Radicals America:

Heavy Radicals: The FBI's Secret War on America's Maoists Aaron J. Leonard, 2022-11-25 Heavy Radicals The FBI's Secret War on America's Maoists is a history of the Revolutionary Union Revolutionary Communist Party the largest Maoist organization to arise in the US from its origins in the explosive year of 1968 its expansion into a national organization in the early 70s its extension into major industry throughout the early part of that decade and the devastating schism in the aftermath of the death of Mao Tse tung to its ultimate decline as the 1970s turned into the 1980s From its beginnings the grouping was the focus of J Edgar Hoover and other top FBI officials for an unrelenting array of operations Informant penetration setting organizations against each other setting up phony communist collectives for infiltration and disruption planting of phone taps and microphones in apartments break ins to steal membership lists the use of FBI friendly journalists such as Victor Riesel and Ed Montgomery to undermine the group and much more It is the story of a sizable section of the radicalized youth whose radicalism did not disappear at the end of the 60s and of the FBI's largest and up to now untold campaign against it

Reveille for Radicals Saul Alinsky, 2010-08-25 Legendary community organizer Saul Alinsky inspired a generation of activists and politicians with *Reveille for Radicals* the original handbook for social change Alinsky writes both practically and philosophically never wavering from his belief that the American dream can only be achieved by an active democratic citizenship First published in 1946 and updated in 1969 with a new introduction and afterword this classic volume is a bold call to action that still resonates today

Radical Thought In Central America Sheldon B Liss, 2019-07-11 Central American pensadores have interpreted the theories of Marx and other scholars of revolution in diverse ways In this book Sheldon Liss examines the political theory and ideology of some of Central America's most important radical thinkers including non Marxists and demonstrates how they have challenged the tenets of imperialism and capitalism Chapters on individual Central American countries begin with brief historical introductions that emphasize the rise of radical activities and organizations Individual essays based on published writings interviews and scholarly analyses of their works then establish each writer's personal ideology social and political goals and theories of society state and institutions of power Liss also examines their relationship to social and political movements and contributions to the national intellectual life of the past and present In addition Liss discusses the writers understanding of the role of the United States in the Americas and beliefs about national struggles for independence By focusing on political and social theory and on intellectual history this book also provides the background critical for understanding recent developments and changes in Central America

Transatlantic Radicals and the Early American Republic Michael Durey, 1997 In the transatlantic world of the late eighteenth century easterly winds blew radical thought to America Thomas Paine had already arrived on these shores in 1774 and made his mark as a radical pamphleteer during the Revolution In his wake followed more than 200 other radical exiles English Dissenters Whigs and Painites Scottish lads o parts and Irish patriots who became influential

newspaper writers and editors and helped change the nature of political discourse in a young nation Michael Durey has written the first full scale analysis of these radicals evaluating the long term influence their ideas have had on American political thought Transatlantic Radicals uncovers the roots of their radicalism in the Old World and tells the story of how these men came to be exiled how they emigrated and how they participated in the politics of their adopted country Nearly all of these radicals looked to Paine as their spiritual leader and to Thomas Jefferson as their political champion They held egalitarian anti federalist values and promoted an extreme form of participatory democracy that found a niche in the radical wing of Jefferson s Republican Party Their divided views on slavery however reveal that democratic republicanism was unable to cope with the realities of that institution As political activists during the 1790s they proved crucial to Jefferson s 1800 presidential victory then after his views moderated and their influence waned many repatriated others drifted into anonymity and a few managed to find success in the New World Although many of these men are known to us through other histories their influence as a group has never before been so closely examined Durey persuasively demonstrates that the intellectual ferment in Britain did indeed have tremendous influence on American politics His account of that influence sheds considerable light on transatlantic political history and differences in religious political and economic freedoms Skillfully balancing a large cast of characters Transatlantic Radicals depicts the diversity of their experiences and shows how crucial these reluctant migr s were to shaping our republic in its formative years

