Prison Of Grass Canada From Native Point:

Prison of Grass, 1979 *Prison of Grass* Howard Adams, 1989 Originally published in 1975 this important book is now back in print in a revised and updated edition Since its first publication it has become a classic of revisionist history Bringing a Native viewpoint to the settlement of the West Howard Adams' book shook its readers What Native people had to say for themselves was quite different from the convenient picture of history that even the most sympathetic books by white authors had presented Until Adams' book the cultural historical and psychological aspects of colonialism for Native people had not been explored in depth In *Prison of Grass* Adams objects to the popular historical notion that Natives were warring savages without government seeking to be civilized He contrasts the official history found in the federal government's documents with the unpublished history of the Indian and Metis people In this new edition Howard Adams brings the latest statistics to bear on his arguments and provides a new Preface

Recovering Canada John Borrows, 2017-06-22 Canada is covered by a system of law and governance that largely obscures and ignores the presence of pre-existing Indigenous regimes Indigenous law however

has continuing relevance for both Aboriginal peoples and the Canadian state In his in depth examination of the continued existence and application of Indigenous legal values John Borrows suggests how First Nations laws could be applied by Canadian courts and tempers this by pointing out the many difficulties that would occur if the courts attempted to follow such an approach By contrasting and comparing Aboriginal stories and Canadian case law and interweaving political commentary Borrows argues that there is a better way to constitute Aboriginal Crown relations in Canada He suggests that the application of Indigenous legal perspectives to a broad spectrum of issues that confront us as humans will help Canada recover from its colonial past and help Indigenous people recover their country Borrows concludes by demonstrating how Indigenous peoples law could be more fully and consciously integrated with Canadian law to produce a society where two world views can co exist and a different vision of the Canadian constitution and citizenship can be created *Canada's Other Red Scare* Scott Rutherford, 2020-12-17 Indigenous activism put small town northern Ontario on the map in the 1960s and early 1970s Kenora Ontario was home to a four hundred person march popularly called Canada's First Civil Rights March and a two month long armed occupation of a small lakefront park Canada's Other Red Scare shows how important it is to link the local and the global to broaden narratives of resistance in the 1960s it is a history not of isolated events closed off from the present but of decolonization as a continuing process Scott Rutherford explores with rigour and sensitivity the Indigenous political protest and social struggle that took place in Northwestern Ontario and Treaty 3 territory from 1965 to 1974 Drawing on archival documents media coverage published interviews memoirs and social movement literature as well as his own lived experience as a settler growing up in Kenora he reconstructs a period of turbulent protest and the responses it provoked from support to disbelief to outright hostility Indigenous organizers advocated for a wide range of issues from better employment opportunities to the recognition of nationhood by using such tactics as marches cultural production community organizing journalism and armed occupation They drew inspiration from global currents from black American freedom movements to Third World decolonization to challenge the inequalities and racial logics that shaped settler colonialism and daily life in Kenora Accessible and wide reaching Canada's Other Red Scare makes the case that Indigenous political protest during this period should be thought of as both local and transnational an urgent exercise in confronting the experience of settler colonialism in places and moments of protest when its logic and acts of dispossession are held up like a mirror Buffalo Shout, Salmon Cry Steve Heinrichs, 2013-06-19 How can North Americans come to terms with the lamentable clash between indigenous and settler cultures faiths and attitudes toward creation Showcasing a variety of voices both traditional and Christian native and non native Buffalo Shout Salmon Cry offers up alternative histories radical theologies and poetic life giving memories that can unsettle our souls and work toward reconciliation This book is intended for all who are interested in healing historical wounds of racism stolen land and cultural exploitation Essays on land use creation history and faith appear among poems and reflections by people across ethnic and religious divides The writers do

not always agree in fact some are bound to raise readers defenses But they represent the hard truths that we must hear before reconciliation can come Many who read Buffalo Shout Salmon Cry are wondering How can I respond Paths for Peacemaking with Host Peoples is a short document intended to give people tangible ways to act and respond to some of the things learned in Buffalo Shout Salmon Cry Click here to download Free downloadable study guide available here [Royally Wronged](#) Constance Backhouse,Cynthia E. among Métis in northern Alberta and francophones in Montreal by the Cape Breton Development Corporation and by Canadian University Service Overseas in Tanzania. In dialogue with the New Left liberal reformers committed to development programs they believed would empower the poor to confront their own poverty and thereby foster a more meaningful democracy. However, democracy and development proved to be fundamentally contested and development programs stopped short of amending capitalist social relations and the inequalities they engendered. *The Global Politics of Poverty in Canada* explores how Canadians engaged in informal and formal politics in the course of their everyday lives locally and transnationally. Langford provides an enduring record of otherwise fleeting anti-poverty programs and their effects, the lived activism and opinions of development workers and ordinary people.

Imagining Ourselves Daniel Francis, 1994. *Imagining Ourselves* gathers together selections from Canadian non-fiction books that in some way have had a major impact on how we view ourselves as Canadians, revealing how the national identity has been shaped and informed by the written word. Included are selections from such well-known Canadian books as *Wild Animals I Have Known* by Ernest Thomas Seton, *Pilgrims of the Wild* by Grey Owl, *Klee Wyck* by Emily Carr, *The Game* by Ken Dryden, *Renegade in Power* by Peter C. Newman, *Survival* by Margaret Atwood, and *The Last Spike* by Pierre Berton.
