Matter Of Dignity Changing The World Of The Disabled:

A Matter of Dignity Andrew Potok, 2003-02-04 From A Matter of Dignity I realized that I needed to learn about the legislative and legal aspects of disability as much as I did about our feelings regarding wholeness beauty and ugliness about the state called normalcy about liberating technologies and therapies about the role of the disabled in history and literature And what could better inform and enlighten me than contact with people who help create access who elicit change via care support teaching and study as their life s work As it turned out I have learned from them that in spite of the American addiction to youthfulness normalcy virility activity and physical beauty diversity in all its forms provides not only fascination but strength Diversity tends toward higher forms uniformity toward dullness and extinction What could make more sense than to value all that is diverse unexpected and exuberantly impure *Identity Politics Reconsidered* L. Alcoff, M. Hames-García, S. Mohanty, Michael Hames-García, Paula M.L. Moya, 2006-01-09 Based on the ongoing work of the agenda setting Future of Minority Studies national research project *Identity Politics Reconsidered* reconceptualizes the scholarly and political significance of social identity It focuses on the deployment of identity within ethnic women s disability and gay and lesbian studies in order to stimulate discussion about issues that are simultaneously theoretical and practical ranging from ethics and epistemology to political theory and pedagogical practice This collection of powerful essays by both well known and emerging scholars offers original answers to questions concerning the analytical legitimacy of identity and experience and the relationships among cultural autonomy moral universalism and progressive politics Festschrift in Honor of David R. Maines Shing-Ling S. Chen, 2023-11-13 Highlighting the significance of Maines works in symbolic interactionism Volume 57 of *Studies in Symbolic Interaction* documents his most celebrated areas of scholarship including social structure narrative sociology social interaction dialectic perspective temporality and mesostructure Going Blind Mara Faulkner, OSB, 2012-03-15 Finalist for the 2010 Minnesota Book Award presented by the Friends of the Saint Paul Public Library Mara Faulkner grew up in a family shaped by Irish ancestry a close to the bone existence in rural North Dakota and the secret of her father s blindness along with the silence and shame surrounding it Dennis Faulkner had retinitis pigmentosa a genetic disease that gradually blinded him and one that may blind many members of his family including the author Moving and insightful *Going Blind* explores blindness in its many permutations within the context of the author s family more broadly as a disability marked by misconceptions and as a widely used cultural metaphor Mara Faulkner delicately weaves her family s story into an analysis of the roots and ramifications of the various metaphorical meanings of blindness touching on the Catholic Church of the 1940s and 1950s Japanese internment the Germans from Russia who dominated her hometown and the experiences of Native people in North Dakota Neither sentimental nor dispassionate the author asks whether it s possible to find gifts when sight is lost Reframing Disability? Daniel Jackson, Caroline E.M. Hodges, Mike Molesworth, Richard Scullion, 2014-12-05 The London 2012 Paralympic Games the biggest most accessible and best attended games in the

Paralympics 64 year history came with an explicit aim to transform the perception of disabled people in society and use sport to contribute to a better world for all people with a disability This social agenda offered the potential to re frame disability to symbolically challenge ableist ideology and to offer a reinvention of the disabled body and a redefinition of the possible This edited collection investigates what has and is happening in relation to these ambitions The book is structured around three key questions 1 What were the predominant mediated narratives surrounding the Paralympics and what are the associated meanings attached to them 2 How were the Paralympics experienced by media audiences both disabled and non disabled 3 To what extent did the 2012 Paralympics inspire social change Each section of this book is interspersed with authentic voices from outside academia broadcasters athletes and disabled schoolchildren

Education, Equity, Economy: Crafting a New Intersection George W. Noblit, William T. Pink, 2015-11-17 This volume will introduce the readers to an alternative nexus of education equity and economy pointing to economies and educations that promote a less stratified and exploitive world and as the chapter authors demonstrate this view has a wide range of applications from technology mathematics to environmental catastrophes and indigenous cultures This first volume in the new book series not only introduces the series itself but also several authors whose chapters that appear here presage the in depth analysis that will be offered by their volumes in the series Education is invoked repeatedly in the class warfare that pits the population against the elites as the investment that makes the difference in terms of both policy and individual commitment in the economy The economy in this scenario is competitive accumulative exploitive and stratifying implying education should mirror this and prepare people to fit this economy However education has other historic goals of developing common cultures national identities and civic engagement that belie this form of economic determinism This volume and the series will explore this new nexus of economy and education with equity
