Rogets 21st Century:

Re-thinking the Day of YHWH and Restoration of Fortunes in the Prophet Zephaniah Michael Ufok Udoekpo, 2010 The prophecy of Zephaniah is a compendium of prophetic thoughts on the nature of YHWH's relationship with His people. This research critically builds on past scholarships and exegetically demonstrates the thematic literary and theological relationships of Zeph 1 14 18 and 3 14 20 with the rest of the Twelve Minor Prophets Deuteronomistic History and with Psalm 126 and insists on Zephaniah's creative and unique understanding of God His judgment and saving roles. Taking the judgment and wrath narrative in Zeph 1 14 18 as its pericope of exegetical departure, the author diachronically and synchronically studies in detail the contents, meaning, relevance, and the theological values of Zephaniah's Day of YHWH to all cultures and religious communities. In particular, he emphasizes the fuller and salvific notion of a God who not only judges, intervenes in human history, punishes sinners, but loves, shows mercy, rewards, saves, inspires hope, and restores the fortunes of the remnant who repents. Zeph 3 14 20

ELexicography in the 21st Century : New Challenges, New Applications

Sylviane Granger, 2010-06 The field of lexicography is undergoing a major revolution. The rapid replacement of the traditional paper dictionary by electronic dictionaries opens up exciting possibilities but also constitutes a major challenge to the field. The eLexicography in the 21st Century: New Challenges, New Applications conference organized by the Centre for English Corpus Linguistics of the Universit  catholique de Louvain in October 2009 aimed to bring together the many researchers around the world who are working in the fast-developing field of electronic lexicography and to act as a showcase for the latest lexicographic developments and software solutions in the field. The conference attracted both academics and industrial partners from 30 different countries who presented electronic dictionary projects dealing with no less than 22 languages. The resulting proceedings volume bears witness to the tremendous vitality and diversity of research in the field. The volume covers a wide range of topics including the use of language resources for lexicographic purposes in the form of lexical databases like WordNet or corpora of different types; innovative changes to the dictionary structure afforded by the electronic medium; in particular, multiple access routes and efficient integration of phraseology; specialised dictionaries e.g. SMS dictionaries, sign language dictionaries; automated customisation of dictionaries in function of users' needs; exploitation of Natural Language Processing tools; integration of electronic dictionaries into language learning and teaching.

Rethinking the Prophetic Critique of Worship in Amos 5 for Contemporary Nigeria and the USA Michael Ufok Udoekpo, 2016-12-14 Father Udoekpo's work offers a thorough review of the theology of worship in the work of Amos of Tekoa, one of Israel's foundational prophets. It critically examines Amos 5 in its socio-historical and literary context and theologically reevaluates the application of Amos's message of ethical worship, judgment, and hope to two contemporary cultures: Nigeria and the United States of America. While intentionally down-to-earth and engaging in society and religion, this work discusses in a thoughtful and detailed exegetical manner the various sub-units of lamentation vv 1-3, the motifs of the

remnant the exhortation to the seek the Lord justice and righteousness vv 4 6 14 15 24 judgment and the notion of the Day of the Lord vv 18 20 as they relate to the theology of worship vv 21 27 in Amos 5 The author pastorally draws the reader s attention to Amos view that worship must not be restricted to hypocritical offerings empty rituals and songs at sanctuaries but needs to incorporate ethics of justice peace and righteousness practiced in marketplaces and plazas
