

# PAST & PRESENT IN ART & TASTE

SELECTED ESSAYS

The central illustration on the book cover is a reproduction of a painting. It depicts a scene where a man in a brown coat and dark trousers is standing and looking at a large, brightly lit painting on an easel. The painting on the easel shows a woman in a red dress. To the left, two other men in dark clothing are seated, observing the scene. The background is dark and indistinct. The overall style of the illustration is classical or academic.

## Present Of Things Past Selected Essays:

*Selected Essays of Plutarch* Plutarch, 2023-08-28 Reproduction of the original *Selected Essays of Plutarch; In Two Volumes* Plutarch, 2023-09-25 Reproduction of the original The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision **The Juggler** Warren F. Kimball, 1994-08-08 Here Warren Kimball explores Roosevelt's vision of the postwar world by laying out the nature and development of FDR's war aims his long range political goals As the face of eastern Europe and the world changes before our eyes Roosevelt's goals dismissed during the Cold War as impractical seem less unrealistic today **The New Labor Radicalism and New York City's Garment Industry** Leigh David Benin, 2000 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company **Stripping Bare the Body** Mark Danner, 2009-10-13 For the past two decades Mark Danner has reported from Latin America Haiti the Balkans and the Middle East His perceptive award winning dispatches have not only explored the real consequences of American engagement with the world but also the relationship between political violence and power In *Stripping Bare the Body* Danner brings together his best reporting from the world's most troubled regions from the fall of the Duvalier dictatorship in Haiti to the tumultuous rise of Aristide from the onset of the Balkan Wars to the painful fragmentation of Yugoslavia and finally to the disastrous invasion of Iraq and the radical destructive legacy of the Bush administration At a time when American imperial power is in decline there has never been a more compelling moment to read these urgent fiercely intelligent reports *Radical History Review: Volume 61, Winter 1995* Calvin B. Holder, Dewar MacLeod, 1995-04-13 *Radical History Review* presents innovative scholarship and commentary that looks critically at the past and its history from a non sectarian left perspective RHR scrutinises conventional history and seeks to broaden and advance the discussion of crucial issues such as the role of race class and gender in history **America in the World** Michael J. Hogan, 1995 A survey of the historical literature on intelligence and national security during the Cold War Henry Wallace's 1948 Presidential Campaign and the Future of Postwar Liberalism Thomas W. Devine, 2013-05-27 In the presidential campaign of 1948 Henry Wallace set out to challenge the conventional wisdom of his time blaming the United States instead of the Soviet Union for the Cold War denouncing the popular Marshall Plan and calling for an end to segregation In addition he argued that domestic fascism rather than international communism posed the primary threat to the nation He even welcomed Communists into his campaign admiring their commitment to peace Focusing on what Wallace himself later considered his campaign's most important aspect the troubled relationship between non Communist progressives like himself and members of the American Communist Party Thomas W Devine demonstrates that such an alliance was not only untenable but from the perspective of the American Communists undesirable Rather than romanticizing the political culture of the Popular Front Devine provides a detailed account of the Communists self destructive behavior throughout the campaign and chronicles the frustrating challenges that non Communist progressives faced in trying to

