## **Print Journalism A Critical Introduction:**

Print Journalism Richard Keeble, 2005-11-23 Print Journalism provides an up to date overview of the skills needed to work within the newspaper and magazine industries This critical approach to newspaper and magazine practice highlights historical theoretical ethical and political debates and includes tips on the everyday skills of newspaper and magazine journalists as well as tips for online writing and production Crucial skills highlighted include sourcing the news interviewing sub editing feature writing and editing reviewing designing pages pitching features In addition separate chapters focus on ethics reporting courts covering politics and copyright whilst others look at the history of newspapers and magazines the structure of the UK print industry including its financial organization and the development of journalism education in the UK helping to place the coverage of skills within a broader critical context All contributors are experienced practicing journalists as well as journalism educators from a broad range of UK universities The 21st Century Journalism Handbook Tim Holmes, Sara Hadwin, Glyn Mottershead, 2014-09-19 Set against the background of the fundamental issues facing the industry today The 21st Century Journalism Handbook is a comprehensive guide to the core principles and practices essential to the modern journalist Convergence online the growth of magazine formats challenges presented by technology and new demands in news and feature writing are all covered from conceptual and practical perspectives A thorough grounding in the key debates and techniques is provided while clear no nonsense practical advice helps you develop your journalism skills and make a success of your studies and career Key Features A combination of professional insight academic study and practical exercises allows you to develop at your own pace Thinking it through activities at the end of each chapter allow you to think over the topics discussed and to think about how you could apply these skills Case studies and Closer Look boxes explore real life examples in more depth Key points to remember and chapter summaries highlight the essential things you need to know Comprehensive but digestible coverage of the key elements of ethics regulation and law ensures you are fully equipped with the essential frameworks for informed practice With an emphasis on developing the whole journalist a creative and visual reporter who can think across different platforms this text is ideal for all for journalism students training in newspapers magazines and online reporting **Journalism Studies: The Basics** Martin Conboy, 2013-03-05 Journalism Studies The Basics provides an introductory overview of the emerging field of Journalism Studies discussing key issues and contemporary debates Drawing on Conboy s extensive experience in the field the changing nature of journalism and its future directions are addressed through chapters covering the history and development of Journalism Studies how journalists are created through training and education changing research methods and processes in journalism the impact of the end product in wider society global perspectives on journalism technology and the future of the discipline Situated within a fast growing and dynamic field of study this engaging introduction will be valuable reading for students of journalism media and communication along with those seeking to develop a broader understanding of contemporary journalism Newspaper

Journalism Peter Cole, Tony Harcup, 2009-11-13 Are newspapers faced with an existential threat or are they changing to meet the challenges of a digital world With the newspaper's role in a state of fundamental redefinition Newspaper Journalism offers a timely and up to the minute analysis of newspapers today in the context of their historical importance to society Drawing on their extensive experience in academia and also across local national mainstream and alternative newspapers Cole and Harcup write clearly and engagingly from both industry and scholarly perspectives and contend that far from dying newspapers are doing what they have always done adapting to a changing environment This text is essential reading for all students of the press with comprehensive and critical coverage of the most important debates in the study of newspaper journalism from ethics and investigative journalism to political economy and the future of the industry Given the shifting boundaries and central importance of newspapers it will be of interest to all students of journalism and the media Praise for the Journalism Studies Key Texts series It is easy to describe a good textbook for a specific journalistic format The ideal book has to satisfy a list of requirements that are also bullet pointed in journalism assignment outlines A text has to synthesize the existing body of knowledge explain concepts clearly have a logical order of topics and provide enough information and directions to pursue further study One may also hope it would include real life examples and be lucid vivid and a pleasure to read Hard to find Not anymore The new SAGE series Journalism Studies Key Texts satisfies the main requirements on the list Carefully planned and meticulously edited by Martin Conboy David Finkelstein and Bob Franklin the textbook series is a welcome contribution to the literature of journalism studies All three books follow the same structural template an overview of historical development explication of the political and economic frameworks within particular types of journalism a review of contemporary practices social demographics a comparative analysis of practices around the world a summary of main conceptual approaches an indication of future directions recommendations for further reading This strong organization resembles a template for a course outline This is intentional because the series is aimed both at students and their practice based lecturers who often come straight from industry and need time to adjust to the academic environment The series achieves its aim to bridge the sometimes too evident dissonance between journalism theory and practice They successfully situate discussions about journalism in social and historical contexts We see the faces of individual journalists the circumstances of news production the relationship with owners the battle between the public service and the profit nature of news the relevance of journalism work The detailed account of the conditions under which newspaper radio and alternative journalism is produced and performed make the Journalism Studies Key Texts series mandatory reading for both journalism students and their lecturers Verica Rupar Journalism Studies Web Journalism: Sean Tunney, 2009-12-03 Provides an analytical account of the implications of interactive participation in the construction of media content This work seeks to critically assess Internet news production It is suitable for those engaged in the debate over Web reporting and citizen journalism *The Newspapers Handbook* Richard Keeble, Ian Reeves, 2014-08-21 This new edition of The Newspapers

