Nac Vol 37 1 Peter Jude:

A Virtue Ethical View of Trinitarian Sanctification Ronald M. Rothenberg, 2014-07-02 The thesis of this book is that virtue ethics is key to understanding Trinitarian progressive sanctification The thesis is supported by four reasons why virtue ethics is key to understanding Trinitarian progressive sanctification 1 the Trinity virtue ethics and sanctification are historically and conceptually interconnected in the tradition and Scripture 2 virtue ethics based on metaphysical realism is the most biblically consistent ethical framework for Trinitarian progressive sanctification 3 Jesus active roles as a teacher and example of virtue play an important part in Trinitarian sanctification and 4 Jesus priestly heavenly intercession aimed at manifesting virtue in believers is crucial to understanding how the Trinity progressively sanctifies believers The active roles of Jesus in sanctification ordered by the Triune premise indicate that the Trinity sanctifies such that 1 the value having its source from the Father is revealed through the teaching of the Son to motivate believers who are empowered to be motivated by the Spirit 2 the character that is from the Father is revealed through the Son s example that is to be imitated by the believer through habituation and reciprocity by the Spirit s leading and 3 believers are led by the Spirit s intercession into prayer Rom 8 14 16 26 27 to be helped through the Son s priestly intercession in order to receive an answer from the Father with the aim of manifesting the virtues of endurance and hope in the lives of believers The Doctrine of the Covenant of Redemption According to John Gill (1697-1771) Wang Yong Lee, 2025-02-11 What is the doctrine of the covenant of redemption Why does John Gill 1697 1771 an English Baptist pastor and theologian regard this doctrine as the kernel in his systematic theology This book explicates how core theological doctrines in the Bible e g the doctrine of God the Trinity Christology and soteriology are integrated in the doctrine of the covenant of redemption from the biblical and theological perspective of John Gill From his long pastoral experience and over fifty years of rich writing Gill demonstrates that a careful investigation of the Bible and of God the Trinity makes him love the reality of the covenant of redemption in eternity which is ultimately revealed by the gospel of Jesus Christ Gill sees those who are in the gospel of Jesus Christ as the ones through whom the eternal reality of the covenant of redemption is manifested to the saved Gill also encourages those who are in Christ to see the eternal reality of the covenant of redemption revealed by the gospel of Jesus Christ *Luke 6:40 and the Theme of Likeness Education in the New Testament* Thomas W. Hudgins, 2014-01-07 What does Jesus mean when he says A disciple is not above his teacher but each disciple after being fully trained will be like his teacher Luke 6 40 This verse has been quoted cited and referenced in vast amounts of Christian education and discipleship literature Nevertheless the verse is nearly untouched in exegetical discussions with the exception of source critical analyses From this verse arises an undeveloped theme in the Gospel of Luke and the New Testament the theme of likeness education Using content analysis methodology Luke 6 40 one of the keystone passages in Christian education literature serves as the starting point for mining out the theme of likeness education in the New Testament This study consists of three concentric areas of investigation 1

