Last Trains Charles Loft, 2013-03-27 The debate about Dr Richard Beeching will rage until the Second Coming and probably beyond But in Charles Loft's careful examination of the Beeching Report we have as fine a study as we are going to possess in the meantime Peter Hennessy Loft's great strength is his judiciousness He understands the political processes and assesses them fair mindedely And his verdict will I suspect hold up better than any of Beeching's judgements Matthew Engel Financial Times Prepare to be impressed shocked and saddened This is undoubtedly one of the best books of the year a riveting read Railways Illustrated Lucid to the point thought provoking at every turn Last Trains is a volume that everyone should read before making judgements about the rail closures of the Sixties Heritage Railway Thoughtful and well researched analysis Edinburgh Evening News During the course of the 1950s England lost confidence in its rulers and convinced itself it must modernise The failing steam powered local railways run by Colonel Blimp symbolised everything that was wrong with the country surely the future lay in motorways and high speed express trains Along came Dr Beeching with his diagnosis and suddenly branch line Britain was gone for ever The debate about the Beeching cuts has raged ever since In this superbly researched examination Charles Loft exposes the political failures that bankrupted the railways and lays bare the increasing alienation of bureaucrats from the public they were trying to serve The result is a fascinating study of a nation grappling to come to terms with modernity *Seventeenth Annual Report and Resolutions of the Council of Ministers* European Conference of Ministers of Transport, 1971-02-01 This report describes the activities of the European Conference of Ministers of Transport and sets out the Resolutions and Reports approved by the Council of Ministers during their 1970 sessions **Privatization and Regulation of Transport Infrastructure** Antonio Estache, Ginés de Rus, 2000-01-01 The 1990s saw an increase in the liberalisation of transport policies and a strengthening of the role of private operators and investors in transport infrastructure worldwide The search for sustained improvement in efficiency is probably secondary to the need to find additional financing but it is improvement in services that is at the core of the new role of the government in

transport Governments must now become fair economic regulators of many of the privately operated transport services and infrastructures This book examines the major challenges that governments are likely to face in taking on their new role in transport
