Presidency Is Not A Joke:

The Presidency Is Not a Joke Ernest A. Ndukwe, 2002-04-09 In the 2000 presidential election the then Gov George W Bush ran as the candidate of honesty integrity truth and character That was his claim and his supporters claim After he won the Republican primary by defeating Sen John McCain he and his supporters essentially characterized his Democratic opponent former vice president Al Gore as a liar and an untrustworthy individual That characterization stuck and Gore never fought back vigorously against those charges It was not only after Mr Gore conceded the election many thought he won that his former opponent and many of his supporters saw Gore differently as honorable and gracious Some actually called him a good man When George W Bush became the president I became interested in observing his policies and actions in comparison to his campaign and post campaign rhetoric Simply put by his claims of character during the presidential campaign he invited close scrutiny of his policies I had to observe how his rhetoric matched his actions If you are interested in finding out about the character of the George W Bush s administration so far and how honest his words have matched his deeds this is the book for you

The Making of the President 2016 Roger Stone, 2017-01-31 In the tradition of Theodore White s landmark books the definitive look at how Donald J Trump shocked the world to become president From Roger Stone a New York Times bestselling author longtime political adviser and friend to Donald Trump and consummate Republican strategist comes the first in depth examination of how Trump s campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming In the early hours of November 9 2016 one of the most contentious polarizing and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J Trump to concede shocking a nation that had only hours before given little credence to his chances Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media Stone a long time Trump retainer and confidant gives us the inside story of how Donald Trump almost single handedly harnessed discontent among Forgotten Americans despite running a guerrilla style grass roots campaign to compete with the smooth running and free spending Clinton political machine From the start Trump s campaign was unlike any seen on the national stage combative maverick and fearless Trump s nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security Here Stone outlines how Donald Trump skillfully ran as the anti Open Borders candidate as well as a supporter of American sovereignty and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters The veteran adviser to Nixon Reagan and Trump charts the rise of the alt conservative media and the end of the mainstream media monopoly on voter impacting information dissemination This is an insider s view that includes studying opposition research into Bill Hillary and Chelsea Clinton s crimes and the struggle by the Republican establishment to stop Trump and how they underestimated him Stone chronicles Trump s triumph in three

debates where he skillfully lowered expectation levels but skewered Mrs Clinton for the corruption of the Clinton Foundation her mishandling of government email and her incompetence as Secretary of State Stone gives us the inside word on Julian Assange Wikileaks Clinton campaign chief John Podesta Huma Abedin Anthony Weiner Carlos Danger Doug Band Jeffery Epstein and the efforts to hide the former first lady s infirmities and health problems Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e mails released by Wikileaks came from the Russians The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clinton s weaknesses particularly her reputation as a crooked insider and ignited the passions of out of work white men and women from the rust belt and beyond at a time when millions of Americans desperately wanted change Stone also reveals how and why the mainstream media got it wrong including how the polls were loaded and completely misunderstood who would vote Stone s analysis is akin to Theodore H White s seminal book The Making of the President 1960 It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard bitten political survivor who Donald Trump called one tough cookie

Weekly Compilation of Presidential Documents ,2000 *Understanding the Fundamentals of the U.S. Presidential Election System* Alexander S. Belenky,2012-04-25 This is the first book on the U S presidential election system to analyze the basic principles underlying the design of the existing system and those at the heart of competing proposals for improving the system The book discusses how the use of some election rules embedded in the U S Constitution and in the Presidential Succession Act may cause skewed or weird election outcomes and election stalemates The book argues that the act may not cover some rare though possible situations which the Twentieth Amendment authorizes Congress to address Also the book questions the constitutionality of the National Popular Vote Plan to introduce a direct popular presidential election de facto without amending the Constitution and addresses the plan s Achilles Heel In particular the book shows that the plan may violate the Equal Protection Clause from the Fourteenth Amendment of the Constitution Numerical examples are provided to show that the counterintuitive claims of the NPV originators and proponents that the plan will encourage presidential candidates to chase every vote in every state do not have any grounds Finally the book proposes a plan for improving the election system by combining at the national level the one state one vote principle embedded in the Constitution and the one person one vote principle Under this plan no state loses its current Electoral College benefits while all the states gain more attention of presidential candidates **A DAY IN THE LIFE OF A PRESIDENT** Armiyao Harruna (Folio 48),2014 This is a story that spans from 1955 to sometime about 2045 It is a four part story of a family originating from Cape Coast and Dowyaaniyili in the Northern Region the story of a northern prince Dowbia Zangina that marries a German Fante screen idol called Mercedes Huntman who loves him dearly and agree to move with him to the Dowyaaniyili where he becomes chief after the death of his father A military government throws him into Nsawam Medium Prison for allegedly collaborating with his journalist friend Ernest Dzigbordi to overthrow the military junta and regains his freedom when a democratically elected

