Preventing Crime In America And Japan A Comparative Study:

Preventing Crime in America and Japan Robert J. Thornton,1992 *Preventing Crime in America and Japan* Robert Y. Thornton,Katsuya Endō,1992 This in depth comparative study is the product of a four year cross cultural examination of crime and delinquency prevention methods and strategies in America and Japan The sister cities of Salem Oregon and Kawagoe Saitama are used as case studies Among the topics studied are policing citizen involvement elementary and secondary education the treatment of juvenile delinquency controlling illicit drugs and the penal and correctional systems The significance of historical ethnological and cultural factors are considered in the comparison of the two societies **The Japanese Police System Today: A Comparative Study** L. Craig-Parker,2015-02-12 What role do their respective police systems play in the very different crime rates of Japan and the United States This study draws on direct observation of Japanese police practices combined with interviews of police officials criminal justice practitioners legal scholars and private citizens It compares many Japanese police practices side by side with U S police practices and places the role of the police in the broader cultural and historical Japanese framework *Japan as a Low-Crime Nation* D. Leonardsen,2004-08-20 Criminologists have despaired that modernization and crime are inseparable The more modern we become the more criminal Japan has long been seen as an exception to the rule The reasons for this however have not been well understood In this book the independent value of culture is explored to reveal new insights The author finds that while it remains the case that crime reduction may come at some cost to individual autonomy the West can learn from Japan to reduce the social harm of too much freedom Instead of endless crime prevention programs through social engineering policy makers could pay more attention to sociological insights concerning responsibility obligations and collective identities [The SAGE Handbook of Modern Japanese Studies](#) James D Babb,2014-12-15 A welcome addition to any reading list for those interested in contemporary Japanese society Roger Goodman Nissan Professor of Modern Japanese Society University of Oxford I know no better book for an accessible and up to date introduction to this complex subject than The SAGE Handbook of Modern Japan Studies Hiroko Takeda Associate Professor Organization for Global Japanese Studies University of Tokyo Pioneering and nuanced in analysis yet highly accessible and engaging in style Yoshio Sugimoto Emeritus Professor La Trobe University The SAGE Handbook of Modern Japanese Studies includes outstanding contributions from a diverse group of leading academics from across the globe This volume is designed to serve as a major interdisciplinary reference work and a seminal text both rigorous and accessible to assist students and scholars in understanding one of the major nations of the world James D Babb is a Senior Lecturer in the School of Geography Politics and Sociology at Newcastle University **The Japanese Way of Justice** David Ted Johnson,2002 The major achievements of Japanese criminal justice are thus inextricably intertwined with its most notable defects and efforts to fix the defects threaten to undermine the accomplishments BOOK JACKET

Different Responses to Violence in Japan and America John P. J. Dussich,2001 This is perhaps the only book that

deals with the differences between response to violence in Japan and America quantitatively and it is the only book that is written jointly by experts in the two countries *The Blackwell Companion to Criminology* Colin Sumner, 2008-04-15 The Blackwell Companion to Criminology provides a contemporary and global resource to scholarship in both classical and topical areas of criminology Written accessibly and with its international perspective and first rate scholarship this is truly the first global handbook of criminology Editors and contributors are international experts in criminology offering a comparative perspective on theories and systems Contains full discussion of key debates and theories the implications of new topics studies and ideas and contemporary developments Coverage includes class gender and race criminal justice juvenile delinquency punishment mass media international crimes and social control *Handbook of Crime Prevention and Community Safety* Nick Tilley, 2013-05-13 This book provides a comprehensive authoritative and wide ranging account of the background theory and practice of crime prevention and community safety It will be essential reading for anybody with interests in these fields and will be the major work of reference on this subject for those engaged in the practice study or teaching of crime prevention The book provides a detailed overview of the main theories and perspectives informing crime prevention policy and practice and includes chapters covering efforts to address a number of the main types of crime problem It also includes chapters relating to research methodologies used in conducting and evaluating crime prevention initiatives *Crime in Japan* Laura Bui, David P. Farrington, 2019-04-03 This book reviews research on psychology and crime in Japan and compares the findings with similar research conducted in Western industrialised countries It examines explanations for crime and antisocial behaviour in Japan using research and theories from a psychological perspective Topics covered include cultural explanations developmental and life course criminology family violence and family risk factors youth crime and early prevention school factors and bullying mental disorders biosocial factors psychopathy and sexual offending In some parts it challenges and refines the prevailing belief that Japan is a society characterised by low crime and little antisocial behaviour This original project is the most up to date work on crime in Japan and advances the important field of psychological criminology *The Handbook of Knowledge-Based Policing* Tom Williamson, 2008-04-30 Recent trends within community policing suggest that the next generation of community policing will be more knowledge based involving a shift toward a problem oriented and strategic use of information as a basis for management and better use of police resources The Handbook of Knowledge Based Policing examines how knowledge based policing can improve the effectiveness equity and efficiency of community policing With contributions from a mix of academics and practitioners this volume Critically evaluates the effectiveness of community policing in seven countries Discusses intelligence led policing and the emergence of knowledge based policing Examines the impact knowledge based policing will have on policing initiatives Discussions are set firmly within the context of current debates on risk and the risk society the broadening or narrowing of the police role the importance of networks and governance and regulation This comprehensive collection identifies the factors that will shape

the next generation of Community Policing It is a must have resource for researchers and students of policing policy makers and police officers It will also be of interest to the growing number of people actively involved in crime and disorder partnerships

Policing Across the World R.I. Mawby, 2013-04-15 This wide ranging text provides an overview of policing across different societies and considers the issues facing the US and British police in a wider international context The book is designed as a coherent introduction to the police

