Prison Planet William C. Dietz,2014-04-01 An innocent man fights to escape and exact vengeance in this New York Times bestselling author's riveting science fiction adventure. Convicted of a crime he did not commit, Jonathan Renn is sentenced to life in the Swamp, a prison planet death row in a distant galaxy. Renn only has two choices: escape the Swamp or die in the process. Defending himself from attacks by deadly native monsters and his fellow convicts, Renn is obsessed with escaping the planet and getting his revenge on the people who set him up. Marla Marie Mendez is even more down on her luck. Trapped inside a cybernetic dog and dropped defenseless into the Swamp, Marla can only rely on Renn and her claws to save her from the unfriendly elements. They must find a way out of the Swamp and quickly before their life sentence is cut short.

The Prison Planet Handbook Denis Goodwin,2018-09-28 Who are we and where did we come from? When we turn to the information provided to us, we find a mud pool of possibilities. Is this intended to subvert our built-in guidance systems? We also discover that people who are adept at researching big picture science are offered special jobs conditional on being sworn to secrecy. What is behind this strategy? Sometimes the reality prescribed to us doesn't fit with or explain what we experience. So if you too know something is not quite right, wonder what else is out there, what the bigger picture is, who benefits with us excluded from it, and are ready for changes on Earth, the bottom line is here.

Earth 2.0: Prison Planet William Crow Johnson,2012-08-14 No longer is he Major Alexander Khan of the galactic arm-raging Internal Movement Control; now he is Alexander Khan, criminal, banished to Prison Planet in 2442 by Earth Central Government. The ECG has been dumped naked in a blizzard to die, a punishment for, among other things, distribution of contraband technology, conspiracy to destroy harmony, failure to condemn wrong views, and failure to initiate positive statements. Officially a secret, Prison Planet persists in whispers. Earth, like it, harbors three million transportees, tech suppression satellites, and a surface that the ECG hasn't checked in three hundred years. Khan's survival skills and training kick in as he takes advantage of the natural elements the planet provides. He must find a way back to Earth to avenge his father's death, overturn the ECG, and take down Nathan Fox, the ECG operative who ordered his father's murder. Khan meets the four groups that have developed on Prison Planet, and help in attaining his goal comes from some unexpected sources. He frees a fief's slaves from its lords, escapes Maneaters, and transforms the world of the Techs on the journey to his ultimate mission of bringing freedom to his people. Khan understands that the price of failure is the death of those he loves.

It's the third planet among the 12 Planets the three Tellurians have visited. It doesn't go well. They endure crisis after crisis. When Christiaan mysteriously vanishes while trying to return to Schyllus, Daniel goes in search of him, leaving Hannah all alone on Hyperios for decades. Just as things go from bad to apocalyptic, Daniel eventually finds his dad in a strange solar system in the unknown part of the universe called Eternity, where phantasmal laws prevail. There they encounter a mysterious race of humans called the Vandekirians, who hold answers to the origin and true purpose of the 12 Planets. Meanwhile, in the absence of the three Tellurians, Earth faces unprecedented upheavals as the Travelers from Schyllus face opposition from the 144, but really masterminded by the malevolent Torajii, with catastrophic consequences. And Torajii doesn't stop with Earth. He births new enemies more powerful than himself, enemies who want to make the 12 Planets their playthings. A Shining Portal Leonard J. Griego, 2006-10. An Adventure Science Fiction Love Story. An 83-year-old man on his last hike in the San Juan Mountains of Southern Colorado finds or is led to a Portal into another world. There he encounters two Black Wolves that have been waiting for him. Into his life has come a lovely woman. He first sees her when she is about fourteen, and as she keeps appearing to him in the mountains where he lives, he can watch her grow into a woman. He keeps seeing her in the some small town somewhere. She appears to him by the Portal and she asks him when is he coming for her. After much inner turmoil, he is 83 years old, he finds her, is transformed into the man she has been seeing, a man she has known for a long long time. He takes her back to his strange new world and there begins the process of rediscovering who they really are and who the Wolves are. There they encounter a Horror they have been chasing through time. Through time they remember who they are. They have come to Earth centuries before have been at Troy and with Charlemagne at Roncesvalles and many other battles have become human, living and dying, losing each other many times. Gradually and reluctantly, with the Wolves help, they discover who they are and the reason for their lives, which is to eradicate the Universe of the Black Horror they have been pursuing. The only way to fight them is in hand to hand combat, he is a Swordsman and she is an Archer, and the Wolves have been bred to fight alongside them. The Horror's reason for existence is to cleanse whole planets so their masters can move there. The Monsters have been brought to Earth and the last battle will be there. The final battle begins at Roncesvalles in Northern Spain where he fought in 787, continues in Space and finally on the Tundra of Northern Canada. Carcer Jaron Osiar, 2024-01-18.
