Prisoner In Mexico:

Surviving Mexico's Dirty War Alberto Ulloa Bornemann, 2007 This is the first major book length memoir of a political prisoner from Mexico's dirty war of the 1970s. Written with the urgency of a first person narrative it is a unique work providing an inside story of guerrilla activities and a gripping tale of imprisonment and torture at the hands of the Mexican government. Alberto Ulloa Bornemann was a young idealist when he dedicated himself to clandestine resistance and to assisting Lucio Caba as the guerrilla leader of the Party of the Poor. Here the author exposes readers to the day to day activities of revolutionary activists seeking to avoid discovery by government forces. After his capture Ulloa Bornemann endured disappearance into a secret military jail and later abusive conditions in three civilian prisons. Although testimonios of former political prisoners from other Latin American nations have recently come into print there are very few books about Mexico's political wars and none as vivid and disturbing as this.

Prisons in the Americas in the Twenty-First Century Marten W. Bienen, Jonathan D. Rosen, 2015-04-09 This volume on penitentiary systems in the Americas offers a long overdue look at the prisons that exist at the forefront of the ongoing struggle against drugs and violence throughout North Central and South America and the Caribbean. From Haiti to Bolivia the authors examine the conditions in these systems and allow several common themes to emerge including the alarming prevalence of lengthy pre trial detention and the often abysmal living conditions in these institutions. Taken together this comprises the first comparative overview of the use and abuse of prisons in the Americas.

Comparing Prison Systems Nigel South, Robert P. Weiss, 2014-01-02 This book provides in depth original and critical analyses by leading scholars of the penal systems of 16 nations around the world focusing on changes in social structure culture and punishment since 1975. The Globalization of Supermax Prisons Jeffrey Ian Ross, 2013-02-10 Supermax prisons conceived by the United States in the early 1980s are typically reserved for convicted political criminals such as terrorists and spies and for other inmates who are considered to pose a serious ongoing threat to the wider community to the security of correctional institutions or to the safety of other inmates.

Prisoners are usually restricted to their cells for up to twenty three hours a day and typically have minimal contact with other inmates and correctional staff Not only does the Federal Bureau of Prisons operate one of these facilities but almost every state has either a supermax wing or stand alone supermax prison The Globalization of Supermax Prisons examines why nine advanced industrialized countries have adopted the supermax prototype paying particular attention to the economic social and political processes that have affected each state Featuring essays that look at the U S run prisons of Abu Ghraib and Guantanamo this collection seeks to determine if the American model is the basis for the establishment of these facilities and considers such issues as the support or opposition to the building of a supermax and why opposition efforts failed the allegation of human rights abuses within these prisons and the extent to which the decision to build a supermax was influenced by developments in the United States Additionally contributors address such domestic matters as the role of crime rates media sensationalism and terrorism in each country s decision to build a supermax prison

Human Rights Watch Mexico's National Human Rights Commission , Criminal and Citizen in Modern Mexico Robert Buffington,2000-01-01 Criminal and Citizen in Modern Mexico explores elite notions of crime and criminality from the late eighteenth to the early twentieth century In Mexico these notions represented contested areas of the social terrain places where generalized ideas about criminality transcended the individual criminal act to intersect with larger issues of class race gender and sexuality It was at this intersection that

modern Mexican society bared its soul Attitudes toward race amalgamation and indios lower class lifestyles and l peros women and sexual deviance all influenced perceptions of criminality and ultimately determined the fundamental issue of citizenship who belonged and who did not The liberal discourse of toleration and human rights the positivist discourse of order and progress the revolutionary discourse of social justice and integration sought in turn to disguise the exclusions of modern Mexican society behind a veil of criminality to proscribe as criminal those activities that criminologists penologists and anthropologists clearly linked to marginalized social groups This book attempts to lift that veil and to gaze like Jos Guadalupe Posada at the grinning calavera that it shields