Radicals in America Howard Brick, Christopher Phelps, 2015-07-15 Radicals in America offers the first complete and continuous history of left wing social movements in the United States from the Second World War to the present The book traces the full panoply of radical activist causes demonstrating how successive generations join currents of dissent face setbacks and political repression and generate new challenges to the status quo

America, 1920 The Jesuit review of faith and culture Nov 13 2017

America's West David M. Wrobel, 2017-10-12 This book examines the regional history of the American West in relation to the rest of the United States emphasizing cultural and political history

Latin America's Radical Left Steve Ellner, 2014-03-24 This timely book explores the unique challenges facing the left in Latin America today The contributors offer clear and comprehensive assessments of the difficult conditions and conflicting forces that have brought to power the current leftist regimes in Latin American and the Caribbean and are shaping their development Avoiding the widely accepted but simplistic dichotomy of good and bad left or democratic and antidemocratic left the book first sets the theoretical and historical context for understanding the rise of the left in the region It then provides case studies of the radical left in power in Venezuela Bolivia and Ecuador and its influence in Nicaragua El Salvador and Cuba Thematic chapters consider social and labor movements and debates over problems arising from the democratic transition to socialism The book points to concrete circumstances in which theoretical issues related to reform and change have played out in nations where the left is in power These include prioritization of social over economic objectives the role of the state in the democratic road to socialism and ecological as

opposed to developmentalist strategies Finally the book examines the opposition to radical governments in power coming not only from the right but also from movements to their left With its balanced and thorough assessment this study will provide readers with a deep and nuanced understanding of the complexity of the political economic and sociocultural reality of contemporary Latin America and the Caribbean Contributions by Marc Becker Roger Burbach George Ciccariello Maher Hector M Cruz Feliciano Steve Ellner Federico Fuentes Marcel Nelson Hector Perla Jr Camila Pi eiro Harnecker Thomas Purcell Diana Raby William I Robinson and Kevin Young

Republicanism and Bourgeois Radicalism

Isaac Kramnick, 2019-05-15 With this book Isaac Kramnick adds a strong voice to the lively debate about the nature of political ideology in eighteenth century England and America Whereas the now dominant republican thesis sees liberal ideology as virtually irrelevant in an age of civic commitment to a moral public order Kramnick makes a strong case for a thriving liberalism in the Anglo American world at the time of the American and French revolutions In his view both ideologies flourished during this period and it is unwise to see one as the exclusive paradigm in which eighteenth century political discourse took place In short he proposes to the republican school a scholarly truce

America's Forgotten Terrorists

Jeffrey D. Simon, 2022-05 Though largely forgotten today one of the most destructive terrorist groups in the United States was the Galleanists a fiery band of Italian anarchists active during the early 1900s In America's Forgotten Terrorists Jeffrey D Simon shows how alienation and frustration among segments of a community were transformed into a militant extremist movement Luigi Galleani a gifted writer and speaker tapped into widespread disappointment among Italian immigrants concerning their lives in America Unemployment low wages long working hours discrimination and a poor quality of life made many Italian immigrants receptive to his words The Galleanists introduced terrorist tactics and strategies that are still used today they were the first group to send package bombs across the country and to exploit the media for their own advantage One of their members is also suspected of launching the first vehicle bomb in the United States in 1920 considered the worst act of domestic terrorism until the 1995 Oklahoma City bombing The story of the Galleanists is a chilling journey through a volatile period in American history including labor management conflicts World War I and the Red Scare An expert in terrorism Simon offers striking insights into the Galleanist era and some of its eerie connections to modern America calling us to recognize the risks of repeating our history How the Galleanists operated and how the U S government responded hold lessons for today as we continue to deal with the threat of terrorism Watch a book trailer

