

President And The Executive Branch

Brian R. Dirck

President And The Executive Branch:

The President and the Executive Branch Mark Thorburn, 2013-01-01 Readers learn about how the President is elected what the Presidential duties are and who runs the nation if the President gets sick [The Executive Branch of the Federal Government](#) Britannica Educational Publishing, 2009-10-01 The founders of the Constitution created the office of the President to be the Chief Executive of the United States as well as an important figure the nation could turn to This book covers the role and duties of the executive in the office of President describing how those duties have changed and evolved throughout the history of the United States There is also plenty of helpful information detailing the complicated election process from the caucus to the Electoral College helping to educate a new generation of voters about their impact on electing the next executive officer **The President, Vice President, and Cabinet** Elaine Landau, 2017-08-01 What is the executive branch It s the part of government that s led by our president But who else is part of the executive branch And just what does this branch do Read this book to find out **Guide to the Presidency and the Executive Branch** Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama s healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This

new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president s role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions *Calling the Shots* Daniel P. Gitterman,2017-02-14 Modern presidents are CEOs with broad powers over the federal government The United States Constitution lays out three hypothetically equal branches of government the executive the legislative and the judicial but over the years the president as head of the executive branch has emerged as the usually dominant political and administrative force at the federal level In fact Daniel Gitterman tells us the president is effectively the CEO of an enormous federal bureaucracy Using the unique legal authority delegated by thousands of laws the ability to issue executive orders and the capacity to shape how federal agencies write and enforce rules the president calls the shots as to how the government is run on a daily basis Modern presidents have for example used the power of the purchaser to require federal contractors to pay a minimum wage and to prohibit contracting with companies and contractors that knowingly employ unauthorized alien workers Presidents and their staffs use specific tools including executive orders and memoranda to agency heads as instruments of control and influence over the government and the private sector For more than a century they have used these tools without violating the separation of powers *Calling the Shots* demonstrates how each of these executive powers is a powerful weapon of coercion and redistribution in the president s political and policymaking arsenal **What Is the Executive Branch?** Jason Porterfield,2015-07-15 In this book readers will learn about the Constitution checks and balances and how the executive branch of government is organized The president and vice president s powers are studied as well as those of the cabinet and staff who offer help to the executive office The Executive Branch Bonnie Hinman,2012 The U S Constitution says very little about the duties and powers of the head of the nation s executive branch The Constitution s authors were much more certain about what they didn t want in a president than what they did want When George Washington took the oath of office to become the first president of the United States he governed the country with authority and a sense of what a president should be Since then U S presidents have used his example and Article II of the Constitution as a guide for running the country Those who have challenged the Constitution defied it or ignored it have been defeated by it The Constitution with its system of checks and balances remains the heart of the U S government The President and the Executive Branch Bryon Giddens-White,2005-10 The President and the Executive Branch presents an exciting look inside the executive branch of the United States government The book explores topics such as the origins of the executive branch the powers and day to day responsibilities of a president key figures in a president s administration and how presidents have shaped the direction of our country Book jacket **Energy in the Executive** Terry Eastland,1994 **The Executive Branch of Federal Government** Brian R. Dirck,2007-07-27 This volume gives students professors and the general public a single comprehensive source on the key themes in the historical development of the presidency from America s founding era

through the presidency of George W Bush How has the role of the president changed since George Washington How does the president interact with Congress The courts The states Other nations These are just a few of the overarching questions addressed in this volume in ABC CLIO s About Federal Government set devoted to the president and the executive branch he manages The Executive Branch of the Federal Government provides a brief history of the presidency then looks at the constitutional powers of the office the day to day functions of the federal bureaucracy general elections and presidential relationships with Congress and the courts But perhaps most compelling are the insights into the officeholders themselves the individuals who have served as president each fashioning a term reflective of his own personality

Organizing the Presidency Stephen Hess, James P. Pfiffner, 2002-09-19 When Franklin D Roosevelt was inaugurated in March 1933 the White House staff numbered fewer than fifty people In the ensuing years as the United States became a world power and both the foreign and domestic duties of the president grew more complex the White House staff has increased twentyfold This book asks how best to manage a presidency that itself has become a bureaucracy In the third edition of Organizing the Presidency Stephen Hess with the assistance of James P Pfiffner surveys presidential organizations from Roosevelt s to George W Bush s examining the changing responsibilities of the executive branch jobs and their relationships with one another Capitol Hill and the permanent government He also describes the kinds of people who have filled these positions and the intentions of the presidents who appointed them

