Prisoners of Society Martin Davies, 2023-10-25 Prison is seen by most people as an inevitable part of the penal system but there is a growing awareness that its effects on offenders are rarely beneficial and may be positively harmful In *Prisoners of Society* originally published in 1974 Martin Davies argued that there was still the need in society for a commitment not to reform its deviant members but to provide a compassionate service in those situations where it was most needed He looks at the increasingly important role of the probation service in prisons and borstals and discusses the likelihood of radical changes occurring within the system at the time Dr Davies focuses on the concepts of welfare training rehabilitation and after care and places them in the context of sentencing policy He asks whether society is deluding itself in expecting imprisonment to be at the same time punishment and the springboard for personal reform Using case examples material from prisoners autobiographies official documents and a wide range of research papers he presents a rounded view of a crucial aspect of the contemporary penal system and compels the reader to face up to the question What does society expect of its prisons and its prisoners *Federal Probation*, 1977 **Handbook of Probation** Loraine Gelsthorpe, Rod Morgan, 2013-05-13 This Handbook provides a comprehensive authoritative and up to date source of information and analysis about all aspects of the work of the Probation Service It takes full account of the many changes that the Probation Service has undergone over the last few years and is currently undergoing as probation becomes part of the broader National Offender Management Service Contributors to the book are drawn from leading academics and practitioners in the field drawing upon the best expertise available Running through the book is a concern with a range of key current issues such as addressing the diversity of offenders and creating effective links with other criminal justice agencies and it includes perspectives from both probation service staff and from offenders and victims This book is an essential text for practitioners trainees and students of probation and those studying it as part of a wider criminology or criminal justice course
