Samuel Schuman

Nabokov's Garden:

Nabokov's Garden Bobbie Ann Mason, 1974 [Nabokov's Garden](#) Bobbie Ann Robbins, 1972 *Nabokov's Fifth Arc* J. E. Rivers, Charles Nicol, 2014-09-10 In his autobiography *Invitation of a Memory* Vladimir Nabokov compared his life to a spiral in which twirl follows twirl and every synthesis is the thesis of the next series The first four arcs of the spiral of Nabokov's life his youth in Russia voluntary exile in Europe two decades spent in the United States and the final years of his life in Switzerland are now followed by a fifth arc his continuing life in literary history which this volume both explores and symbolizes This is the first collection of essays to examine all five arcs of Nabokov's creative life through close analyses of representative works The essays cast new light on works both famous and neglected and place these works against the backgrounds of Nabokov's career as a whole and modern literature in general Nabokov analyzes his own artistry in his Postscript to the Russian Edition of *Lolita* presented here in its first English translation and in his little known *Notes to Ada* by Vivian Darkbloom published now for the first time in America and keyed to the standard U.S. editions of the novel In addition to a defense of his father's work by Dmitri Nabokov and a portrait interview by Alfred Appel Jr the volume presents a vast spectrum of critical analyses covering all Nabokov's major novels and several important short stories The highly original structure of the book and the fresh and often startling revelations of the essays dramatize as never before the unity and richness of Nabokov's unique literary achievement **Understanding Bobbie Ann Mason** Joanna Price, 2000 An analysis introducing Mason's nonfiction prose short stories and novels Price sheds light on the writer's distinctive style and thematic concerns in her writings about contemporary Western Kentucky **Nabokov's Canon** Marijeta Bozovic, 2016-05-31 Nabokov's translation of Pushkin's *Eugene Onegin* 1964 and its accompanying Commentary along with *Invitation of a Memory* 1969 his densely allusive late English language novel have appeared nearly inscrutable to many interpreters of his work If not outright failures they are often considered relatively unsuccessful curiosities In Bozovic's insightful study these key texts reveal Nabokov's ambitions to reimagine a canon of nineteenth and twentieth century Western masterpieces with Russian literature as a central rather than marginal strain Nabokov's scholarly work translations and lectures on literature bear resemblance to New Critical canon reformations however Nabokov's canon is pointedly translingual and transnational and serves to legitimize his own literary practice The new angles and theoretical framework offered by Nabokov's Canon help us to understand why Nabokov's provocative monuments remain powerful source texts for several generations of diverse international writers as well as richly productive material for visual cinematic musical and other artistic adaptations [The Garland Companion to Vladimir Nabokov](#) Vladimir E. Alexandrov, 2014-05-22 First published in 1995 This companion constitutes a virtual encyclopaedia of Nabokov and occupies a unique niche in scholarship about him Articles on individual works by Nabokov including his short stories and poetry provide a brief survey of critical reactions and detailed analyses from diverse vantage points For anyone interested in Nabokov from scholars to readers who love his works this is an ideal

guide Its chronology of Nabokov s life and works bibliographies of primary and secondary works and a detailed index make it easy to find reliable information any aspect of Nabokov s rich legacy Nabokov's Secret Trees Stephen H.

Blackwell,2024-06-03 In nearly all his literary works Vladimir Nabokov inscribed networks of trees to create meaningful patterns of significance around one or more of his passionate interests in consciousness memory creativity epistemology ethics and love with a deep connection to nature serving as a constant undercurrent Nabokov s *Secret Trees* explores this neglected area of his art one that positions nature as a hidden but vital core of his work The book presents an entirely new previously unsuspected Nabokov one who crafts intricate patterns of arboreal imagery lurking behind his often baroque psychological narratives It reveals how Nabokov activates arboreal potentials by exploring the hidden ubiquity of trees their essence as complex natural phenomena and their role as quiet presences that have accompanied and fostered human civilization and art since their beginnings The book uncovers how trees offer a rich and intricate field for structural semantic allusive and metaphorical exploration Based on the published corpus as well as archival materials Nabokov s *Secret Trees* demonstrates that trees not only populate Nabokov s art in stunning yet furtive abundance but also as mysterious natural entities directly animating his works worlds and his readers experience of them *Nabokov* Leona Toker,2016-11-01

Vladimir Nabokov described the literature course he taught at Cornell as a kind of detective investigation of the mystery of literary structures Leona Toker here pursues a similar investigation of the enigmatic structures of Nabokov s own fiction According to Toker most previous critics stressed either Nabokov s concern with form or the humanistic side of his works but rarely if ever the two together In sensitive and revealing readings of ten novels Toker demonstrates that the need to reconcile the human element with aesthetic or metaphysical pursuits is a constant theme of Nabokov s and that the tension between technique and content is itself a key to his fiction Written with verve and precision Toker s book begins with *Invitation to a Beheading* and follows the circular pattern that is one of her subject s own favored devices *Nabokov's Shakespeare* Samuel

Schuman,2014-07-31 Nabokov s *Shakespeare* is a comprehensive study of an important and interesting literary relationship It explores the many and deep ways in which the works of Shakespeare the greatest writer of the English language penetrate the novels of Vladimir Nabokov one of the finest English prose stylists of the twentieth century As a Russian youth Nabokov read all of Shakespeare in English He claimed a shared birthday with the Bard and some of his most highly regarded novels *Lolita* *Pale Fire* and *Invitation to a Beheading* are infused with Shakespeare and Shakespeareanisms Nabokov uses Shakespeare and Shakespeare s works in a surprisingly wide variety of ways from the most casual references to deep thematic links Schuman provides a taxonomy of Nabokov s Shakespeareanisms a quantitative analysis of Shakespeare in Nabokov an examination of Nabokov s Russian works his early English novels the non novelistic writings poetry criticism stories Nabokov s major works and his final novels and a discussion of the nature of literary relationships and influence With a Foreword by Brian Boyd

Nabokov, History and the Texture of Time Will Norman,2012-10-02 This book argues that the apparent evasion of

history in Vladimir Nabokov's fiction conceals a profound engagement with social and therefore political temporalities. While Nabokov scholarship has long assumed the same position as Nabokov himself that his works exist in a state of historical exceptionalism, this study restores the content context and commentary to Nabokovian time by reading his American work alongside the violent upheavals of twentieth-century ideological conflicts in Europe and the United States. This approach explores how the author's characteristic temporal manipulations and distortions function as a defensive dialectic against history, an attempt to salvage fiction for autonomous aesthetics. Tracing Nabokov's understanding of the relationship between history and aesthetics from nineteenth-century Russia through European modernism to the postwar American academy, the book offers detailed contextualized readings of Nabokov's major writings, exploring the tensions, fissures, and failures in Nabokov's attempts to assert aesthetic control over historical time. In reading his response to the rise of totalitarianism, the Holocaust, and Cold War Normans, it redresses the commonly expressed admiration for Nabokov's heroic resistance to history by suggesting the ethical, aesthetic, and political costs of reading and writing in its denial. This book offers a rethinking of Nabokov's location in literary history, the ideological impulses which inform his fiction, and the importance of temporal aesthetics in negotiating the matrices of modernism.

Reviewing **Nabokovs Garden**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing.
