Theodore Roosevelt on Hunting Lamar Underwood, 2019-04-01 Besides being one of our greatest presidents Roosevelt stands alone as a conservationist a visionary when it came to the protection and preservation of America's natural resources and an author Library Journal There have been few hunters as daring as powerful and as articulate as our twenty sixth president Theodore Roosevelt From his ranching years in the Dakota Territory to the famous African adventures Roosevelt's tales are unparalleled stories of the hunt The best of them are collected here Of Roosevelt's many volumes of hunting and exploration two reader favorites have always been *Ranch Life* and *The Hunting Trail* and *African Game Trails* both excerpted here During his ranching years Roosevelt ranged far and wide and his African trips were also famously bold In all his expeditions Roosevelt reveals in detail hunts that were incredible journeys of both pursuit and discovery for wherever he went in the outdoors he assumed the dual roles of hunter and naturalist The hunts range from upland birds and waterfowl to prized big game animals like elk bear and sheep amid lofty peaks There are goat pursuits among ice glazed mountain spires and close encounters with grizzlies in the black timber He survives lion charges and buffalo attacks and stumbles on elephants

**Southern Hunting in Black and White** Stuart A. Marks, 1991. For many Southern men living in or close to rural landscapes, hunting is a passion. But it is not a timeless activity in a cultural void. Whether pursuers of fox or raccoon, deer or rabbits, quail or dove, Southern hunters reveal, for Stuart Marks, complex patterns of male bonding, social status and relationships with nature. Marks, who has written two outstanding books on hunting in Africa, was born and has long lived in the South. Examining Southern hunting from frontier times through the antebellum era to the present day, he shows it to be a litmus test of rural identity. Drawing on the latest anthropological theory, statistical sources, extensive interviews and historical research, Marks has crafted a multifaceted account of Southern hunting. Relations of race, property, gender and region appear in fresh guises in this innovative and intriguing study. The portrayal of the contemporary state of hunting is especially interesting, revealing both the continuities with the past and the new pressures on the sport. *Virginia Quarterly Review* *Nomination of Allan Oakley Hunter, Hearing Before ..., 91-2 ..., March 24, 1970* United States. Congress. Senate. Committee on Banking and Currency, 1970.
