Silverman,2019-04-03 The first book to explore the life and extraordinary work of the legendary moviemaker who directed Singin in the Rain On the Town and Funny Face from the author of David Lean Silverman has captured one of the world s truly great filmmakers Billy Wilder Stanley Donen is the man who forever changed the Hollywood musical moving it away from the Busby Berkeley extravagance to a felt integration of the songs and dances He is also the man who helped shape the sophisticated romance exemplified by Indiscreet and Charade The author with Donen s cooperation has brilliantly revealed Donen s fifty year career first in the theater next in Hollywood and then abroad We see Donen s collaborations with Fred Astaire Cary Grant Gene Kelly and Frank Sinatra And we see his work with Rodgers and Hart Alan Lerner Comden and Green Roger Edens Arthur Freed Michael Kidd and Bob Fosse We watch Donen growing up in the South in the 1930s seeking refuge at movies watching Fred Astaire dance on the screen and forever changed by it And then at sixteen fleeing to New York

where he lands his first job in the chorus of the groundbreaking musical *Pal Joey* directed by George Abbott starring Gene Kelly and appearing next in *Best Foot Forward*. We follow Donen west to MGM first he was a chorus boy then assistant choreographer next embellishing *Anchors Aweigh* dreaming up the almost technically impossible notion of having its star Gene Kelly dance with a cartoon character Jerry the Mouse and in the next decade making one great musical after another. We hear Donen's recollections of life and work on the sets of *Singin' in the Rain*, *Royal Wedding*, *Funny Face*, *Seven Brides for Seven Brothers*, *On the Town*, *The Pajama Game*, *Indiscreet*, *Charade*, *Two for the Road*, *Arabesque*, *Bedazzled* and other movies he directed. We see him through the eyes of more than one hundred of his contemporaries whom in addition to Donen himself Silverman has interviewed at length from Kay Thompson and Billy Wilder to Deborah Kerr, Audrey Hepburn, Debbie Reynolds, Gregory Peck and Cyd Charisse. *Dancing on the Ceiling* gives close up a great director and a lost Hollywood on whose silver screen wit and charm abounded.

**The American Songbook** Ann van der Merwe, 2016-12-22 With their unforgettable melodies, timeless messages and stylistic indebtedness to both jazz and Broadway, American popular standards have proven to be among the most widely performed and enjoyed songs of the past century. Shaped in many ways by the technological and cultural developments of the early twentieth century, they have also managed to transcend these origins and become an enduring part of the American musical landscape. Ann van der Merwe explores how and why American songbook standards developed in the early twentieth century and how these standards have shaped American and even global musical culture ever since. *The American Songbook* explores key aspects of individual songs including the musical and lyrical reasons for their broad appeal and applicability over the years. The American songbook continues to permeate the fabric of our daily lives. It is a repertoire that spans generations from Fred Astaire to Tony Bennett and Lady Gaga. As a result, music lovers both young and old will enjoy discovering how these beloved songs emerged and why they remain relevant a century later.

**Unfinished Show Business**, In this fresh approach to musical theatre history, Bruce Kirle challenges the commonly understood trajectory of the genre. Drawing on the notion that the world of the author stays fixed while the world of the audience is ever changing, Kirle suggests that musicals are open, fluid products of the particular cultural moment in which they are performed. Incomplete as printed texts and scores, musicals take on unpredictable lives of their own in the complex transformation from page to stage. Using lenses borrowed from performance studies, cultural studies, queer studies and ethnoracial studies, *Unfinished Show Business: Broadway Musicals as Works in Process* argues that musicals are as interesting for the provocative issues they raise about shifting attitudes toward American identity as for their show-stopping song and dance numbers and conveniently happy endings. Kirle illustrates how performers such as Ed Wynn, Fanny Brice and the Marx Brothers used their charismatic personalities and quirkiness to provide insights into the struggle of marginalized ethnoracial groups to assimilate. Using examples from favorites including *Oklahoma!*, *Fiddler on the Roof*, *A Chorus Line* and *Les Misérables*, Kirle demonstrates Broadway's ability to bridge seemingly insoluble tensions in society from economic and

political anxiety surrounding World War II to generational conflict and youth counterculture to corporate America and the me generation Enlivened by a gallery of some of Broadway s most memorable moments and some amusing obscure ones as well this study will appeal to students scholars and lifelong musical theatre enthusiasts *Show Tunes* Steven Suskin,2010-03-09

*Show Tunes* fully chronicles the shows songs and careers of the major composers of the American musical theatre from Jerome Kern s earliest interpolations to the latest hits on Broadway Legendary composers like Gershwin Rodgers Porter Berlin Bernstein and Sondheim have been joined by more recent songwriters like Stephen Schwartz Stephen Flaherty Michael John LaChiusa and Adam Guettel This majestic reference book covers their work their innovations their successes and their failures *Show Tunes* is simply the most comprehensive volume of its kind ever produced and this newly revised and updated edition discusses almost 1 000 shows and 9 000 show tunes The book has been called a concise skeleton key to the Broadway musical Variety and a ground breaking reference work with a difference *Show Music* or as the Washington Post observed It makes you sing and dance all over your memory The eagerly anticipated Fourth Edition updated through May 2009 features the entire theatrical output of forty of Broadway s leading composers in addition to a wide selection of work by other songwriters The listings include essential production data and statistics the most extensive information available on published and recorded songs and lively commentary on the shows songs and diverse careers Based on meticulous research the book also uncovers dozens of lost musicals including shows that either closed out of town or were never headed for Broadway and catalogs hundreds of previously unknown songs including a number of musical gems that have been misplaced cut or forgotten Informative insightful and provocative *Show Tunes* is an essential guide for anyone interested in the American musical *One on One* Joyce E. Henry,Rebecca Dunn Jaroff,Bob Shuman,2007-10 Applause Acting Series Three editors each associated with theatre collaborated on this book of monologues for actresses What they discovered besides bravura pieces for auditions acting classes and study was the pulse of the millennial theatrical scene A follow up to the popular previous edition from the 1990s *One on One The Best Women s Monologues for the 21st Century* includes the work of over 70 playwrights spotlighting the best of Broadway Off Broadway regional and experimental writings since 2000 A special introduction also explains how to choose practice and perform a speech for auditions Comic or serious or both the monologues are written for young old and multicultural players by famous names and up and coming talent Anna Deavere Smith records abuse in real relationships *House Arrest* August Wilson relates trials of those who survived coming to America and those who did not *Gem of the Ocean* and William Gibson recreates the dark fledgling days of Israel Golda s Balcony Additional works include *Are You Ready* by David Auburn *Bad Dates* by Theresa Rebeck *The Committee* by Brian Dykstra and many others *Goldmine Record Album Price Guide* Dave Thompson,2019-04-02 Just like you *Goldmine* is passionate about vinyl It rocks our world So trust us when we say that the *Goldmine Record Album Price Guide* is a vinyl collector s best friend Inside these pages you ll find the latest pricing and identification information for rock pop alternative jazz and country
