Presidents And Arms Control:

Presidents and Arms Control Kenneth W. Thompson, 1994
Thompson, 1994 **Presidents and Arms Control** Kenneth W. Thompson, 1994 NOTE Series number is not an integer IV
The book examines the arms control issue in successive administrations of the postwar presidents and reviews each president's involvement in the pursuit of arms reduction and limitation **Presidents and Arms Control** Kenneth W. Thompson, 1994 The role of American presidents in the formulation and negotiation of arms control remains obscure and unclear and this fact provides justification for the newest series of books from the Miller Center Presidents and Arms Control addresses the milieu of arms control in the nuclear age and the decision making style of presidents In addition this volume focuses on the negotiation of arms control agreements the ratification process of treaties by the Senate the potential role and limitations of the Arms Control Disarmament Agency and the prospects for arms control and nonproliferation in Europe Amazon.com Averting Doomsday Patrick J. Garrity, Erin R. Mahan, 2021-12-07 In the controversial legacy of the Nixon presidency the administration's effort to curb and control the spread of the world's weapons of mass destruction is often overlooked And yet by the time President Nixon left office under the cloud of the Watergate scandal his actions on this front had surpassed those of all his predecessors combined and laid the foundations of WMD arms control and nonproliferation policies that persist to this day In Averting Doomsday Patrick Garrity and Erin Mahan explore and assess Nixon's record addressing not only nuclear but also biological and chemical weapons Drawing substantially on presidential recordings and other primary sources not widely consulted the authors shed new light on milestones such as the first SALT agreement on strategic nuclear weapons and the Anti Ballistic Missile Treaty as well as the renunciation of US offensive biological weapons and a Seabed treaty The WMD control landscape had accumulated many divergent visions and interests over time technical diplomatic domestic political and utopian The Nixon administration had to adjust to and build on this eclectic foundation creating a new layer of policies to deal with WMD that substantially set the course and perhaps limited the options for future administrations in ways that are still with us Miller Center Studies on the Presidency **Presidents and Arms Control: Arms control and the presidency in the nuclear age** Kenneth W.
