intersect with names and naming Featuring a collection of chapters from multiple authors its bipartite structure examines fascinating topics in relation to the Church looking first at cultural and historical perspectives before analyzing doctrinal and scriptural perspectives The book discusses such matters as how contemporary naming practices of Latter day Saints compare to those outside the faith how code names were used in one of the faith s books of scripture to protect Church leaders from persecution and how names and naming relate to the covenant identity of Church members Through its fresh approach to understanding religious identity and belief in relation to The Church of Jesus Christ of Latter day Saints this book is an invaluable resource for scholars and students of Mormon studies and will also be of interest to people with a fascination with names and naming issues as those occur in a variety of settings including religious ones *Dialogue* ,1995 A journal of Mormon thought *Lifetime* Jesus Salazar,2013-04-29 This book is to help member s of The Church Of Jesus Christ Of Latter Day Saints prepare for a mission It will give you guided advice on what to do and exactly how to do missionary work

**Latter-day Saint Theology among Christian Theologies** Grant Underwood,2025-03-13 How do the beliefs of Latter day Saints compare with traditional Christian theology Grant Underwood provides answers to this question that are clear detailed and thoughtful Writing for a broad and interested Christian audience he systematically brings Mormon thought into conversation with main currents of Christian theology He focuses on major topics that have engaged Christian thinkers over the years who God is who Jesus Christ is who we are how we are saved what the church is and what the future holds for human history as well as for individual human lives Most chapters follow a format in which relevant themes are introduced with an overview of significant Christian reflection on the topic followed by an exploration of Latter day Saint thought on the subject Throughout the book Underwood s goal is to analyze not catechize While the author is a practicing Latter day Saint that reality only enhances his appreciation for the theology produced by centuries of fellow Christians of faith who in Anselm s words have diligently and devoutly sought understanding Underwood seeks to facilitate mutual understanding among Christians who may worship differently who conceive of God and God s relations with humanity differently and who articulate their religious beliefs in terms and concepts that are unfamiliar to each other Readers of this book are invited to approach its sympathetic presentation of such Christian theologies including that of the Latter day Saints with an openness and curiosity that can lead to a more accurate nuanced understanding of the doctrines discussed **Presidency and Priesthood** Wm H. Kelley,2018-01-22 Excerpt from Presidency and Priesthood The Apostasy Reformation and Restoration The subjects of paramount importance discussed are the administrative authority in revealed religion or the priest hoods upon which rested the systems of faith and worship both under the old and new covenants or the church under Moses and that under Christ Their respective origins and distinctive characteristics in organization doctrine ethics spirit etc are discussed at length especially is the church of Christ as set forth in the New Testament with its distinctive authority organization and system of

worship held out as the ideal church and put in contrast with all others with a view of more easily determining the true order of worship The question of authority and right is of first consideration in all governments whether religious or civil All institutions of whatever name must be clothed with an administrative authority and constitutional right in order to achieve success Upon what does this or that organization rest whether of church or State are questions of the highest importance Thence the authority in the State and whence that in religion have always been questions of great moment and deep solicitude among men About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