Encyclopedia of the American Presidency, Fourth Edition Michael Genovese, 2021-04-01 Praise for the first edition An altogether excellent introduction to the study of the presidency of the United States Library Journal entries are well written an excellent addition American Reference Books Annual an excellent resource recommended Booklist Highly recommended Choice The most up to date reference of its kind Encyclopedia of the American Presidency Fourth Edition is the definitive guide to the role of the president from the American Revolution through the present day Offering a complete account of the presidency in U S history this A to Z encyclopedia will make a great first stop for students and general readers looking for information on the executive branch of the American government Its comprehensive scope spans the relationship between the executive and the other branches of government court cases elections political opponents scandals and more A valuable resource that provides concise information Encyclopedia of the American Presidency Fourth Edition contains more than 750 entries Entries include Bully pulpit Commander in chief Economic policy Executive privilege Kamala Harris Impeachment Iraq War Thomas Jefferson Middle East Military tribunals New Deal Oval Office Franklin D Roosevelt Situation room Donald Trump Veto power War powers Watergate White House and more

The President and the Executive Branch Tracie Egan, 2004 Introduces the executive branch of government and how the offices of the president and the vice president function

The Particularistic President Douglas L. Kriner, Andrew Reeves, 2015-06-12 As the holders of the only office elected by the entire nation presidents have long claimed to be sole stewards of the interests of all Americans Scholars have largely agreed positing the president as an important

counterbalance to the parochial impulses of members of Congress This supposed fact is often invoked in arguments for concentrating greater power in the executive branch Douglas L Kriner and Andrew Reeves challenge this notion and through an examination of a diverse range of policies from disaster declarations to base closings to the allocation of federal spending show that presidents like members of Congress are particularistic Presidents routinely pursue policies that allocate federal resources in a way that disproportionately benefits their more narrow partisan and electoral constituencies Though presidents publicly don the mantle of a national representative in reality they are particularistic politicians who prioritize the needs of certain constituents over others

The Law of the Executive Branch Louis Fisher, 2014 The Law of the Executive Branch Presidential Power places the law of the executive branch firmly in the context of constitutional language framers intent and more than two centuries of practice Each provision of the US Constitution is analyzed to reveal its contemporary meaning and in concert with the application of presidential power

The Politics of the Presidency, Revised 8th Edition Joseph A. Pika, John Anthony Maltese, 2013-07-15 In the most up to date core text available on the presidency The Politics of the Presidency Revised Eighth Edition Joseph A Pika and John Anthony Maltese once again deliver their comprehensive and accessible analysis of the presidency Never losing sight of the foundations of the office the authors maintain a balance between historical context and contemporary scholarship on the executive A solid foundation for any presidency course the revised eighth edition features updated chapters including coverage of the 2012 election and a new chapter analyzing Obama s challenges as a second term president in an entrenched partisan environment

Calling the Shots Daniel P. Gitterman, 2017-02-14 Modern presidents are CEOs with broad powers over the federal government The United States Constitution lays out three hypothetically equal branches of government the executive the legislative and the judicial but over the years the president as head of the executive branch has emerged as the usually dominant political and administrative force at the federal level In fact Daniel Gitterman tells us the president is effectively the CEO of an enormous federal bureaucracy Using the unique legal authority delegated by thousands of laws the ability to issue executive orders and the capacity to shape how federal agencies write and enforce rules the president calls the shots as to how the government is run on a daily basis Modern presidents have for example used the power of the purchaser to require federal contractors to pay a minimum wage and to prohibit contracting with companies and contractors that knowingly employ unauthorized alien workers Presidents and their staffs use specific tools including executive orders and memoranda to agency heads as instruments of control and influence over the government and the private sector For more than a century they have used these tools without violating the separation of powers Calling the Shots demonstrates how each of these executive powers is a powerful weapon of coercion and redistribution in the president s political and policymaking arsenal

The President's Work Elaine Landau, 2003-07-01 Everyone knows that the president of the United States is the leader of the country and has a very powerful job But what does the president really do day in and day out Sit behind a desk and sign laws Travel to

faraway lands to promote peace You ll need to read this book to find out Inside you ll discover what the president s job is like how the president does this job and how it affects every American s life including yours Book jacket **Institutions of American Democracy** Joel D. Aberbach,Mark A. Peterson,2005-10-27 Presents a collection of essay that provide an examination of the Executive branch in American government explaining how the Constitution created the executive branch and discusses how the executive interacts with the other two branches of government at the federal and state level **How the Executive Branch Works** Rebecca E. Hirsch,2015 Have you ever wondered how the president became president How a law is created Or what the different political parties are and how they influence US politics From spies to the Supreme Court How the US Government Works gives the inside scoop on how the different parts of US government function Core Library is the must have line of nonfiction books for supporting the Common Core State Standards for grades 3 6 Core Library features A wide variety of high Interest topics Well researched clearly written informational text Primary sources with accompanying questions Multiple prompt and activities for writing reading and critical thinking Charts graphs diagrams timelines and maps Book jacket
