Preventing Burnout and Building Engagement in the Healthcare Workplace, Second Edition Jonathon R. B. Halbesleben, 2023-01-22

Healthcare workers have been experiencing the ripple effects of increasing strain staffing shortages and anxiety since early 2020 Undoubtedly stress and burnout are having substantial systemic financial and human impact on healthcare organizations Preventing Burnout and Building Engagement in the Healthcare Workplace addresses these concerns and offers ways to foster your employees engagement in their work The book describes how to identify common underlying stressors that lead to employee burnout tactics for shifting the attention away from individuals and toward improving the stressful environment in which they work and techniques for evaluating interventions Healthcare leaders can use this practical guide to help their staff recover from burnout and regain a sense of passion for their work This new edition comes at a time when the pandemic has worsened the most severe strain drivers in healthcare organizations while also bringing a slew of new stressors The author distills lessons learned from both research and personal experience to help healthcare leaders prepare for the next disruption

Handbook of Stress Medicine and Health Cary Cooper, 2004-10-28 Research now shows us that long term activation of the stress cycle can have a hazardous even lethal effect on the body increasing the risk of obesity heart disease depression cancer and other illnesses This new edition of an award winning book presents cutting edge research on the effects of stress Edited by one of the worlds authorit

Preventing Burnout: Building a culture of balance and support Silas Mary, 2025-01-17 Preventing Burnout focuses on how to create a work environment that prioritizes employee well being and prevents burnout This book explores the signs of burnout its causes and the impact it has on both individuals and organizations It offers practical strategies for building a supportive culture that encourages work life balance mental health awareness and stress management By fostering a healthy and supportive work environment

Preventing Burnout helps businesses reduce turnover boost productivity and improve employee morale This book is ideal for business leaders and HR professionals looking to create a workplace that values employees well being and sustains long term success The Truth About Burnout Christina Maslach,Michael P. Leiter,2008-07-02 Today s workforce is experiencing job burnout in epidemic proportions Workers at all levels both white and blue collar feel stressed out insecure misunderstood undervalued and alienated at their workplace This original and important book debunks the common myth that when workers suffer job burnout they are solely responsible for their fatigue anger and don t give a damn attitude The book clearly shows where the accountability often belongs squarely on the shoulders of the organization Employee Engagement Through Effective Performance Management Edward Mone,Manuel London,Edward M. Mone,2018-01-03 This book is a practical guide for managers to increase and support employee engagement through stronger performance management tools and techniques In this second edition Edward Mone and Manuel London incorporate new developments in the field including discussion of issues about the value of challenging goals annual formal appraisals forced ranking and ways to give constructive feedback The authors expand the traditional notion of performance management to include building trust creating conditions of empowerment managing team learning and maintaining ongoing straightforward communications about performance all of which are critical to employee engagement Case studies offer concrete examples and checklists and surveys supply managers with ways to assess employee engagement as well as directions for increasing engagement An up to date straightforward guide this book is appropriate for graduate students in Employee Engagement Human Resources and Management Studies as well as scholars and practitioners in those fields Employee Engagement Through Effective Performance Management ,2014-03-05 An engaged employee is someone who feels involved committed passionate and empowered and demonstrates those feelings in work behavior This book explains that a more engaged workforce is really about better performance management The authors expand the traditional notion of performance management to include building trust creating conditions of empowerment managing team learning and maintaining ongoing straightforward communications about performance all of which are critical to employee engagement The best practices tools and advice in this book are based on solid research as well as the authors experience **New Perspectives on the End of Life: Essays on Care and the Intimacy of Dying** Lloyd Steffen,Nate Hinerman,2020-10-12 This volume was first published by Inter Disciplinary Press in 2012 This inter disciplinary volume gathers scholars from around the world to explore clinical cultural and ethical perspectives on end of life care not only for the dying but also for those who attend the dying as caregivers

Emotional Labor Mary E. Guy,Meredith A. Newman,Sharon H. Mastracci,2014-12-18 Most public service jobs require interpersonal contact that is either face to face or voice to voice relational work that goes beyond testable job skills but is essential for job completion This unique book focuses on this emotional labor and what it takes to perform it The authors weave a powerful narrative of stories from the trenches gleaned through interviews focus groups and survey data They go

beyond the veneer of service delivery to the real live person to person interactions that give meaning to public service For anyone who has ever felt apathetic toward government work the words of caseworkers investigators administrators attorneys correctional staff and 9 11 call takers all show the human dimension of bureaucratic work and underscore what it means to work with feeling **The Effective Local Government Manager, 3rd Edition** N. Joseph Cayer,Raymond W. Cox

