Matthew Mark And Luke Vol 1 Torrance Edition:

Calvin's First Catechism I. John Hesselink, 1997-01-01 John Calvin's first catechism originally written in French in 1537 and then in Latin in 1538 provides a valuable clear and concise introduction to his thought. Now for the first time readers have available Ford Lewis Battles' English translation of the 1538 Latin edition and a current discussion of it in the same volume. This commentary on the first catechism also utilizes other sources such as Calvin's Commentaries and Institutes as well as the latest Calvin research. This volume is an excellent introduction to Calvin's theology and will be useful as a text for college and seminary courses as well as church discussion groups. The Columbia Series in Reformed Theology represents a joint commitment by Columbia Theological Seminary and Westminster John Knox Press to provide theological resources from the Reformed tradition for the church today. This series examines theological and ethical issues that confront church and society in our own particular time and place.

Reading Certainty Ralph Keen, Elizabeth Palmer, Daniel Owings, 2022-11-28 Reading Certainty offers incisive historical analysis of the foundational questions of the Christian tradition: how are we to read scripture and how can we know we are saved? This collection of essays honors the work and thought of Susan E. Schreiner by exploring the import of these questions across a wide range of time periods. With contributions from renowned scholars and from Schreiner's students from her more than three decades of teaching, each of the contributions highlights the nexus of certainty, perception, authority, and exegesis that has defined her scholarly work. Intellectual historians, early modernists, and scholars of Christianity will all appreciate this testament to Schreiner's influence. Contributors to this volume: Vincent Everer, Bruce Gordon, Ralph Keen, Mark Lambert, Kevin J. Madigan, Richard A. Muller, Willemien Otten, Daniel Owings, Elizabeth Palmer, Karen Park, Barbara Pitkin, Ronald K. Rittgers, William Schweiker, Jonathan Strom, and Matthew Vanderpoel.

Jesus and the Gospels, Third Edition Craig L. Blomberg, 2022-11-15 In *Jesus and the Gospels*, New Testament scholar Craig Blomberg immerses the reader in the historical and cultural world of Gospel narratives for them to better understand and appreciate their focal point: Jesus of Nazareth.

Game Over? Christophe Chalamet, Andreas Dettwiler, Mariel Mazzocco, Ghislain Waterlot, 2017-09-11 Modern science informs us about the end of the universe: game over is the message which lies ahead of our world. Christian theology, on the other hand, sees in the end not the cessation of all life but rather an invitation to play again in God's presence. Is there a way to articulate together such vastly different claims? Eschatology is a theological topic which merits being considered from several different angles. This book seeks to do this by gathering contributions from esteemed and fresh voices from the fields of biblical exegesis, history, systematic theology, philosophy, and ethics. How can we make sense today of Jesus and the New Testament's eschatological message? How did he, his early disciples, and the Christian tradition envision the end of the world? Is there a way for us to articulate together what modern science tells us about the end of the universe with the biblical and Christian claims about God who judges and who will wipe every tear? Eschatology has been at the heart of Christian theology for 100 years in the West. What should we do with this legacy? Are there ways to move

Jesus Brian G. Hedges, 2017-12-08 With Jesus takes us on a tour through Jesus life to show us how we can find our place in the story of Christ Christianity is not only a faith founded on facts but also a deeply personal experience of God's transforming grace in Christ While our hope is rooted in history the events of Jesus life death resurrection and ascension the Scriptures also teach that every believer is included in these events From the manger to the cross from the empty tomb to his glorious throne Jesus acted for us And the mystery and wonder of the gospel is that we are crucified buried raised and seated with him The story of Jesus rewrites our stories

SCM Core Text: Theological Hermeneutics Alexander Jensen, 2007-06-28 This book introduces theological hermeneutics by giving a historical account of the development of hermeneutical thinking. It defines hermeneutics as the analysis of the obstacles to understanding. The history of hermeneutical thinking and responses to obstacles is told here beginning with the allegorical interpretation of myths in Hellenism through to the contemporary view of the hermeneutical problem as universal. Following the opening chapters on the history of hermeneutical thought, the book presents an overview of the various contemporary hermeneutical schools of thought and shows their rootedness in different parts of the hermeneutical tradition. The focus is clearly on biblical interpretation; however, it does also take account of developments outside the field of theology as they influence the theological reflection on the hermeneutical problem. The questions raised and the possible answers suggested in this volume will be of interest to students of other disciplines such as philosophy and literature.

