Michigan Myths and Legends Sally Barber, 2020-12-01 From tales of pirate treasure to Jimmy Hoffa's mysterious disappearance *Michigan Myths and Legends* makes history fun and pulls back the curtain on some of the state's most fascinating and compelling stories Most people have heard about the Bermuda Triangle where ships and people disappear without a trace but few have heard about the equally deadly Great Lakes Triangle where one third of all unsolved sea and air disasters in America take place Night after night curious onlookers congregate on a remote hill near the Michigan Wisconsin border to watch for mysterious lights that rise out of the ground hover and then disappear Are the orbs merely optical phenomena created by headlights of passing cars Or are they spirits returning to haunt where their earthly bodies met their demise In the mid 1960s the number of reports to the US Air Force of UFO sightings spiked across the country Were people seeing unfamiliar technological innovations in aircraft Had the rising popularity of the new fangled television's sci-fi programs sparked Americans' imaginations Or were extraterrestrial beings actually responding to signals from newly constructed deep space radio transmitters