government takes over Their Granddaughter Raabia Sedzro goes into politics and becomes the first woman president of her country She is a successful president and all her good works are cut short when she is assassinated in 2031 The story of President Lankwei Addison takes the reader into campaign travels to the hinterland of Ghana including some factual events in the governments of Presidents Rawlings Kufuor and Atta Mills Part Four of the story is drum narrations of historical occurrences not told in the first three parts As recorded by a media guru Dowbia Yousif the grandson of Mercedes Huntman

Networked Media, Networked Rhetorics Damien Smith Pfister,2014-10-24 In *Networked Media Networked Rhetorics* Damien Pfister explores communicative practices in networked media environments analyzing in particular how the blogosphere has changed the conduct and coverage of public debate Pfister shows how the late modern imaginary was susceptible to deliberation traps related to invention emotion and expertise and how bloggers have played a role in helping contemporary public deliberation evade these traps Three case studies at the heart of *Networked Media Networked Rhetorics* show how new intermediaries including bloggers generate publicity solidarity and translation in the networked public sphere Bloggers flooding the zone in the wake of Trent Lott s controversial toast to Strom Thurmond in 2002 demonstrated their ability to invent and circulate novel arguments the pre 2003 invasion reports from the Baghdad blogger illustrated how solidarity is built through affective connections and the science blog RealClimate continues to serve as a rapid response site for the translation of expert claims for public audiences *Networked Media Networked Rhetorics* concludes with a bold outline for rhetorical studies after the internet **The Outlook** ,1919 **HEARINGS BEFORE THE SUBCOMMITTEE OF THE COMMITTEE ON MILITARY AFFAIRS UNITED STATE CONGRESS SENATE** ,1919

God, No! Penn Jillette,2011-08-16 The New York Times bestselling irreverently funny reinterpretation of the Ten Commandments by Penn Jillette atheist skeptic and the larger louder half of the magic duo Penn Teller In *God No* Penn blends secular comedy satire of the Ten Commandments and personal memoir with sharp witted flair From performing on the Las Vegas strip mingling with Siegfried Roy to fatherhood and ongoing debates with proselytizers of the Christian Right Penn shares his atheist memoir with outrageous humor Packed with tales of sex while scuba diving magic on stage and fearless skepticism *God No* offers a uniquely entertaining life affirming freethinker memoir that redefines belief morality and laughter *The Ordinance Making Powers of the President of the United States* James Hart,1925 Public Papers of the Presidents of the United States United States. President,1992 Containing the public messages speeches and statements of

