From Soldier to Storyteller Kathleen Broome Williams, Hal M. Friedman, 2024-10-08 Many of the best known and most popular children's stories of the 20th and early 21st century were written by veterans of World War I and World War II These include works by such writers as A A Milne C S Lewis Roald Dahl Ian Fleming and J R R Tolkien among others Although they had experienced war most of the veterans did not overtly write about it The seeming paradox of warriors who went through searing combat and then wrote books for children has not been addressed collectively before now The essays in this book explore what motivated these veterans to write for children what they wrote and how their writing was influenced by the wars they lived through It examines how their combat experience can be traced in their writing however subtly whether it was stories about a bear and his piglet companion a World War I flying ace or a flying car Their reactions to war as reflected in their writing yield important lessons about the complicated legacy of the 20th century's two great conflicts and their long lasting impact through children on society at large The Chronology of American Literature Daniel S. Burt, 2004 If you are looking to brush up on your literary knowledge check a favorite author's work or see a year's bestsellers at a glance *The Chronology of American Literature* is the perfect resource At once an authoritative reference and an ideal browser's guide this book outlines the indispensable information in America's rich literary past from major publications to lesser known gems while also identifying larger trends along the literary timeline Who wrote the first published book in America When did Edgar Allan Poe achieve notoriety as a mystery writer What was Hemingway's breakout title With more than 8 000 works by 5 000 authors *The Chronology* makes it easy to find answers to these questions and more Authors and their works are grouped within each year by category fiction and nonfiction poems drama literary criticism and publishing events Short concise

entries describe an author's major works for a particular year while placing them within the larger context of that writer's career. The result is a fascinating glimpse into the evolution of some of America's most prominent writers. Perhaps most important, *The Chronology* offers an invaluable line through our literary past, tying literature to the American experience: war and peace, boom and bust, and reaction to social change. You'll find everything here, from Benjamin Franklin's *Experiments and Observations on Electricity* to Davy Crockett's first memoir, from Thoreau's *Civil Disobedience* to Edith Wharton's *Ethan Frome*, from meditations by James Weldon Johnson and James Agee to poetry by Elizabeth Bishop. Also included here are seminal works by authors such as Rachel Carson, Toni Morrison, John Updike, and Arthur Schlesinger Jr. Lavishly illustrated and rounded out with handy bestseller lists throughout the twentieth century, lists of literary awards and prizes, and authors' birth and death dates, *The Chronology of American Literature* belongs on the shelf of every bibliophile and literary enthusiast. It is the essential link to our literary past and present.