Edmund Burke in America Drew Maciag, 2013-04-19 The statesman and political philosopher Edmund Burke 1729-1797 is a touchstone for modern conservatism in the United States and his name and his writings have been invoked by figures ranging from the arch Federalist George Cabot to the twentieth century political philosopher Leo Strauss But Burke's legacy has neither been consistently associated with conservative thought nor has the richness and subtlety of his political vision been fully appreciated by either his American admirers or detractors In Edmund Burke in America Drew Maciag traces Burke

s reception and reputation in the United States from the contest of ideas between Burke and Thomas Paine in the Revolutionary period to the Progressive Era when Republicans and Democrats alike invoked Burke's wisdom to his apotheosis within the modern conservative movement Throughout Maciag is sensitive to the relationship between American opinions about Burke and the changing circumstances of American life The dynamic tension between conservative and liberal attitudes in American society surfaced in debates over the French Revolution Jacksonian democracy Gilded Age values Progressive reform Cold War anticommunism and post 1960s liberalism The post World War II rediscovery of Burke by New Conservatives and their adoption of him as the father of conservatism provided an intellectual foundation for the conservative ascendancy of the late twentieth century Highlighting the Burkean influence on such influential writers as George Bancroft E L Godkin and Russell Kirk Maciag also explores the underappreciated impact of Burke's thought on four U S presidents John Adams and John Quincy Adams Theodore Roosevelt and Woodrow Wilson Through close and keen readings of political speeches public lectures and works of history and political theory and commentary Maciag offers a sweeping account of the American political scene over two centuries

The Rise and Fall of English Radicalism, 1760 to 1800 Mark Hulliung, 2025-03-25 This book explores the major political debates in England during the final decades of the eighteenth century a period when responses to the American and French Revolutions were a major concern and the entire future of public life in England was in question Offering an in depth treatment of the political pamphlets and literature of the time this book examines the voices of both the radicals and their detractors The volume attempts to do justice to the talented radical Whigs Edmund Burke demeaned in Reflections on the Revolution in France and who have been long forgotten buried unfairly under the memory of the excesses of French revolutionary violence This accessibly written volume is perfect for

undergraduates graduates and professors of history political science and literature Radical Conservatism Robert Brent Toplin, 2006 An unflinching look at the origins philosophy meanings and impact of the radical form of conservatism that currently dominates American politics Analyzing the literature books magazines newspapers and broadcast sources that define and promote conservatism Toplin leads the reader on a provocative tour of the conservative mind as viewed by a liberal tour guide

Liberty and Liberticide Michael J. Turner, 2013-11-15 America was important to many British radicals It was a model an exemplar a source of inspiration and American events were believed to have a bearing on reform debates in Britain Many scholars focus on the positive impressions of the United States that prominent British radicals entertained developed and propagated but it is necessary also to explore the reasons why some radicals condemned rather than praised America and to explain how America was conceptualized and used by them and to what purpose Liberty and Liberticide focuses on the influence America exerted over the ideas and activities of nineteenth century British radicals While some looked on America as the model of liberty others associated it with the destruction of liberty Turner shows how radicals views about the United States and the course of Anglo American relations shaped their domestic reform agenda and their

