The Society of Prisoners Renaud Morieux, 2019-10-03 In the eighteenth century, as wars between Britain, France, and their allies raged across the world, hundreds of thousands of people were captured, detained, or exchanged. They were shipped across oceans, marched across continents, or held in an indeterminate limbo. *The Society of Prisoners* challenges us to rethink the paradoxes of the prisoner of war, defined at once as an enemy and as a fellow human being whose life must be spared. Renaud Morieux redefines how we understand the notion of what a prisoner of war was before international legal and social conventions were introduced in the eighteenth century: the distinction between a prisoner of war, a hostage, a criminal, and a slave was not always clear-cut. Morieux then uses war captivity as a lens through which to observe the eighteenth-century state, how it transformed itself, and why it endured. In so doing, he invites the reader to trace the history of the prisoners via a journey between Britain, France, the West Indies, and St. Helena.

Introduction to Criminal Justice Kenneth J. Peak, Pamela M. Everett, 2015-12-08 *Introduction to Criminal Justice: Practice and Process*, Second Edition, uses a proven problem-based learning approach to enhance the critical thinking and analytic skills of students. Best-selling authors Kenneth J. Peak and Pamela M. Everett explain the importance of criminal justice and show students how key trends, emerging issues, historical background, and practical lessons apply to their future careers. Students learn core topics: policing, corrections, criminal behavior, criminal law, and courts, as well as special topics such as ethics, juvenile justice, terrorism, and the changing war on drugs. While learning how to solve problems they are likely to face as criminal justice practitioners, they are packed with new examples and drawing on the authors' years of experience in the field, this student-friendly book offers a palpable real-world flavor typically missing in other texts for the course.

Creating Criminals Vivien Stern, 2013-07-18 Market society is producing more crime around the world. More acts are being defined as crimes. Ever-increasing numbers of people are classified as criminals, and more are being locked up in prison. With globalization, the crime and punishment problem is no longer insulated from pressures beyond national borders. The rich may retreat behind their expensive security into gated communities, but the poor are more and more at the mercy of criminals and corrupt policing. Yet Vivien Stern argues the trends towards more criminalization and more imprisonment are not making for more effective crime control or safer communities. This important book demonstrates that the prospects for the future are serious unless NGOs and reformers join in a new movement for reform that gives more control of justice policy back to communities and neighbourhoods.
