Leander,Margaret Sheehy,2004 Current

research on literacy often conceives space as a container within which social practice occurs In sharp contrast this edited collection argues that literary practice and social space are produced in relation to one another Contributors to this collection consider how a spacial analysis provides entirely new information for the interpretation of literary practice Traversing geography and literacy studies drawing on Bakhtin Deleuze and Guattari Lefebvre Soja and a range of other theorists contributors analyze space literacy relations in diverse settings including classrooms prisons streets institutional programs homes and the popular media **A Rogue's Game** Renee Bernard,2008-04-29 Daring Games Dangerously Delicious Consequences Lovely Eve Reynolds plays the role of a naive young debutante but her demure appearance hides an experienced cardplayer who at her uncle s instigation is engaged in fleecing London aristocrats in the high stakes card games favored by society Only London s most notorious rake Julian Clay the Earl of Westleigh sees through her wiles for he recognizes a fellow gambler when he sees one Lured by the passion in Eve s stormy eyes so at odds with her reserved elegance Julian lays impassioned siege to her And Eve responds with a rising fire of desire that leaves behind all sensible caution until both Julian and Eve can think of nothing but the searing hours they spend in each other s arms But Eve s uncle wants her to play for the highest stakes by making a respectable match with a wealthy lord and Eve has her own secret

reason for following his plan Although Julian began to play recklessly to seduce a clever young lady now he wants much more from Eve and no one will stop him from risking everything on one final game that might win him Eve s heart and soul forever