assumptions about British political values and Britain's place in the world ***America's Promise*** William J. Rorabaugh, Donald T. Critchlow, Paula Baker, 2004-03-12 *America's Promise* is a concise highly readable introduction to American History Designed to clearly explain major themes and events it also captures the rich and often amusing character of the American people The strong narrative emphasizes public life and how individuals constructed public structures in which they lived and worked Including the latest scholarship in social cultural and political history the work integrates the history and importance of women and minorities To aid students in learning and reviewing each chapter begins with a preview of the main ideas that will be discussed and ends with a conclusion that reinforces the key concepts Rather than being simply declaratory signposts section headings highlight main ideas and help carry along the narrative A glossary defines main terms and a timeline helps students keep track of events Selected readings are also included to encourage further reading and study Finally carefully selected illustrations and maps portray pinpoint and illuminate important episodes in American history The most concise and competitively priced book available *America's Promise* is a breath of fresh air in the introductory market ***America's Sherlock Holmes*** William R. Hunt, 2019-04-01 William Burns is best known as *America's Sherlock Holmes* and became director at the Bureau of Investigation to be immediately followed by J Edgar Hoover But before he became director Burns had a long highly publicized career as a government detective for the Secret Service then as the head of the famed Burns International Detective Agency which he founded after leaving government service These successes encouraged Burns to start his own agency and he successfully competed with his hated rival the Pinkerton Detective Agency He was a public hero for many years except among labor union men who remembered his questionable tactics in the notorious McNamara case involving the bombing of the Los Angeles Times But to the general populace he was a white knight protecting the public interest until he disgraced his government office ***Black Newspapers and America's War for Democracy, 1914-1920*** William G. Jordan, 2003-01-14 During World War I the publishers of *America's* crusading black newspapers faced a difficult dilemma Would it be better to advance the interests of African Americans by affirming their patriotism and offering support of President Wilson's war for democracy in Europe or should they demand that the government take concrete steps to stop the lynching segregation and disfranchisement of blacks at home as a condition of their participation in the war This study of their efforts to resolve that dilemma offers important insights into the nature of black protest race relations and the role of the press in a republican system William Jordan shows that before during and after the war the black press engaged in a delicate and dangerous dance with the federal government and white America at times making demands or holding firm sometimes pledging loyalty occasionally giving in But although others have argued that the black press compromised too much Jordan demonstrates that given the circumstances its strategic combination of protest and accommodation was remarkably effective While resisting persistent threats of censorship the black press consistently worked at educating America about the need for racial justice ***America's First Black Socialist*** Nikki M.

Taylor,2012-12-01 This authoritative biography chronicles the pioneering work of a nineteenth century Black abolitionist and civil rights activist Growing up in the free state of Ohio before the Civil War Peter H Clark dedicated himself to the abolitionist cause In pursuit of equal citizenship for African Americans Clark was at various times a loyal supporter of the Republican Party and an advocate for the Democrats and the country s first black socialist Clark led the fight for African Americans access to Ohio s public schools and became the first black principal in the state America s First Black Socialist draws upon speeches correspondence and outside commentary to provide a balanced account of this influential yet neglected figure Charting Clark s changing allegiances and ideologies from the antebellum era through the 1920s this comprehensive biography illuminates the life and legacy of an important activist while also highlighting the black radical tradition that helped democratize America

Transoceanic Radical: William Duane Nigel Little,2015-10-06 William Duane is most famous as the editor of The Aurora the Philadelphia based paper which vigorously supported Thomas Jefferson in his 1800 presidential election campaign Based on archival research this biography of Duane studies his American career in light of his formative years in Ireland England and India

Radicalism and Reputation Michael J. Turner,2017-04-01 A thematic analysis of the career of Bronterre O Brien one of the most influential leaders of Chartism this book relates his activities and the Chartist movement to broader themes in the history of Britain Europe and America during the nineteenth century O Brien 1804 64 came to be known as the schoolmaster of Chartism because of his efforts to describe and explain its intellectual foundations The campaign for the People s Charter with its promise of political democratization was a highpoint in O Brien s career as writer and orator but he was already well known before the campaign began and during the 1840s he distanced himself from other Chartist leaders and from several important Chartist initiatives This book examines the personal tactical and ideological reasons for O Brien s departure as well as his development of a social and economic agenda to accompany constitutional Chartism in line with the evolution of radical thought after the Great Reform Act of 1832 It also evaluates O Brien s reputation among his contemporaries and among modern historians in order better to understand his contribution to radicalism in Britain and beyond

This Captivating World of E-book Books: A Comprehensive Guide Unveiling the Pros of Kindle Books: A World of Ease and Versatility E-book books, with their inherent portability and ease of availability, have liberated readers from the constraints of hardcopy books.
