Rolling Nowhere:

Rolling Nowhere Ted Conover, 1984 In Ted Conover's first book now back in print he enters a segment of humanity outside society and reports back on a world few of us would choose to enter but about which we are all curious Hoboes fascinated Conover but he had only encountered them in literature and folksongs So he decided to take a year off and ride the rails Equipped with rummage store clothing a bedroll and a few other belongings he hops a freight train in St Louis becoming a tramp in order to discover their peculiar culture The men and women he meets along the way are by turns generous and mistrusting resourceful and desperate philosophical and profoundly cynical And the narrative he creates of his travels with them is unforgettable and moving

Rolling Nowhere Ted Conover, 1985-06-01 Offers a personal account of the author's adventures riding the rails with America's hoboes and presents a factual glimpse into the world of the modern day hobo

Rolling Nowhere, 2012 Hopping a freight in the St Louis rail yards Ted Conover 4winner of the National Book Critics Circle Award 4embarks on his dream trip traveling the rails with the knights of the road Equipped with rummage store clothing a bedroll and his notebooks Conover immerses himself in the peculiar culture of the hobo where handshakes and introductions are foreign but where everyone knows where the Sally Salvation Army and the Willy Goodwill are Along the way he encounters unexpected charity a former cop goes out of his way to offer Conover a dollar and indignities what do you do when there are no public bathrooms and learns how to survive on the road But above all Conover gets to know the men and women who for one reason or another live this life There's Lonny who accepts that there are some towns he can't enter before dark because he's black and Pistol Pete a cowboy who claims his son is a doctor and his daughter a ballerina and Sheba Sheila Sheils who's built herself a house out of old tires By turns resourceful and desperate generous and mistrusting independent and communal philosophical and profoundly cynical the tramps Conover meets show him a segment of humanity outside society neither wholly romantic nor wholly tragic and very much like the rest of us

722 Miles Clifton Hood, 2004-08-23 When it first opened on October 27 1904 the New York City subway ran twenty two miles from City Hall to 145th Street and Lenox Avenue the longest stretch ever built at one time From that initial route through the completion of the IND or Independent Subway line in the 1940s the subway grew to cover 722 miles long enough to reach from New York to Chicago In this definitive history Clifton Hood traces the complex and fascinating story of the New York City subway system one of the urban engineering marvels of the twentieth century For the subway's centennial the author supplies a new foreword explaining that now after a century we can see more clearly than ever that this rapid transit system is among the twentieth century's greatest urban achievements

Immersion Ted Conover, 2016-10-24 Over three and a half decades Ted Conover has ridden the rails with hoboes crossed the border with Mexican immigrants guarded prisoners in Sing Sing and inspected meat for the USDA His books and articles chronicling these experiences including the award winning Newjack Guarding Sing Sing have made him one of the premier practitioners of immersion reporting In immersion reporting a literary

cousin to ethnography travel writing and memoir the writer fully steps into a new world or culture participating in its trials rites and rituals as a member of the group The end results of these firsthand experiences are familiar to us from bestsellers such as Nickel and Dimed and Behind the Beautiful Forevers But in a world of wary strangers where does one begin Conover distills decades of knowledge into an accessible resource aimed at writers of all levels He covers how to get into a community how to conduct oneself once inside and how to shape and structure the stories that emerge Conover is also forthright about the ethics and consequences of immersion reporting preparing writers for the surprises that often surface when their piece becomes public Throughout Conover shares anecdotes from his own experiences as well as from other well known writers in this genre including Alex Kotlowitz Anne Fadiman and Sebastian Junger It s a deep in the trenches book that all aspiring immersion writers should have in hand as they take that first leap into another world *Citizen Hobo* Todd

DePastino,2024-05-31 In the years following the Civil War a veritable army of homeless men swept across America s wageworkers frontier and forged a beguiling and bedeviling counterculture known as hobohemia Celebrating unfettered masculinity and jealously guarding the American road as the preserve of white manhood hoboes took command of downtown districts and swaggered onto center stage of the new urban culture Less obviously perhaps they also staked their own claims on the American polity claims that would in fact transform the very entitlements of American citizenship In this eye opening work of American history Todd DePastino tells the epic story of hobohemia s rise and fall and crafts a stunning new interpretation of the American century in the process Drawing on sources ranging from diaries letters and police reports to movies and memoirs *Citizen Hobo* breathes life into the largely forgotten world of the road but it also crucially shows how the hobo army so haunted the American body politic that it prompted the creation of an entirely new social order and political economy DePastino shows how hoboes with their reputation as dangers to civilization sexual savages and professional idlers became a cultural and political force influencing the creation of welfare state measures the promotion of mass consumption and the suburbanization of America *Citizen Hobo* s sweeping retelling of American nationhood in light of enduring struggles over home does more than chart the change from homelessness to houselessness In its breadth and scope the book offers nothing less than an essential new context for thinking about Americans struggles against inequality and alienation *Class Unknown* Mark Pittenger,2012-08-13 Since the Gilded Age social scientists middle class reformers and writers have left the comforts of their offices to pass as steel workers coal miners assembly line laborers waitresses hoboes and other working and poor people in an attempt to gain a fuller and more authentic understanding of the lives of the working class and the poor In this first sweeping study of undercover investigations of work and poverty in America award winning historian Mark Pittenger examines how intellectuals were shaped by their experiences with the poor and how despite their sympathy toward working class people they unintentionally helped to develop the contemporary concept of a degraded and other American underclass While contributing to our understanding of the history of American social thought

Class Unknown offers a new perspective on contemporary debates over how we understand and represent our own society and its class divisions

Undercover Reporting Brooke Kroeger, 2012-08-31 In her provocative book Brooke Kroeger argues for a reconsideration of the place of oft maligned journalistic practices While it may seem paradoxical much of the valuable journalism in the past century and a half has emerged from undercover investigations that employed subterfuge or deception to expose wrong Kroeger asserts that undercover work is not a separate world but rather it embodies a central discipline of good reporting the ability to extract significant information or to create indelible real time descriptions of hard to penetrate institutions or social situations that deserve the public's attention Together with a companion website that gathers some of the best investigative work of the past century *Undercover Reporting* serves as a rallying call for an endangered aspect of the journalistic endeavor

The Routes of Man Ted Conover, 2010-02-09 From the Pulitzer Prize finalist and National Book Critics Circle Award winning author of Newjack an absorbing book about roads and their power to change the world Roads bind our world metaphorically and literally transforming landscapes and the lives of the people who inhabit them Roads have unparalleled power to impact communities unite worlds and sunder them and reveal the hopes and fears of those who travel them With his marvelous eye for detail and his contagious enthusiasm Ted Conover explores six of these key byways worldwide In Peru he traces the journey of a load of rare mahogany over the Andes to its origin an untracked part of the Amazon basin soon to be traversed by a new east west route across South America In East Africa he visits truckers whose travels have been linked to the
