

Le pacte de stabilité et de croissance

Objectif : Coordonner les politiques budgétaires des Etats membres de l'UEM.

Quand : Adopté au conseil européen d'Amsterdam les 16 et 17 Juin 1997.

Quoi : Premier instrument de coordination des politiques budgétaires des 15 états fondateurs. Cela permet d'éviter des déficits publics excessifs. Le PSC durcit les critères de Maastricht sur les finances publiques qui stipulent d'une part que les Etats membres évitent les déficits excessifs (à court terme, le budget peut être déficitaire, mais ce déficit ne doit pas dépasser 3% du PIB sous peine d'amende), et que d'autre part la dette publique doit être inférieure à 60% du PIB. Ce pacte comporte des dispositions préventives et des dispositions correctrices.

Partie préventive :

les objectifs budgétaires de moyen terme sont, depuis 2005, différenciés selon les Etats membres pour tenir compte du niveau d'endettement et de la croissance de chacun.

Partie corrective :

les « circonstances exceptionnelles » qui président au classement comme « excessif » ou non d'un déficit dépassant 3% prennent en compte un ensemble de facteurs et pas seulement le chiffre de la croissance (évaluation conjoncturelle, investissements publics, politiques d'incitation à la R&D et l'innovation); les délais fixés pour corriger le déficit excessif sont allongés afin de laisser le temps de prendre des mesures aux effets plus durables.

Le déficit excessif :

Si le Conseil considère qu'il y a déficit excessif, il adresse alors, sur recommandation de la Commission, une recommandation à l'Etat membre, en fixant un délai de 6 mois pour engager une action. Si l'Etat persiste à ne pas y donner suite, le mettre en demeure de prendre des mesures dans un délai déterminé. Aussi longtemps que l'Etat membre ne se conforme pas à sa décision de mise en demeure, le Conseil peut, sur recommandation de la Commission, prononcer des sanctions, notamment le dépôt non rémunéré d'une somme variant entre 0,2 et 0,5% du PIB, en fonction du degré de dépassement de la valeur de 3% de déficit public. Ce dépôt est converti en amende au bout de 2 ans si le déficit excessif n'est pas comblé.

Programme de stabilité :

Institués par le Pacte de stabilité et de croissance, les programmes de stabilité (ou programme de convergence pour les Etats non membres de la zone euro), sont des outils de la surveillance multilatérale des politiques économiques et budgétaires qui permettent depuis 1999 l'examen de la situation macroéconomique et l'élaboration de recommandations adressées aux Etats membres par le Conseil. Ils ont lieu plusieurs fois par an (pluriannuels), ils sont actualisés annuellement et rendus publics. Ils sont transmis par tous les membres de l'Union européenne chaque année

Raformer Le Pacte De Stabilita Et De Croibance:

Réformer le Pacte de stabilité et de croissance France. Conseil d'analyse économique, Patrick Artus, Agnès Bénassy-Quéré, 2004 Le Pacte de stabilité et de croissance PSC signé en 1997 par les futurs membres de l'Union monétaire donne pour objectif de conforter l'euro en prévenant les comportements budgétaires irresponsables de nature remettre en cause sa stabilité Son application est centrée sur les deux critères budgétaires rendus célèbres par le Traité de Maastricht le seuil de 3 % de PIB de déficit ne pas dépasser sous peine de sanctions et le niveau de dette publique de 60 % approcher Si personne ne conteste plus la nécessité d'avoir un Pacte de stabilité et de croissance la plupart des acteurs commencer par la Commission et les États membres s'accordent pour dire que le Pacte tel qu'il a été initialement conçu n'est plus viable Il n'a en effet pas joué le rôle dissuasif que la possibilité de sanctions semblait lui donner et n'a pas empêché que plusieurs États membres dont les plus grands ne créent des déficits excessifs La Commission a pris acte de cet échec Dans sa communication du 3 septembre 2004 au Conseil et au Parlement elle fait un certain nombre de propositions visant à améliorer et clarifier l'application du Pacte de stabilité et de croissance Ce texte est discuté par le Conseil de l'Union l'heure de ces lignes sont critiques et une décision devait être prise au premier semestre 2005 C'est dans ce contexte et pour remplir son mandat de clarifier les choix économiques du gouvernement que le CAE a sollicité quelques uns de ses membres pour donner en toute indépendance leur vue sur la forme du Pacte de stabilité et de croissance Ce rapport rassemble leurs contributions Au-delà de leurs différences les auteurs partagent un certain nombre de préoccupations mettre l'accent sur la soutenabilité des finances publiques se soucier de la gestion du cycle économique tenir compte de la diversité des situations individuelles Un certain nombre d'entre eux proposent de sortir du Pacte soit les dépenses de R D soit les dépenses d'investissement dans la mesure où ces dépenses ont un rendement économique forte D'autres mettent l'accent sur la nécessité de mieux impliquer les États membres et leurs opinions publiques pour aller vers plus de vertu budgétaire Site du CAE [Constitutional Law and the EU Balanced Budget Principle](#) Simina Tănăsescu, Eric Oliva, 2021-11-29 Exploring the balanced budget rule as an economic standard and as a legal principle this book explains the context and content of the balanced budget rule and presents a critical appraisal of its impact on legal systems political institutions and social values and particularly an evaluation of its constitutionalization in the European and national legal systems Examining a range of perspectives on the balanced budget rule as a legal principle a series of chapters investigate the feasibility and effectiveness of the balanced budget rule The book considers the impact this may have on the separation of powers within the state on democratic decision making on the European social model and on the protection of fundamental social rights within the European Union It suggests that this impact goes beyond the ethical issue of the public debt considered as a burden placed on future generations and beyond injunctions imposed by international financial institutions on national public finances The transfiguration of fiscal discipline from an economic requirement into a legal rule demanding a balanced budget embodies a challenge to the political nature of the budgetary process while creating the

Il s'adresse tout d'abord aux étudiants de deuxième et troisième cycle qui cherchent structurer leurs connaissances sur les questions budgétaires au sein d'un espace intégré et sur le concept de fédéralisme budgétaire.