the President 1956 1992 **Dubious Pundits** Nickie Michaud Wild, 2019-05-20 Over the last decades of the 20th century and into the 21st humor on late night TV became a more influential part of the United States political conversations Not only did viewers talk about what the shows were saying but serious journalists in newspapers and television news did as well This book explores how Jon Stewart and Stephen Colbert became popular pundits with their commentaries often being shown on the news or quoted in the papers and how Tina Fey s parody of Sarah Palin eclipsed the real life candidate herself This transformation occurred after the attacks on 9 11 and the beginning of the War in Iraq when comedy figures were often more critical and informative than traditional news sources At the same time they became more substantive in their critiques than political humor often had been in the past which relied heavily on mocking political candidates personality quirks Using transcripts from Saturday Night Live The Daily Show and The Colbert Report during the presidential elections from 1980 2008 this book takes a comprehensive look at how the comedy itself transformed In addition the analysis includes how journalists in the Washington Post and the New York Times discussed the shows at the time revealing how they once denigrated the programs but came to regard them as valuable narrative resources **The Truth (with jokes)** Al Franken, 2005-10-25 The 1 New York Times bestseller by Senator Al Franken author of Giant of the Senate Senator Al Franken s landmark bestseller Lies And the Lying Liars Who Tell Them A Fair and Balanced Look at the Right was praised as a bitterly funny assault The New York Times that rang with the moral clarity of an angel s trumpet The Associated Press Now this master of political humor strikes again with a powerful and provocative message for all of us In these pages Senator Franken reveals the alarming story of how Bush barely beat Kerry with his campaign of fear smear and queers and then claimed a nonexistent mandate Casino Jack Abramoff the Republicans nearest and dearest friend made millions of dollars off of the unspeakable misery of the poor and the powerless And also Native Americans The administration successfully implemented its strategy to destroy America s credibility and goodwill around the world Complete with new material for this paperback edition The Truth with jokes is more than just entertaining intelligent and insightful It is at once prescient in its analysis of right wing mendacity and incompetence and inspiring in its vision of a better tomorrow for all Americans except Jack Abramoff *This Obscure Thing Called Transparency* Emmanuel Alloa, 2022-03-31 The paradoxical logic of transparency and mediation Transparency is the metaphor of our time Whether in government or corporate governance finance technology health or the media it is ubiquitous today and there is hardly a current debate that does not call for more transparency But what does this word actually stand for and what are the consequences for the life of individuals Can knowledge from the arts and its play of visibility and invisibility tell us something about the paradoxical logics of transparency and mediation This Obscure Thing Called Transparency gathers contributions by international experts who critically assess the promises and perils of transparency today **Great Brand Blunders** Rob Gray, 2014-02-25 What causes some marketing campaigns to go spectacularly wrong Why might new product launches publicity stunts or rebranding

exercises be doomed to failure How can you prevent a social media backlash spiralling out of control When should you apologise cut your losses make a U turn Great Brand Blunders takes an informed and at times acerbic look at the worst marketing and social media disasters of all time and treats them as an amazing learning opportunity The first book for several years to examine brand failures and the first with a special focus on social media Great Brand Blunders offers a mix of entertaining commentary and authoritative advice and features several first hand interviews with those involved A fascinating roll call of over 150 A list brands in sticky situations the book will be required reading not only for professional marketers academics and students but for anyone interested in the gritty stories and testing challenges that lie behind the polished brand images marketers hope to present to the public From awful advertising to ridiculous brand extensions via misguided sales promotions and ill conceived social media activity Great Brand Blunders pulls no punches putting rash decisions under the microscope and offering advice on how to avoid landing in the same foul mess yourself Parliamentary Debates ,1890

The Rhetoric of Remediation Jane Stanley,2010-01-31 American universities have long professed dismay at the writing proficiency levels of entrants and the volume of this complaint has been directly correlated to social political or economic currents Many universities in their rhetoric have defined high need for remediation as a crisis point in order to garner state funding or to manage admissions In *The Rhetoric of Remediation* Jane Stanley examines the statements and actions made regarding remediation at the University of California Berkeley Cal Since its inception in 1868 university rhetoric has served to negotiate the tensions between an ethic of access and the assertion of elite status Great care has been taken to promote the politics of public accessibility yet in its competition for standing among other institutions Cal has been publicly critical of the underpreparedness of many entrants Early on Cal developed programs to teach Subject A Composition to the vast number of students who lacked basic writing skills Stanley documents the evolution of the university's rhetoric of remediation at key moments in its history such as the early years of open gate admissions the economic panic of the late 1800s and its effect on enrollment Depression era battles over funding and the creation of a rival system of regional state colleges the GI Bill and ensuing post WWII glut in enrollments the Red Scare and its attacks on faculty administrators and students the Civil Rights Movement and the resultant changes to campus politics sexist admission policies and a de facto male quota system accusations of racism in the instruction of Asian Americans during the 1970s the effects of an increasing number of students beginning in the 1980s for whom English was a second language and the recent development of the College Writing Program which combined freshmen composition with Subject A instruction in an effort to remove the concept of remediation altogether Setting her discussion within the framework of American higher education Stanley finds that the rhetorical phenomenon of embrace and disgrace is not unique to Cal and her study encourages compositionists to evaluate their own institutional practices and rhetoric of remediation for the benefit of both students and educators