Ashgate Critical Essays on Women Writers in England, 1550-1700 Micheline White, 2017-05-15 Anne Lock, Isabella Whitney and Aemilia Lanyer have emerged as important literary figures in the past ten years and scholars have increasingly realized that their bold and often unorthodox works challenge previously held conceptions about women's engagement with early modern secular and religious literary culture. This volume collects some of the most influential and innovative essays that elucidate these women's works from a wide range of feminist literary, aesthetic, economic, racial, sexual and theological perspectives. The volume is prefaced by an extended editorial overview of scholarship in the field.

Right With God D. A. Carson, 2002-09-10 *Right with God* is a study of what the Bible has to say about justification along with reflections as to how this teaching ought to work out in a variety of contexts around the world. In addition to the essays on particular parts of the Bible (Paul, Matthew, Luke, Acts, John, James), the book includes an essay assessing recent thought on

justification and another attempting to put together a synthesis of biblical perspectives on this important theme One chapter relates justification and personal Christian living another weighs the relationship between justification and social justice yet another evaluates the treatment of justification in Roman Catholicism and in various interfaith dialogues For some readers however the most innovative chapters will be those discussing the relevance of the Christian doctrine of justification by faith in Hindu Islamic and Buddhist contexts The contributors have been drawn from evangelical communities around the world

A Case for Mixed-audience with Reference to the Warning Passages in the Book of Hebrews C. Adrian Thomas, 2008 A Case for Mixed Audience with Reference to the Warning Passages in the Book of Hebrews discusses the nature of the warnings in Hebrews and how these warnings relate to the theological question of the eternal security of believers The main argument is that these warnings are intended to target a particular segment of the author's community about whose appropriation of and subsequent attitude toward the Christian message he was deeply concerned That is to say while the book of Hebrews is addressed as a message of encouragement to the community as a whole its warnings are aimed at a certain element in the community whose salvation is threatened by a possible dangerous course of action The book implies that while the author is persuaded that the majority in the community are genuine believers there are some about whose salvation he doubts hence the case for a mixed audience What is threatened therefore is not a salvation already possessed but the salvation of those in danger of coming up short Theologically the work falls within the sphere of the Calvinistic Arminian debate regarding the assurance of salvation and the perseverance of the saints It argues strongly for the Calvinistic position but does so within the confines of the discipline of biblical studies and lends extensive exegetical support to the Calvinistic position on the warning passages The book is highly recommended for Bible College and seminary students and professors as well as pastors and lay leaders who must give answers to their parishioners on those tough warning passages in Hebrews

The Nursery of the Holy Spirit Daniel R. Hyde, 2014-07-30 Public worship is the nursery of the Holy Spirit As you enter the sanctuary you notice them at once Then as you take your seat next to a family they are right there beside you Throughout the ensuing service you see them and hear them The presence of children in public worship is not only striking but also increasingly strange in modern American church life In fact the idea of your children sitting or standing next to you during prayer singing or the pastor's sermon can be downright scary This book is based in the conviction that public worship is the nursery of the Holy Spirit and that bringing children in is both beneficial and a blessing The Nursery of the Holy Spirit offers practical advice on how to make this ideal a reality in your children's lives *Calvinism and the Arts* Christopher Richard Joby, 2007 It is often thought that the French Reformer John Calvin 1509-1564 had a negative attitude towards the arts particularly visual art However in Calvinism and the Arts A Re assessment Dr Joby argues that in Calvin's writings and in the development of the Reformed tradition more generally it is possible to discern a more positive attitude than has hitherto been recognized He makes a start by examining exactly what type of visual art Calvin

rejected and what type he affirmed He goes on to consider how Calvin s epistemology and eschatology can be used to argue for the placing of certain types of art notably histories and landscape paintings within Reformed churches and then devotes separate chapters to reflecting on how music architecture and church decoration within the Reformed tradition provide further arguments for the use of these works of art In the final section he looks at specific histories and landscapes from the Dutch Golden Age and considers how the form and content of both of these types of art provide us with further ontological and epistemological arguments which inevitably lead to the conclusion that their continued exclusion from Reformed churches is no longer tenable
