A collection of articles and talks written around a central theme the fundamental structure of Christianity Catholicism the inter relationship of other forms of Christianity the features that distinguish Catholicism from other Christian theologies Ratzinger outlines the fundamental principles of theology and the proper relationship of theology to Church teaching and authority **Ontological and Historical Dimensions of Salvation According to Joseph**

Ratzinger Isabel C. Troconis,2025-07-24 For Joseph Ratzinger the separation between ontology and history constitutes the crucial problem that underlies all the difficulties of contemporary dogmatic theology since it affected the original unity of two essential dimensions of Christian revelation This study delves into Joseph Ratzinger s approach to the problem his account of the path that led to this separation and into some key insights drawn from his understanding of human salvation that could contribute to overcoming this dichotomy that afflicts contemporary theology Through the study of Joseph Ratzinger s writings Troconis highlights the relational and existential character of the theology of one of the best known and most influential Catholic thinkers of our time **Ratzinger: Apologetics for (not only) Our Time** Krzysztof Kaucha,2024-06-17

Defending Christianity in our time became unpopular private shy and poor Catholic fundamental theology officially responsible for defending faith on behalf of the Catholic Church is aware of being in crisis crisis of identity and content and popularity It needs a new overall structure a new point of departure and a new spirit It was offered by Joseph Ratzinger Krzysztof Kaucha declares Almost everything that has been recently used to undermine the Christian faith and Christianity is used by Ratzinger to defend Christianity Kaucha offers over a dozen arguments for Christianity based on Ratzinger s writings and his original thinking the Christian axiom as an argument for Christianity Jesus Christ as the proof of the existence of God Divine Revelation as an unending proof of God s existence the alternative argument the argument from definitive novelty the argument from the absence of someone greater than Jesus argument from truth the anthropological argument the argument from forgiveness the argument from reason the argument from faith Ratzinger s wager in analogy to the famous Pascal s wager the argument from the whole truth many times very painful for Christians about Christianity the argument from the whole truth many times very shameful for Catholics about the Church comparative argument no 1 Christianity versus other Religions comparative argument no 2 Christianity versus the ever more secularized world **Gift to the Church and**

World John C. Cavadini,Donald Wallenfang,2021-03-22 Few books in theology have faced the twentieth century with all its

horrors and yet convincingly revoiced the redemptive Christian antidote that compels us to reawaken to our true identity as beloved children of God Joseph Ratzinger's 1968 masterpiece *Introduction to Christianity* is one of those rare books. On the fiftieth anniversary of this classic book's publication, English-speaking scholars from around the globe gathered at the University of Notre Dame to celebrate Ratzinger's lasting influence on the world of Christian theology. Bishops, priests, and laymen and women set their hands to the trowel of tribute honoring the theological legacy of Joseph Ratzinger and the pivotal role he has played in the recent history of the Catholic Church, from his early days as a parish priest and university professor all the way to his election to the Chair of Saint Peter as Pope Benedict XVI. Readers of this collection, *Gift to the Church and World*, will enjoy the beautiful variety of essays penned by notable scholars that decorate the timeless insights of Ratzinger's theological genius. Thematic topics include an overview and context of Ratzinger's work, fundamental theology, philosophical theology, dogmatic theology, spiritual theology, and pedagogy. Altogether, readers will deepen their appreciation and understanding of the theological contributions of Joseph Ratzinger to the mission field of the New Evangelization today.

The *T T Clark Companion to Henri de Lubac* introduces the life and writings of one of the most influential theologians of the 20th century. A highly controversial figure throughout the 1940s and 50s, Henri de Lubac (1896-1991) played a prominent role during the Second Vatican Council and was appointed cardinal by Pope John Paul II in 1983. His work, which covers an impressive range of theological, philosophical, and historical inquiries, has left an indelible mark on modern Christian thought. This volume, including contributions from leading Catholic, Protestant, and Anglican scholars of de Lubac's work, introduces readers to the key features of his theology. By placing de Lubac's writings in both their immediate context and in conversation with contemporary theological debates, these essays shed light on the theological ingenuity and continuing relevance of this important thinker.