Cultural Criminology Unleashed Jeff Ferrell, Keith Hayward, Wayne Morrison, Mike Presdee, 2016-04-15 This book brings together cutting edge research across the range of meanings of the term cultural A landmark text on the crime culture nexus its editors and authors include the leading exponents of cultural criminology on both sides of the Atlantic

Going to Court to Change Japan Patricia G Steinhoff, 2014-01-03 Examines the relationship between social movements and the law in bringing about social change in Japan

Crime and Justice in Contemporary Japan Jianhong Liu, Setsuo Miyazawa, 2017-12-15 This book provides an important overview of key criminology and criminal justice concerns in Japan It highlights similarities between the practice of criminology research in Japan as well as important differences with other areas of Asia and with the West In previous decades Japan attracted international attention as the only industrialized country where the crime rate declined along with a rise in urbanization and economic development Currently Japan still enjoys a declining crime rate the lowest among major industrialized countries and a study of criminal justice practices in Japan may provide important insights for other regions Japan also experiences important contemporary challenges which are shared by other regions

- 1 Japan has the highest proportion of people over the age of 60 in the world For criminology this means key challenges in the victimization of older people as well as the challenges of an aging prison population
- 2 Besides the United States Japan is the only developed country that still practices capital punishment and its rate has been on the rise in the past 20 years
- 3 Japan has also introduced new reforms in its law practice including the introduction of new trial formats

The research in this book provides a helpful overview for scholars interested in criminology and criminal justice in Japan to understand the key issues of concern and present a framework for future research needs It will be of interest to researchers in criminology and criminal justice international studies Asian Studies sociology and political science

International Journal of Comparative and Applied Criminal Justice , 1992

Gangs and Youth Subcultures Kayleen Hazlehurst, Cameron Hazlehurst, 2018-01-16 Gangs are growing in many different social economic and political environments coupled with an alarming breakdown of public order Failures to contain or reduce gang crime in European Asian South American African and North American cities may be symptoms of fundamental problems threatening the fabric of many societies The spread of gangs to suburbia and remote locations is a palpable worldwide threat But despite nearly a century of scholarly inquiry into street gangs and youth subcultures no single work systematically reflects on comparative international experiences with gangs

Gangs and Youth Subcultures takes up this challenge Kayleen Hazlehurst and Cameron Hazlehurst argue that theories of gang behavior in immigrant communities and

the influence of transnational crime syndicates are better tested in more than one host society Similar phenomena would be better understood if placed in a comparative context To this purpose the editors assembled expert scholars and policy advisers from North America Europe South Africa and Australasia Gangs and Youth Subculture lays the groundwork for an explanation of why gangs continue to grow in strength and influence and why they have spread to remote locations Kayleen Hazlehurst and Cameron Hazlehurst present new findings and innovative preventive strategies in a clear concise fashion No other work brings together experts on gangs and youth subcultures from so many countries As such this trailblazing book will interest scholars and teachers of criminology and sociology justice system administrators as well as law enforcement officers and youth workers internationally

Linking Community and Corrections in Japan Elmer Hubert Johnson, Carol H. Johnson, 2000 COMPLETING ELMER H JOHNSON S impressive three volume examination of corrections in Japan *Linking Community and Corrections in Japan* written with the assistance of Carol H Johnson focuses on the Rehabilitation Bureau s responsibilities regarding probation parole and aftercare as well as the Correction Bureau s role in Japan s version of community oriented corrections In *Linking Community and Corrections in Japan* Johnson first outlines the tasks of the Rehabilitation Bureau then turns to historic and contemporary views of community and corrections In discussions of the probation and parole system for both adults and juveniles he describes in detail the Japanese version of supervision and the return of prisoners to the community One strength of this study is Johnson s impartiality As an investigator he functions as a friend of the court an adviser who is free to conduct an objective pursuit of the fundamental strengths and shortcomings of the Japanese prison system He also follows the Foucauldian dictum With the prisons there would be no sense of limiting oneself to discourses about prisons just as important are the discourses which arise within the prison the decisions and regulations which are among its constituent elements its means of functioning along with its strategies Johnson provides sixty tables two charts and nineteen black and white illustrations

Japanese Economic Studies ,1992 [The Handbook of White-Collar Crime](#) Melissa L. Rorie, 2019-11-12 A comprehensive and state of the art overview from internationally recognized experts on white collar crime covering a broad range of topics from many perspectives Law enforcement professionals and criminal justice scholars have debated the most appropriate definition of white collar crime ever since Edwin Sutherland first coined the phrase in his speech to the American Sociological Society in 1939 The conceptual ambiguity surrounding the term has challenged efforts to construct a body of science that meaningfully informs policy and theory The Handbook of White Collar Crime is a unique re framing of traditional discussions that discusses common topics of white collar crime who the offenders are who the victims are how these crimes are punished theoretical explanations while exploring how the choice of one definition over another affects research and scholarship on the subject Providing a one volume overview of research on white collar crime this book presents diverse perspectives from an international team of both established and newer scholars that review theory policy and empirical work on a broad range of topics Chapters explore the

extent and cost of white collar crimes individual as well as organizational and macro level theories of crime law enforcement roles in prevention and intervention crimes in Africa and South America the influence of technology and globalization and more This important resource Explores diverse implications for future theory policy and research on current and emerging issues in the field Clarifies distinct characteristics of specific types of offences within the general archetype of white collar crime Includes chapters written by researchers from countries commonly underrepresented in the field Examines the real world impact of ambiguous definitions of white collar crime on prevention investigation and punishment Offers critical examination of how definitional decisions steer the direction of criminological scholarship Accessible to readers at the undergraduate level yet equally relevant for experienced practitioners academics and researchers The Handbook of White Collar Crime is an innovative substantial contribution to contemporary scholarship in the field