III,Charldean Newell,2014-04-15 The Effective Local Government Manager 3rd Edition reflects the rich history and modern reinvention of a profession that sprang up at the beginning of the twentieth century What does it mean to be a local government manager in today s world What can a manager accomplish What internal as well as external resources must the manager harness What motivates the manager s employers colleagues and employees For the student contemplating a career as a manager in public service The Effective Local Government Manager is almost obligatory reading Many instructors have built introductory courses on local government management around The Effective Local Government Manager For the young assistant in a city or county or for the mid career manager assessing new challenges The Effective Local Government Manager offers insights on your role and how you can best serve your community It explores the manager s many roles and responsibilities interacting with the community the governing body local government employees and other governments It offers the most up to date theory and practice of local government as well as tools of management This book is used as a text in ICMA University s Emerging Leaders Development Program Organizational Behavior and Management in Health and

Medicine James K. Elrod,John L. Fortenberry, Jr.,2024-07-10 This comprehensive textbook on healthcare organizational behavior and management uniquely bridges theory and practice directing significant attention toward operationalization in health and medical settings This blend of theory and practice differentiates the content of this book from that of related academic and professional books that tend to discuss theory at length with limited attention being directed toward practical applications This approach ultimately affords readers with a working knowledge of the subject matter which must be mastered to successfully operate healthcare organizations and a real world skill set for use in practice The contents of the text encompass a fairly broad spectrum of organizational behavior and management within the context of the healthcare industry and its associated organizations Among the topics covered Leadership in Health and Medicine Motivation in Health and Medicine Communication in Health and Medicine Strategy in Health and Medicine Ethics and Social Responsibility in Health and Medicine Organizational Culture in Health and Medicine Groups and Teams in Health and Medicine Power and Politics in Health and Medicine Beyond its efficient presentation of core facets of organizational behavior and management the book features practical insights in each chapter from the authors experiences as leaders at a health system These passages share real world insights often involving unique applications innovative thinking and other creative perspectives from practice These viewpoints are invaluable for helping readers to ground the theoretical overviews presented in each chapter bolstering knowledge and understanding A glossary of organizational behavior and management terminology is also

included Organizational Behavior and Management in Health and Medicine serves as a primer featuring principles and practices with intensive application and operational guidance The text with its learning objectives chapter summaries key terms and exercises is ideally suited for professors and students of health administration medicine nursing and allied health The book also can serve as a refresher for healthcare executives and managers e g administrators nurses physicians and as a useful reference for anyone with an interest in learning about administrative practices in health and medical settings

Identity, Calling, and Workplace Spirituality Thomas V. Frederick, Scott E. Dunbar, 2022-07-11 Identity Calling and Workplace Spirituality integrates theological scholarship on the construct of work and calling with organizational psychology research on workplace spirituality and career fit Thomas V Frederick and Scott E Dunbar integrate these two domains to advance theological scholarship on vocation work and human nature This focus provides crucial insights in terms of understanding how a Christian's work fulfills a God given calling and reflects the Christian doctrine of the image of God

Dynamics of People Management—Operations and Obligations Manodip Ray Chaudhuri, 2022-07-22 This book is a research reference book in the area of Human Capital Management and Behavioral Sciences It is a set of collected works of the author with 22 of his published papers and book chapters This book is intended for researchers and scholars in the field of manpower management in a broad spectrum

Work Engagement Arnold B. Bakker, Michael P. Leiter, 2010-04-05 This book provides the most thorough view available on this new and intriguing dimension of workplace psychology which is the basis of fulfilling productive work The book begins by defining work engagement which has been described as an opposite to burnout following its development into a more complex concept with far reaching implications for work life The chapters discuss the sources of work engagement emphasizing the importance of leadership organizational structures and human resource management as factors that may operate to either enhance or inhibit employee's experience of work The book considers the implications of work engagement for both the individual employee and the organization as a whole To address readers practical questions the book provides in depth coverage of interventions that can enhance employees work engagement and improve management techniques Based upon the most up to date research by the foremost experts in the world this volume brings together the best knowledge available on work engagement and will be of great use to academic researchers upper level students of work and organizational psychology as well as management consultants

