Prevention And Treatment Of Hiv Infection In Infants And Children

Bernard L. Maria

Prevention And Treatment Of Hiv Infection In Infants And Children:

Prevention and Treatment of HIV Infection in Infants and Children Arthur J. Ammann, Arye Rubinstein, 2000
Perinatal use of Zidovudine AZT and other treatments have reduced the rate of HIV infected infants to a few hundred per year in developed nations in emerging nations 1600 infants are born at risk to HIV every day A future generation of children with HIV can be prevented now by delivering known interventions on more economical society specific levels This volume combines the proceedings of two conferences The Global Conference on the Prevention of AIDS Transmission from Mothers to Infants concentrated on social political and cultural forces in the epidemiology of HIV Workshop panels offered interventions specific to the cultures and infrastructures of Haiti India Brazil Barbados Thailand and eight other developing countries A satellite conference focused on the clinical aspects of maternofetal infant and paediatric AIDS The summary proceedings offer international health agencies working models of culture sensitive realistic intervention programmes for countries most at risk

Nevirapine and the Quest to End Pediatric AIDS Rebecca J. Anderson, 2014-01-07 In 1999 investigators announced that a single dose of nevirapine a new antiviral drug could stop the spread of the AIDS virus from infected mothers to their newborn babies It was a discovery that changed the face of AIDS globally but it came at a high price after years of scientific research political conflict social unrest and the loss of many thousands of lives This book is the historical account of pediatric AIDS from the first reported cases in the early 1980s to the first effective treatments in the 1990s and then to the prevention of HIV infections altogether It also includes the firsthand accounts and experiences of children infected with HIV their families and

the physicians who treated them as well as the scientists who sought to understand the virus discovered nevirapine's unique properties and worked tirelessly to get it to the patients who needed it
