Rails to North Wales Sydney D. Wainwright,1978      *The Place of North Wales* Huw Vaughan Thomas,1996      *Crossing the Border* Great Britain: Parliament: House of Commons: Welsh Affairs Committee,2013-03-06 Problems with key M4 transport route continue to risk damage to Welsh economy The route has suffered from under investment and congestion for too long The UK and Welsh Governments must work together to find attainable funded solutions to these problems The Committee also says the high toll on the Severn Crossing is still hampering the development of businesses in Wales and deterring inward investment to Wales and the UK Government should bring forward proposals for reducing it The Committee also welcomes the new investment in cross border rail links into Wales but the exclusion of South Wales from the HS2 proposals means businesses and people may relocate eastwards across the border The development of a high speed rail link from Wales to England would be an important boost to the Welsh economy and help to achieve the aim of successive Governments of rebalancing the UK economy There are good examples of joint working between the two governments to secure improvements to strategic cross border routes and especially welcome is the almost 2 billion of rail investment on the electrification of the Great Western Main Line and a proposed new rail link to Heathrow Airport But the Committee says it is unclear why the Welsh Government should be entitled to a Barnett consequential payment in respect of the Crossrail project but not HS2 It also notes that rail connectivity between North and Mid Wales and England has been overlooked for too long and calls for more frequent rail connections from Mid Wales to England      **Spirit of Northern Rails** David Goodyear,2024-04-30 This book endeavours to capture the very essence of the railways in the northern UK exploring in photographs their imprint upon the landscape Railways are illustrated as they traverse the bleak fells pass by traditional cotton mills and industrial heritage stride over iconic viaducts crossing vast windswept valleys and coastal estuaries and as they share the grandeur of iconic cathedrals of both religious and railway station designs while not forgetting the intricate network of canals intertwining with the rails that eventually carried the very traffic that kept these waterways in use Here is a personal selection which I trust helps explore all that characterises and reveals the moods and atmosphere which conjure the heart and Spirit of railways traversing our northern climes Locomotives train designs and liveries past and present will help recall the rails of the 1980 s and 90 s and offer an interesting contrast to the more modern images of the present millennium With a mix of traction and train fleets both in use on passenger and freight consists this selection of images reveals their participation in capturing the heart of railways in the north Readers are invited to share this fascinating adventure and indeed the inherent Northern Spirit which permeates throughout such a journey      **Britain from the Rails** Benedict Le Vay,2014-12-01 Including the nation s best kept secret railways Cover      *A Pictorial and Descriptive Guide to North Wales* ,1899      *A Pictorial and Descriptive Guide to North Wales (southern Section) ...* Ward, Lock and Company, ltd,1912      *How to build a Metro* Mark Dafydd Barry,2024-10-13 One view of the collective effort behind the advocacy and

development of the Cardiff Capital Region Metro or South Wales Metro metro urbantransit cardiff wales southwalesmetro tramtrain      *Political Change across Britain and Ireland* Paul Gillespie, Michael Keating and Nicola McEwen,

**Cross-border provision of public services for Wales** Great Britain: Parliament: House of Commons: Welsh Affairs Committee,2010-03-11 Working practices between the UK and Welsh Assembly governments in relation to cross border policies appear much improved since the Committee s earlier reports on this subject But a number of outstanding issues remain in transport health and further and higher education On transport the Committee welcomes the planned electrification of the Great Western Main Line However the Department for Transport appears to have washed its hands of any strategic responsibility for cross border roads The A483 is the clearest example of a road vital for travel within Wales but which is not important to the English region in which it is located and as a result loses out on funding The Committee stresses the need for comparative data on which to build solid research comparing NHS performance in the devolved nations More needs to be done to raise public awareness of the differences in services people can expect to receive on both sides of the border Transparency of information is vital Research proposals in the UK Government s Higher Ambitions strategy for higher education make no reference to nations other than England despite the UK wide research remit of the Department for Business Innovation and Skills The Committee calls for details about how research funding proposals apply to all four nations
