin, Katie R. Comeau, 2022-07-26 Like Aaron and Hur who lifted the arms of Moses during battle Exodus 17 this book highlights the critical work of clergy care providers in America These individuals and organizations support clergy by providing counseling

coaching spiritual direction funding hospitality education and benefits upon which clergy rely Their ministry strengthens congregations and has the capability to produce an exponential return for the kingdom of God Yet these providers are often disconnected Our groundbreaking national research reveals gaps in the training qualifications and formational experiences of clergy care providers We note differences in language that hinder effective communication as well as significant disparities in the literature that informs clergy care Addressing these disconnects has the potential to improve the lives of clergy and the congregations and communities clergy serve Whether you are a clergy care provider a clergyperson or a lay leader we invite you to respond Working together we envision a connected network of providers offering more effective support for clergy and improving the congregations and communities they serve
