MYTHS AND LEGENDS

Myths And Legends Of Ancient Israel Myths And Legends Series

Gary R. Varner

Myths And Legends Of Ancient Israel Myths And Legends Series:

Ancient Israel--myths and Legends Angelo Solomon Rappoport, 1987 In *Ancient Israel Myths and Legends* Angelo S. Rappoport discusses and explains the fascinating early beliefs of the Jewish people The first section discusses the Jewish myths that deal with the origin of the world angels and demons paradise and hell the creation of Adam and Eve and legends related to the patriarchs Abraham and Isaac The second section discusses in greater depth the legends concerning the patriarchs prophets and priests the friends and favorites of God and explores Biblical personages such as Jacob Joseph Moses and Aaron The third section focuses on the first three kings of Israel Saul David and Solomon Also discussed are the Prophet Elijah and Queen Esther other important figures in Jewish legend **Myth and Legend of Ancient Israel** Angelo S.

Rappoport, 2013-10 This is a new release of the original 1928 edition *Myth and Legend of Ancient Israel* Angelo Solomon Rappoport, 1928 **Myth and Legend of Ancient Israel** Angelo Solomon Rappoport, 1966 **Weapons Upon Her Body**

Sandra Ladick Collins, 2013-01-16 The biblical stories of Lot's daughters Tamar Ruth and Bathsheba share much in common singular women who are left to rely upon their own wits to achieve some measure of victory over the men around them Scholarly interpretation of these women often reduces them to mere stock characters who inform civic notions about Israel the perennial underdog who like these women achieves against great odds Or they reflect the trickery and moral ambiguity inherent in their line as ancestresses of the House of David However when read for their gender information and not for what they can tell readers about Israel one finds women who employ strategies of deception and trickery motivated by individual self interest in order to successfully maneuver within the system to their benefit Such initiative can be seen as valorous they save themselves through their own pluck and ingenuity Thus a close consideration of these stories finds that heroic biblical women carry their essential weapons upon and within themselves in their drive their resolve and their cleverness Using methods from biblical study as well as folklore this study identifies biblical women motivated by self interest coupled with deception and an incidence of the bedtrick an instance of sexual trickery that challenges the text's power and gender dynamics This identification puts Lot's daughters Tamar Ruth and Bathsheba in league with female heroes from folk tale and legend By contrasting and comparing common motifs and actions with traits established by other non biblical female heroic narratives strong heroic themes are located in all four narratives This offers a dynamic argument for identifying the female biblical heroic This work concludes that this new identification of heroic women in the Bible profoundly affects further interpretation of the Bible **Encyclopedia of Jewish Folklore and Traditions** Raphael Patai, 2015-03-26 This

multicultural reference work on Jewish folklore legends customs and other elements of folklife is the first of its kind *The Land of God* Yang Xiaoli M.A., God's Promise to the Chinese God created the heavens and the earth He created everything from nothingness God exists forever without reason Nature including stars mountains rivers sky clouds flowers trees seasons the universe that operates orderly has been declaring the glory of God and proclaiming the wondrous and mighty works of

God God is spirit Only those whose spirit is alive to Him can see and perceive God and the things of Him Since the first man sinned and refused to repent which caused man s spiritual death to God man is no longer spiritual but worldly After that man has been blind and deaf to God and His mighty works For instance man takes it for granted that the orderly operated nature came into being by itself *Sacred Wells* Gary R. Varner,2009 *Sacred Wells* is an in depth study of springs wells and waters that have been venerated from California to Cornwall Russia to Australia Tales of faeries black hounds hauntings and miraculous cures are explored Many of these sites are still locations for religious festivals and ritual unchanging for hundreds of years The book is illustrated with photos taken by the author **A Letter That Has Not Been Read** Bar

Shaul,2001-12-31 Since Freud the study of dreams has typically involved inquiry into past and present emotional states The ancients unfamiliar with the intricate byways of the human soul revealed by modern psychology typically saw dreams as channels of communication between human beings and external sources Shaul Bar explores the etymology of key terms for dreams in the Hebrew Bible presents dozens of examples of biblical dreams and visions and categorizes them as prophetic symbolic or incubation He studies biblical dreams and visions in the context of similar phenomena in the literature of neighboring cultures and analyzes the functions of dream reports in the biblical corpus The literature of dream interpretation in Egypt and Mesopotamia informs Bar s treatment of the structure of dream accounts as conforming to the three part model setting message response proposed for ancient Near Eastern dream accounts in A Leo Oppenheim s classic work on dream interpretation Symbolic dreams whether or not God is their source contain no divine appearance and require interpretation to be understood While oneiro criticism was a significant profession in ancient Near Eastern cultures the Hebrew Bible presents only two such experts Joseph and Daniel Both were active in royal courts and the success of both in interpreting the rulers dreams served to confirm the superiority of the God of Israel Ambivalence characterizes the attitude toward dreams and visions in prophetic literature Joel and Job allow that they have some value But Jeremiah Zechariah Isaiah and Ecclesiastes find no religious significance in them and even treat them as tools of deceit The Talmud presents no consensus about whether dreams are a legitimate form of communication from God Although a guild of professional interpreters existed in Jerusalem and the Talmud includes a short dream book many Sages expressed skepticism about such alleged divine messages Dreams also serve important functions within the literary world of the Hebrew Bible Bar shows how Jacob s dream at Bethel serves to explain the sanctity of the place and detach it from its Canaanite context how the dreams in the Joseph cycle show the hand of divine providence in the descent to Egypt followed by the ascent to the Promised Land how Solomon s dream at Gibeon serves to legitimate Solomon s rule and how Nebuchadnezzar s dreams served to emphasize once again that it is the Lord who guides universal history Myths and Hero Tales Agnes Regan Perkins,1997-11-25 This one stop cross cultural selective guide to recent retellings of myths and hero tales for children and young adults will enable teachers and library media specialists to select comparative myths and tales from various mostly non European cultures The focus is on

stories from Native America Asia Africa the Middle East Central and South America and Oceania The Guide contains extensively annotated entries on 189 books of retellings of myths and hero tales both ancient and modern from around the world published between 1985 and 1996 Represented are 1 455 stories suitable for use with young people from mid elementary through high school The entries arranged alphabetically by writer contain complete bibliographic data age and grade levels and evaluative annotations Seven indexes title author illustrator culture story type name and grade level make searching easy The story type index will enable teachers to select comparative myths and tales from different cultures on more than 50 types of myths and hero tales Among the many myth types cited are origin of human beings and the world comparative social customs and rituals natural and heavenly phenomena animal appearance and behavior searches and quests and tricksters Among the hero tale types are fools and buffoons kings and queens warriors monster slayers important female figures magicians voyagers and adventurers and spiritual leaders The Guide concludes with a bibliography of retellings published earlier that have come to be considered standard works