Handbook presents an enlightening examination of an ever evolving industry engaging with key contemporary issues including reporting in the digital age and ethical and legislative issues following the hacking scandal to display a comprehensive anatomy of the modern newsroom Richard Lance Keeble and Ian Reeves offer readers expert practical advice drawing on a wide range of examples from print and digital news sources to illustrate best practice and the political technological and financial realities of newspaper journalism today Other key areas explored include the language of news basic reporting the art of interviewing feature writing the role of social media in reporting investigative reporting court reporting reporting on national and local government guidance on training and careers for those entering the industry

*The Routledge Companion to Media and Tourism* Maria Månsson, Annæ Buchmann, Cecilia Cassinger, Lena Eskilsson, 2020-07-07 The Routledge Companion to Media and Tourism provides a comprehensive overview of the research into the convergence of media and tourism and specifically investigates the concept of mediatized tourism This Companion offers a holistic look at the relationship between media and tourism by drawing from a global range of contributions by scholars from disciplines across the humanities and social sciences The book is divided into five parts covering diverse aspects of mediatization of tourism including place and space representation cultural production and transmedia It features a comprehensive theoretical introduction and an afterword by leading scholars in this emerging field delving into the ways in which different forms of media content and consumption converge and the consequential effects on tourism and tourists The collection is an invaluable resource for students and scholars of tourism studies cultural studies and media and communication as well as those with a particular interest in mediatization convergence culture and contemporary culture

*Feminism, UK Women's Magazines and the Women who Created Them, 1975-1992* Sharon Maxwell Magnus, 2025-06-30 This book analyses how reproductive rights and sexual freedoms the political sphere women's role in the workplace and sexual violence were positioned and depicted by three magazines with very different demographics Spare Rib Cosmopolitan and Woman's Own The 1970s and 1980s were a time of enormous cultural shifts for women The rise of the feminist Women's Liberation Movement ground breaking equality legislation and greater reproductive freedoms impacted on most women's lives in a plethora of ways However until now there has been little attention to how those changes were disseminated to and framed within women's media This is because most media of the period were run by men for men and focused on men's lives However within women's magazines the changes in women's lives and feminism itself were framed debated and contested This volume features unique interviews with the influential women who produced the magazines Spare Rib Cosmopolitan and Woman's Own and who give insights into the national and international events ideologies and constraints which impacted on their content creation This book will be of great value to contemporary historians students of gender and cultural studies media scholars and those who are interested in finding out how feminism influenced their parents and their own generation

**Reporting for Journalists** Chris Frost, 2010-06-10 Reporting for Journalists explains the key skills needed by the twenty

first century news reporter It is an essential handbook for students of journalism and a useful guide for working professionals

**Doing News Framing Analysis II** Paul D'Angelo, 2018-05-11 This volume presents original big picture perspectives on news framing Each chapter in this volume will feature an individual or team of framing analysts who take a reflective look at their own empirical work The editors goals are to identify the influences that determine the use of different theoretical and methodological approaches and to provide interpretive guides to news framing scholars regarding what news frames are how they can be observed in news texts and how framing effects are uncovered and substantiated in cultural group and individual sites Doing News Framing Analysis II will continue the work of its predecessor by giving talented framing scholars the space to write about their work and bring readers closer to the framing research project Chapter 9 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com>
