Prison Notes:

Bhagat Singh's Jail Note Book Malwinder Jit Singh Waraich, Harish Jain, 2016-06-01 Shaheed Bhagat Singh's Jail Notebook opens a window into his exploration of ideas of distinguished thinkers and philosophers Well known among his comrades as an avid and voracious reader Bhagat Singh managed to procure during his imprisonment in jail a large number of selected books by prominent authors of his choice The excerpts notes and quotes from those books which he wrote down in his jail notebook reflected not only the seriousness with which he studied the books but also his intellectual sophistication and social and political concerns However the perfunctory reference to the sources or books from which these notes and quotes were taken left a rather perplexing question mark with regard to the authentic source i e from exactly which editions of which books by which particular authors were these taken As a result fantastic claims and wild speculations came to be made by admiring scholars as to the number of books and the kind of original works of great thinkers that Bhagat Singh was able to study in the jail As a sequel to that the present work Bhagat Singh's Jail Note Book Its Context and Relevance by Harish Jain represents an exceptionally tenacious and laborious search and research into the specific and authentic sources of the particular notes and quotes entered in the Jail Notebook The story of the author's exploration for over a decade searching and identifying books by following astute guesses and hunches and rummaging through many likely or probable books accessible at that time many of which were not easily available now makes a fascinating reading Contextualising the importance and reach of the ideas of the various authors in those times helps one to understand why they might have appeared significant to Bhagat Singh Besides discussing the ideas central to the books he read attempt has been made here to explain the import of the quotes he chose to copy A unique work of its kind this study is both enriching and a pleasure to read

Select Notes Mary Abby Thaxter Peloubet, 1908 Prison Worlds Didier Fassin, 2016-11-02 The prison is a recent invention hardly more than two centuries old yet it has become the universal system of punishment How can we understand the place that the correctional system occupies in contemporary societies What are the experiences of those who are incarcerated as well as those who work there To answer these questions Didier Fassin conducted a four year long study in a French short stay prison following inmates from their trial to their release He shows how the widespread use of

imprisonment has reinforced social and racial inequalities and how advances in civil rights clash with the rationales and practices used to maintain security and order He also analyzes the concerns and compromises of the correctional staff the hardships and resistance of the inmates and the ways in which life on the inside intersects with life on the outside In the end the carceral condition appears to be irreducible to other forms of penalty both because of the chain of privations it entails and because of the experience of meaninglessness it comprises Examined through ethnographic lenses prison worlds are thus both a reflection of society and its mirror At a time when many countries have begun to realize the impasse of mass incarceration and question the consequences of the punitive turn this book will provide empirical and theoretical tools to reflect on the meaning of punishment in contemporary societies Prisoners' Rights John Kleinig, 2017-07-05 This volume brings together a selection of the most important published research articles from the ongoing debate about the moral rights of prisoners The articles consider the moral underpinnings of the debate and include framework discussions for a theory of prisoners rights as well as several international documents which detail the rights of prisoners including women prisoners Finally detailed analysis of the moral bases for particular rights relating to prison conditions covers areas such as health solitary confinement recreation work religious observance library access the use of prisoners in research and the disenfranchisement of prisoners **A Paraphrase on the New Testament, with Notes, Doctrinal and Practical ... To which is Added Mr. Baxter's Account of His Notes on Some Particular Texts, for which He was Imprisoned. A New Edition, Revised and Corrected ,1810**