Cambridge Handbook of Psychology, Health and Medicine Susan Ayers, Andrew Baum, Chris McManus, Stanton Newman, Kenneth Wallston, John Weinman, Robert West, 2007-08-23 Health psychology is a rapidly expanding discipline at the interface of psychology and clinical medicine This new edition is fully reworked and revised offering an entirely up to date comprehensive accessible one stop resource for clinical psychologists mental health professionals and specialists in health related matters There are two new editors Susan Ayers from the University of Sussex and Kenneth Wallston from Vanderbilt University Medical Center The prestigious editorial team and their international interdisciplinary cast of authors have reconceptualised

their much acclaimed handbook The book is now in two parts part I covers psychological aspects of health and illness assessments interventions and healthcare practice Part II covers medical matters listed in alphabetical order Among the many new topics added are diet and health ethnicity and health clinical interviewing mood assessment communicating risk medical interviewing diagnostic procedures organ donation IVF MMR HRT sleep disorders skin disorders depression and anxiety disorders

Psychology Serving Humanity: Proceedings of the 30th International Congress of Psychology Saths Cooper, Kopano Ratele, 2014-06-27 This is the second of two volumes collecting the key proceedings of the 30th International Congress of Psychology the first to be held in Africa in the 123 years of its history The theme of the conference was Psychology Serving Humanity a recognition of psychology's unfulfilled mission in the majority world and a reflection of what that world requires from psychology Mainstream Psychology finds its largest number of exponents and leading personalities in the high income countries of the global West The Other Psychologies referred to by different names are scattered across the rest of the world Some of the names of these other forms of Psychology include indigenous Psychology The main driver of indigenous and other forms of non mainstream Psychology is the endeavour to embed the discipline in the dynamics of local societies Psychology has entered an interesting era however While the dominant philosophy underpinning the discipline remains Western Psychology in the majority world in 2000s may have reached a tipping point It took over a hundred years but the 2004 and 2012 International Congresses of Psychology held in China and South Africa heralded a newfound possibility for the discipline There is an opening of the field to potentially new thought and forms of the practice of Psychology These proceedings are published in the hope that all psychologists especially those located in well resourced institutions in the West confront the divided reality that characterizes Psychology so as to creatively consider the opportunity opened up by the growing field at the peripheries Care was taken when assembling both conference and proceedings to ensure that the entire international psychological community was represented Volume One contains contributions to Majority World Psychology Volume Two contains contributions to Western Psychology

Disliked Practices Nicolas Rohde, 2010 In recent years the concept of organizational practices has become increasingly popular in organization studies The focus of research that follows a practice approach is on the actual activities in organizations as opposed to prescribed procedures or standardized routines This book is about a hitherto neglected category of practice namely disliked practices in organizations On the basis of an empirical study in three German companies the author reveals how continuous practicing of disliked practices results in a discrepancy between practitioners and their practices This stands in contrast to previous literature which understands practices as being exclusively positive and in which the consent of the practitioner to their practices is generally assumed Based on the findings from the inductive study the author develops a Theory of Disliked Practices which explicates findings about the nature and the evolvment of disliked practices and the negative effects of disliked practices on practitioners and organizational functioning This book addresses researchers lecturers students and all those interested in

organization studies and related disciplines such as industrial organizational psychology and sociology The results of the study have significant implications for practice theory and methodology Moreover the theoretical model presented in this book provides a valuable basis for further research Beyond that the book will be insightful for managers and consultants who strive to improve the well being of employees and overall organizational functioning Essential Notes in Psychiatry Victor Olisah,2012-04-27 Psychiatry is one of the major specialties of medicine and is concerned with the study and treatment of mental disorders In recent times the field is growing with the discovery of effective therapies and interventions that alleviate suffering in people with mental disorders This book of psychiatry is concise and clearly written so that it is usable for doctors in training students and clinicians dealing with psychiatric illness in everyday practice The book is a primer for those beginning to learn about emotional disorders and psychosocial consequences of severe physical and psychological trauma and violence Emphasis is placed on effective therapies and interventions for selected conditions such as dementia and suicide among others and the consequences of stress in the workplace The book also highlights important causes of mental disorders in children
