Man Who Fell In Love With The Moon A Novel:

The Man who Fell in Love with the Moon Tom Spanbauer, 2000 The plot twists around the questions of humanity in a comic contemporary novel that portrays the trials of Shed a half breed bisexual boy who works at a Victorian whorehouse in the old West

The Man Who Fell In Love With The Moon Tom Spanbauer, 1992-09-09 The Man Who Fell in Love with the Moon is an American epic of the old West for our own times a novel huge in its imaginative scope and daring in its themes The narrator is Shed or Duivichi un Dua a half breed bisexual boy who makes his living at the Indian Head Hotel in the little town of the century town of Excellent Idaho The imperious Ida Richilieu is Shed's employer the town's mayor and the mistress and the mistress and owner of this outrageously pink whorehouse Together with the beautiful prostitute Alma Hatch and the philosophical green eyed half crazy cowboy Dellwood Barker this collection of misfits and outcasts make up the core of Shed's eccentric family And although laced with the ugliness and cruelty of the frontier West Shed is raped by the same man who then murders the woman he thinks is his mother and the Mormon townspeople bring a fiery end to Ida's raucous way of life the love and acceptance that tie this family together provide the true heart of this novel The Man Who Fell in Love with the Moon is a beautifully told mythic tale that is as well a profound meditation on sexuality race and man's relationship to himself and the natural world

Neo-segregation Narratives Brian Norman, 2010 Norman traces a neo segregation narrative tradition one that developed in tandem with neo slave narratives by which writers return to a moment of stark de jure segregation to address contemporary concerns about national identity and the persistence of racial divides

The Passions P. M. S. Hacker,2017-12-18 A survey of astonishing breadth and penetration No cognitive neuroscientist should ever conduct an experiment in the domain of the emotions without reading this book twice Parashkev Nachev Institute of Neurology UCL There is not a slack moment in the whole of this impressive work With his remarkable facility for making fine distinctions and his commitment to lucidity Peter Hacker has subtly characterized those emotions such as pride shame envy jealousy love or sympathy which make up our all too human nature This is an important book for philosophers but since most of its illustrative material comes from an astonishing range of British and European literature it is required reading also for literary scholars or indeed for anyone with an interest in understanding who and what we are David Ellis University of Kent Human beings are all subject to boundless flights of joy and delight to flashes of anger and fear to pangs of sadness and grief We express our emotions in what we do how we act and what we say and we can share our emotions with others and respond sympathetically to their feelings Emotions are an intrinsic part of the human condition and any study of human nature must investigate them In this third volume of a major study in philosophical anthropology which

has spanned nearly a decade one of the most preeminent living philosophers examines and reflects upon the nature of the emotions advancing the view that novelists playwrights and poets rather than psychologists and cognitive neuroscientists elaborate the most refined descriptions of their role in human life In the book s early chapters the author analyses the emotions by situating them in relation to other human passions such as affections appetites attitudes and agitations While presenting a detailed connective analysis of the emotions Hacker challenges traditional ideas about them and criticizes misconceptions held by philosophers psychologists and cognitive neuroscientists With the help of abundant examples and illustrative quotations from the Western literary canon later sections investigate describe and disentangle the individual emotions pride arrogance and humility shame embarrassment and guilt envy and jealousy and anger The book concludes with an analysis of love sympathy and empathy as sources of absolute value and the roots of morality A masterful contribution this study of the passions is essential reading for philosophers of mind psychologists cognitive neuroscientists students of Western literature and general readers interested in understanding the nature of the emotions and their place in our lives