sustain a movement that critiqued American Cold War policies and championed civil rights for African Americans without becoming a sounding board for pro Soviet propaganda      **A Companion to American Foreign Relations** Robert Schulzinger, 2008-04-15 This is an authoritative volume of historiographical essays that survey the state of U S diplomatic history The essays cover the entire range of the history of American foreign relations from the colonial period to the present They discuss the major sources and analyze the most influential books and articles in the field Includes discussions of new methodological approaches in diplomatic history      **How Wars End** Gideon Rose, 2011-12-20 Argues that the failure of the United States to create successful peace settlements when ending the major wars of the twentieth century has only led to subsequent conflicts and new wars which attempt to resolve the issues of the previous war      **Framing History** Virginia Carmichael, 1993 In this book Virginia Carmichael offers a provocative new interpretation of the Rosenberg story Carmichael argues that this social drama produced many stories serving multiple interests and functions many of which confront the politics of both writing and reading She also demonstrates that this story s resistance to closure manifest in its repeated tellings in historiography biography literature and the visual and performing arts suggests its lasting cultural impact on a nation coming to terms with the end of the cold war era      **Yalta 1945** Fraser J. Harbutt, 2010-02-15 This book examines Allied diplomacy from 1941 to 1946 challenging Americocentric views and highlighting the significance of Europe s diplomatic role Harbutt argues that the Yalta conference of February 1945 was a pivotal moment that signaled a shift from a pre existing Europe America framework to the East West conception that led to the Cold War      *Marxian Socialism in the United States* Daniel Bell, 2018-10-18 First published in 1952 then out of print in recent years this classic account of the American Left is once again available In his introduction to the Cornell paperback edition Michael Kazin reevaluates the book viewing it in the context of subsequent work on the subject and of the recent history of the Left itself      **From Roosevelt to Truman** Wilson D. Miscamble, 2007 On April 12 1945 Franklin Roosevelt died and Harry Truman took his place in the White House Historians have been arguing ever since about the implications of this transition for American foreign policy in general and relations with the Soviet Union in particular Was there essential continuity in policy or did Truman s arrival in the Oval Office prompt a sharp reversal away from the approach of his illustrious predecessor This study explores this controversial issue and in the process casts important light on the outbreak of the Cold War From Roosevelt to Truman investigates Truman s foreign policy background and examines the legacy that FDR bequeathed to him After Potsdam and the American use of the atomic bomb both of which occurred under Truman s presidency the US floundered between collaboration and confrontation with the Soviets which represents a turning point in the transformation of American foreign policy This work reveals that the real departure in American policy came only after the Truman administration had exhausted the legitimate possibilities of the Rooseveltian approach of collaboration with the Soviet Union      To Lead the Free World John Fousek, 2003-06-20 In this cultural history of the origins of the Cold War John Fousek argues boldly that American

nationalism provided the ideological glue for the broad public consensus that supported U S foreign policy in the Cold War era From the late 1940s through the late 1980s the United States waged cold war against the Soviet Union not primarily in the name of capitalism or Western civilization neither of which would have united the American people behind the cause but in the name of America Through close readings of sources that range from presidential speeches and popular magazines to labor union debates and the African American press Fousek shows how traditional nationalist ideas about national greatness providential mission and manifest destiny influenced postwar public culture and shaped U S foreign policy discourse during the crucial period from the end of World War II to the beginning of the Korean War Ultimately he says in the atmosphere created by apparently unceasing international crises Americans rallied around the flag eventually coming to equate national loyalty with global anticommunism and an interventionist foreign policy *U.S. Foreign Policy and the Other* Michael Patrick Cullinane, David Ryan, 2014-11-01 John Quincy Adams warned Americans not to search abroad for monsters to destroy yet such figures have frequently habituated the discourses of U S foreign policy This collection of essays focuses on counter identities in American consciousness to explain how foreign policies and the discourse surrounding them develop Whether it is the seemingly ubiquitous evil of Hitler during World War II or the more complicated perceptions of communism throughout the Cold War these essays illuminate the cultural contexts that constructed rival identities The authors challenge our understanding of others looking at early applications of the concept in the eighteenth century to recent twenty first century conflicts establishing how this phenomenon is central to decision making through centuries of conflict **George Bush's War** Jean Edward Smith, 2014-03-10 George Bush s War by Jean Edward Smith chronicles the complete history of the 1991 Persian Gulf War Smith takes the reader from the politics of Desert Shield to the military action of Desert Storm Expressing constant misgivings about presidential warmaking Smith provides a virtual day by day chronicle of the decisions of 1990 that led to war Highly recommended Library Journal **forum for inter-american research Vol 2** Wilfried Raussert, 2023-07-20 Volume 2 of 6 of the complete premium print version of journal forum for inter american research fiar which is the official electronic journal of the International Association of Inter American Studies IAS fiar was established by the American Studies Program at Bielefeld University in 2008 We foster a dialogic and interdisciplinary approach to the study of the Americas fiar is a peer reviewed online journal Articles in this journal undergo a double blind review process and are published in English French Portuguese and Spanish **Ronald Reagan** John P. Diggins, 2007-02-06 This is a revealing portrait of great character a book that reveals the 40th president to be an exemplar of the truest conservative values and one of the America s greatest presidents 13 photographs **Selected Essays and Letters** National Assessment of Educational Progress (Project), 1972
