## **Railroad To Burma:**

Railroad to Burma James Boyle, 1992 A 25 year old Australian James Boyle was one of thousands of prisoners of war who worked in inhuman conditions to build the Thailand Burma railway He was determined to record his experiences and those of his mates at the limits of human endurance      **The Thailand-Burma Railway, 1942-1946: Voluntary accounts** Paul H. Kratoska, 2006      **Building the Death Railway** Robert Sherman La Forte, Ronald E. Marcello, 1993 Generosity amid the greatest cruelty Building the Death Railway gives the American perspective on events that shocked the world      **River Kwai Railway** Clifford Kinvig, 1992 Published to coincide with the 50th anniversary of the building of the Burma Siam Railway this book examines the episode in its strategic logistic and manpower contexts Its purposes planning construction and ultimate contribution to Japan s overall strategy are assessed from the perspective not only of the Japanese soldiers and the Allied prisoners but also of the Burmese and Indian labourers whose plight has less frequently been considered      **Last Man Out** H. Robert Charles, 2006 From June 1942 to October 1943 more than 100 000 Allied POWs who had been forced into slave labor by the Japanese died building the infamous Burma Thailand Death Railway an undertaking immortalized in the film The Bridge on the River Kwai One of the few who survived was American Marine H Robert Charles who describes the ordeal in vivid and harrowing detail in Last Man Out The story mixes the unimaginable brutality of the camps with the inspiring courage of the men including a Dutch Colonial Army doctor whose skill and knowledge of the medicinal value of wild jungle herbs saved the lives of hundreds of his fellow POWs including the author      **New York Railroad Men** , 1894 *United States Army in World War II* , 1952      United States Army in World War II. United States. Dept. of the Army. Office of Military History, 1947      *The Burma-Thailand Railway* Gavan McCormack, Hank Nelson, 1993 Paperback edition of a history of the Burma Thailand railway first published in hardback in April 1993 which presents an overview of the experience from a variety of perspectives the prisoners of war the Asian labour force the Japanese engineer regiments and supporting administration Includes references and an index The contributors include ex POWs Tom Uren and the late Sir Edward Weary Dunlop a Korean guard once sentenced to death as a war criminal and a Japanese historian specialising in the history of Japan s relationship with Asia The editors are respectively professor of Japanese history and a senior fellow in the Research School of Pacific Studies ANU McCormack s other publications include The Japanese Trajectory and Nelson is the author of Prisoners of War Australians under Nippon      **The American Military Mission to China, 1941-1942** William G. Grieve, 2014-01-17 This is an overview of America s first effort in military aid to a foreign sovereign nation at a time when Europe was engaged in open warfare Asia was facing a series of military confrontations and most of the world thought global conflagration was inevitable The work offers insight into the impact of war in Burma a backwater of World War II and examines events that result when great powers go to great lengths to further their own goals The work also examines disagreements among China the United Kingdom the United States and Japan and shows the evolution of aid provision to

another country and changing expectations as new information arises      *United States Army in World War II.: Readers guide* ,1952      *World Trade Information Service* ,1956      World Trade Information Service United States. Bureau of Foreign Commerce,1956      **Military Trains and Railways** Jean-Denis G.G. Lepage,2017-09-21 Featuring 256 drawings this history of military trains and railways from 1853 through 1953 describes how the railroad transformed the nature of warfare Transport and logistics are discussed for armored trains rail borne artillery and armored combat vehicles medical evacuation trains and draisines light auxiliary vehicles such as handcars The railroad s role in establishing European colonial empires in Asia and Africa is examined Conflicts covered include the Boer Wars the American Civil War the Austro Prussian War the Franco Prussian War the Russo Turkish War World War I the Finnish Civil War the Spanish Civil War World War II and the French Indochina War      Journeys to the Commonwealth of Australia Kalman Dubov,2021-11-24 The continent of Australia has an ancient and modern history Aborigines arrived at this continent an estimated 40 000 to 60 000 years ago living a hunter gatherer existence while developing unique ways to live and thrive on this land That idyllic life ended in 1770 when the great British explorer James Cook discovered the continent Just eighteen years later in 1788 the First Fleet of convict ships from England established a colony at Botany Bay near today s city of Sydney The settlement grew and developed while additional convict ships and settlers came to this continent to make a new home and life for themselves As the number of settlers increased there was a corresponding series of attacks on the Aborigines Massacres took many lives while European diseases for which the Aborigines had no immunity decimated these ancient communities I review this tragic interaction between these two diverse cultures which continues today I also explore the Stolen Generation the racist and genocidal policy of forcibly removing Aboriginal children from their parents and community then giving these children to white parents to be raised in an atmosphere intolerant to the Aboriginal culture and history An estimated 100 000 children were taken in this manner remembered nationally and annually as Sorry Day In addition an estimated 500 000 white children were taken from parents and given to others While forcibly negating and outlawing native cultures has taken place in many countries where dominant values are identified as superior to the older and subjugated culture the forcible removal of hundreds of thousands of white children from parents reflects a policy that begs to be examined in depth I also review the establishment of a Royal Commission that examined sexual predatory attacks on children both in the Roman Catholic Church by diocesan and order priests brothers while these children were wards of these religious institutions by order of the federal government I also explore the percentages of prelates who acted in this criminal manner This issue has been faced in several other countries with resulting questions regarding the role Catholic priests and their bishops have in teaching religious values while protecting their charges from sexual abuse The Jewish community too has been charged in this scourge Two religious schools in Melbourne were charged with knowledge of such attacks taking place in these schools but the rabbinic leadership neither reported the abuse to civil authorities nor made efforts to stop it In this regard I explore the Jewish law

inhibiting such reporting to secular authorities In fact the historic and traditional Jewish community standard prefers to protect the predator and not protect the victimized child This standard is gradually changing as progressive awareness is made into the corrosive atmosphere surrounding a victimized child and the enormous psychological and emotional costs endured by the child for the remainder of his or her life The theme of sexual abuse is also present with regard to Malka Leifer This woman was charged with over seventy counts of criminal behavior while having a senior administrative and teaching role in a leading ultra Orthodox religious school for girls She became a cause célèbre with international intrigue between Australia and Israel when she escaped Australian shores for refuge in Israel Years of legal wrangling ensued by many Israeli courts including the Supreme Court each examining the increasing furor if this woman should be extradited to face criminal charges in Australia Malka Leifer was only recently returned to Australia now finally awaiting her moment of facing her accusers in open court This volume also reviews and analyzes each war Australians fought in from the Second Boer War First World War Second World War Korean and Vietnam Wars the wars in Iraq and Afghanistan These conflicts culminated with the ANZUS Treaty with a military cooperation agreement between the United States Australia and New Zealand The United States identified New Zealand as standing against the West when it promulgated its anti nuclear zone New Zealand identified with smaller Pacific island nations that condemned nuclear testing on remote Pacific islands and the resulting fallout with consequent health issues they face because of such testing I was on the Holland American Grand Voyage while visiting Australian ports I review the different Australian ports the Amsterdam came to such as Darwin Brisbane and Sydney I review each of these cities both as the country developed and modernly with these cities taking on more developed economic power
