David Marshall,2005-03 I am told that the first two names I recognized as a child were President Eisenhower and Marilyn Monroe Hopefully for my parents sake this was after I understood who Mama and Daddy were To be truthful I m not at all certain By the time the newsman interrupted my cartoons on Sunday morning August 5 1962 to tell me that Marilyn Monroe had been found dead of an overdose at the age of 36 she had become such a natural part of my daily life that I could not quite grasp the concept of a world where she was not still out there going about her surely incredible life To even begin to attempt to understand that someone as big as Marilyn Monroe could actually die threw my seven year old brain into serious philosophical doubt I kept a close watch on my parents my teachers even my close friends The way I saw it if Marilyn Monroe could die everyone was up for grabs author David Marshall from the introduction to The DD Group An Online Investigation Into the Death of Marilyn Monroe **JFK and the Masculine Mystique** Steven Watts,2016-11-08 A cultural examination of the popularity and allure of the thirty fifth president reveals how Kennedy was tailored to appeal to the public of his time explaining how he symbolized postwar views about American masculinity Finding Zsa Zsa Sam Staggs,2019-07-30 For decades the Gabor dynasty was the epitome of glamour and fairy tale success But as biographer film historian and Gabor family friend Sam Staggs reveals behind the headlines is a true story more dramatic fabulous and surprising than their self styled legend would have you believe In 1945 after barely escaping Hitler s invasion of Hungary followed by liberation of the country by the Red Army three members of the Gabor family Jolie her ex husband Vilmos and their daughter Magda arrived in New York City In Hollywood their other daughters Zsa Zsa and Eva had worked feverishly throughout the war years to secure their rescue from the Nazis plan to exterminate the Jews Stepping off the boat Jolie the iron willed matriarch already had a golden future mapped out for her sharp witted cosmopolitan beauties Over the next six decades with twenty three husbands between them suave All About Eve star George Sanders would wed both Zsa Zsa and Magda scores of lovers and roller coaster rides in film television theater and business the elegant yet gloriously bawdy addictively watchable Gabors carved a niche in the entertainment industry that made them world famous pop culture icons But beneath the artifice of Dior and diamonds was another side to the story they never revealed the whole truth This first verifiable history of the Gabors casts a startling new light on these extraordinary women Finding Zsa Zsa reveals the tumultuous and often unforgiven battles between mother and daughter sister and sister wife and husband Eva s bearded romance with Merv Griffin that allowed them both to seek same sex lovers Zsa Zsa s involuntary confinement in a mental hospital her life long struggle with bipolar disorder and her last unconsummated marriage to the manipulating faux prince Frederic von Anhalt Here too is the untold story of Zsa Zsa s daughter Francesca Hilton a gifted photographer who eschewed the Gabor lifestyle and paid a sad price for her independence The story of family patriarch Vilmos Gabor who returned to Hungary only to be trapped behind the Iron Curtain reads like a Cold War spy thriller Culled from new interviews with family colleagues and confidantes and the unpublished memoirs of the author s friend Francesca Hilton Finding Zsa Zsa finally introduces fans to the Gabor family they

McGovern,2018-05-04 Perhaps no one s death has stirred more interest controversy and theories than Marilyn Monroe s August 4 of 1962 In Murder Orthodoxies author Donald R McGovern analyzes and examines the many theories that Monroe was murdered by a host of curious characters from the middle Kennedy brothers to brutal gangsters to aliens McGovern separates fact from fiction and theory from outlandish rumor He addresses and debunks the usual allegations related to Monroe s death the secrets recorded in her little red diary her scheduled whistle blowing press conference the murder plots by organized crime and the brothers Kennedy and the fatal injection of drugs along with many

others In *Murder Orthodoxies* McGovern restores logic and sanity to the investigation of Monroe's death His thesis is based upon the premise that the engines of conspiracies are started and fueled by opinion not by facts His credible conclusions are based on logic science toxicology and forensic evidence **Jewish Humor** Avner Ziv, 2017-09-08 The thirteen chapters in this book are derived from the First International Conference on Jewish Humor held at Tel Aviv University The authors are scientists from the areas of literature linguistics sociology psychology history communications the theater and Jewish studies They all try to understand different aspects of Jewish humor and they evoke associations of a local logical nature with Jewish tradition This compilation reflects the first interdisciplinary approach to Jewish humor The chapters are arranged in four parts The first section relates to humor as a way of coping with Jewish identity Joseph Dorinson's chapter underscores the dilemma facing Jewish comedians in the United States These comics try to assimilate into American culture but without giving up their Jewish identity The second section of the book deals with a central function of humor aggression Christie Davies makes a clear distinction between jokes that present the Jew as a victim of anti-Semitic attacks and those in which the approach is not aggressive The third part focuses on humor in the Jewish tradition Lawrence E Mintz writes about jokes involving Jewish and Christian clergymen The last part of the book deals with humor in Israel David Alexander talks about the development of satire in Israel Other chapters and contributors include *Psycho Social Aspects of Jewish Humor in Israel and in the Diaspora* by Avner Ziv *Humor and Sexism The Case of the Jewish Joke* by Esther Fuchs *Halachic Issues as Satirical Elements in Nineteenth Century Hebrew Literature* by Yehuda Friedlander *Do Jews in Israel still laugh at themselves* by O Nevo and *Political Caricature as a Reflection of Israel's Development* by Kariel Gardosh Each chapter in this volume paves the way for understanding the many facets of Jewish humor This book will be immensely enjoyable and informative for sociologists psychologists and scholars of Judaic studies **The American Business Encyclopædia and Legal Adviser** John Davis Long, William Powell Wilson, Everett Cephas Bumpus, 1913 **Child Pornography** Ian O'Donnell, Claire Milner, 2012-12-06 This book explores the enduring appeal of child pornography and its ramifications for criminal justice systems around the world It is based on an extensive review of academic literature and newspaper coverage a trawl of websites frequented by those with a sexual interest in children a survey of how police investigate these offences examination of prosecutors' decisions and interviews with judges It provides a framework for understanding the contemporary nature of this problem especially the harms it causes its intimate relationship with new technologies and the challenges it poses to law enforcement authorities The internet plays a pivotal role Its sheer size the anarchic way it grows the lack of any boundaries to its expansion and its disregard for national borders make it a legal environment without parallel An unwavering focus on the threat of sexual abuse has contributed to the emergence of a context where routine dealings with children are viewed through a paedophilic lens This can have the unfortunate consequence of distracting attention from more urgent concerns such as poverty and neglect which make children vulnerable to sexual exploitation In this way an emphasis on the

sexualisation of children could be said to aggravate the problem that it sets out to address The book provides a comprehensive analysis of child pornography issues in all of their complexity including legal psychological criminal justice and social perspectives presents significant volume of original empirical data gathered from police prosecutors and judges includes new qualitative and quantitative information set against a background of shifting international developments The analysis is explicitly comparative draws on a variety of sources including support groups for paedophiles newspaper coverage of court cases involving child pornography victim testimony and police operations *Our Good Name* J.
