College Presidents Reflect Stephen J. Nelson, 2013-12-16 College presidents lead taxing and complex though enormously fulfilling and rewarding lives The story that unfolds in *College Presidents Reflect* Life in and out of the Ivory Tower is fashioned from the perspectives of over two dozen retired former college presidents The over their shoulders view we get from these men and women who have sat on the presidential perch provides an unprecedented view of the office of the pathways to presidencies and of the ways in which tenures conclude when presidents decide at times pushed to exit Does anything after leaving office compare with the status and regard regularly accorded presidents How do their bully pulpits change from the power of the presidency to life What are the high successes and unforeseen regrets born out of time in the office From their journeys we learn lessons about leadership We hear about how one gets into the presidency planned or not There is only one true source of insight and reflection about these issues and that is those who have been there these former college presidents The New College President Terrence J. MacTaggart, Eileen B. Wilson-Oyelaran, 2024-08-13 Think you know what it takes to be an effective leader in higher education You might be surprised Think you know what it takes to be an effective leader in higher education You might be surprised Why is it so difficult to find and hire college and university presidents Perhaps search committees are recruiting in all the wrong places In *The New College President* Terrence J MacTaggart and Eileen B Wilson Oyelaran share the stories of seven exceptional presidents from diverse backgrounds Drawing on hundreds of interviews these vivid deeply researched narratives depict the life stories and academic careers of university presidents whose unconventional backgrounds helped them grow into uniquely qualified leaders The university presidents whom MacTaggart and Wilson Oyelaran profile exhibit strengths of character and perspective developed through a range of challenging life experiences Personal qualities like grit resilience compassion and intercultural competence along with academic credibility contribute to their effectiveness as chief executives and are critical to presidential success in a fraught era of higher education MacTaggart and Wilson Oyelaran who developed a forensic model for improving presidential searches that requires a much deeper look into personal leadership strengths and weaknesses than is typical in current search practices are uniquely qualified to write this book They present a fresh perspective on higher education leadership and actionable recommendations to improve presidential searches while arguing that a commitment to diversity equity and inclusion is not just a moral imperative but a valuable opportunity to recruit extraordinary leaders Featuring Jeffrey Bullock Waded Cruzado Mary Dana Hinton Freeman Hrabowski III Robert Jones Kwang Wu Kim and Mary Marcy **Bulletin** , 1961