Luke 6 40 and its immediate context 2 Luke Acts and 3 the New Testament corpus **New Creation Eschatology and the Land** Steven L. James, 2017-09-27 What will the final state of the redeemed look like Throughout the history of the church conceptions of the final state have tended to minimize the promise of the new heavens and new earth In contrast to the historical dominance of spiritual heavenly non temporal conceptions of the final state the last two decades have witnessed a rise in conceptions that include the redemption of material earthly and temporal reality These new creation conceptions have included proposals regarding the fulfillment of Old Testament land promises In *New Creation Eschatology and the Land* Steven L James argues that in recent new creation conceptions of the final state there is a logical inconsistency between the use of Old Testament texts to inform a renewed earth and the exclusion of the territory of Israel from that renewed earth By examining a select group of new creationists James shows that the exclusion of the territorial restoration of Israel in a new creation conception fails to appreciate the role of the particular territory in Old Testament prophetic texts and results in an inconsistent new creationism **Progressive Covenantalism** Stephen J. Wellum, Brent E. Parker, 2016-04-15 Biblical covenants provide the backbone to the narrative plot line of Scripture therefore it is essential to think through the interrelationship between the biblical covenants starting in creation and culminating in Christ in order to rightly grasp the whole counsel of God *40 Questions About Salvation* Matthew Barrett, 2018-05-15 This contribution to the 40 Questions series continues the tradition of excellent research presented in clear user friendly writing *40 Questions About Salvation* makes sense of one of Christianity's most disputed doctrines covering the most common and difficult questions about election the order of salvation and perseverance of the saints This volume will help pastors college and seminary students and all Christians who want to grow in their understanding of what the Bible teaches about salvation Each chapter is succinct and readable with a bibliography of additional resources for those who wish to study further *A Fresh Look at Genesis 1-2* Gary W Schneider, 2021-03-15 One of this book's main themes is how God's Book of Nature is concordant with His Book of Scripture In their writings many of the pioneers of the Scientific Revolution often referred to God's two Books These brilliant naturalists were also devout Christians But that was back then Is modern science actually compatible with Scripture More to the point are the findings of 21st century science concordant with the Genesis creation story What else does the text of Genesis 1 2 have to say While making an honest effort to answer those questions some vitally important theological concepts which were introduced by Moses in the first two chapters of Genesis are also examined and discussed in this volume This comprehensive study on how modern science is concordant with the intended meaning of the text of Genesis 1 2 has many useful features including the following Much of the first two parts of the book consists of background material on 1 logic 2 history and philosophy of science and 3 scientific method as well as 4 basic geological principles 5 descriptions of Plate Tectonic theory and 6 the principles and methods of radiometric dating This background material is designed to help the reader to understand the implications of the empirical evidence presented in Part Two God's Book of Nature Similarly there

is also extensive material on 1 Biblical interpretation and hermeneutics 2 textual criticism 3 the history of ancient Israel 4 development of the Hebrew language and 5 some of the basic elements of Biblical Hebrew This material is given prior to looking at the literary structure and genre of the Genesis 1 2 text and then conducting thorough and complete exegetical analyses of the various textual units of Genesis 1 2 in Part Four God's Book of Scripture Prior to the exegetical analyses for each of the textual units of Genesis 1 2 1 the Biblical Hebrew text 2 a standard English translation and 3 an Interlinear version of the text of that unit are provided The Interlinear version consists of a the Hebrew text with b SBL transliterations and c English glosses below each one of the Hebrew words Color coding and other types of annotations highlighting are used throughout Part Four God's Book of Scripture in order to help the reader identify important Biblical Hebrew elements including recurring phrases important BH words and key BHVS verb forms There are more than 2000 detailed footnotes Many of these footnotes also cross reference other topics in the book to make it easier for the reader to refer back to a discussion of some important theme or concept Excerpts from the entries of reputable Hebrew and Greek lexicons for words written in the original languages of the Biblical text are also footnoted An Appendix is included with a Key to Transliteration and Pronunciation for Biblical Hebrew graphemes it also has a short section on Biblical Hebrew Accent Markings Numerous detailed colored figures are sprinkled throughout the text In many of these figures the artwork itself is worth the inexpensive price of the digital edition of this book Part Six The Good News is worth reading as a stand alone exposition of God's Grace but it also helps put the rest of the book in context Although the most common and logical way to read A Fresh Look at Genesis 1 2 is from start to finish this 1100 page book was also intended to be used as a reference work Footnotes direct the reader back to pertinent material in preceding chapters that might not have been read already or that readers might want to revisit in order to refresh their memory on some topic More information is available at <https://a.freshlookatgenesis.org>

God's Word Alone---The Authority of Scripture Matthew Barrett, 2016-09-20 Scholar and pastor Matthew Barrett retraces the historical and biblical roots of the doctrine that Scripture alone is the final and decisive authority for God's people God's Word Alone is a decisive defense of the Bible as the inspired and inerrant Word of God Revitalizing one of the five great declarations of the Reformation sola Scriptura Barrett Analyzes what the idea of sola Scriptura is and what it entails clarifying why the doctrine is truth and why it's so essential to Christianity Surveys the development of this theme in the Reformation and traces the crisis that followed resulting in a shift away from the authority of Scripture Shows that we need to recover a robust doctrine of Scripture's authority in the face of today's challenges and why a solid doctrinal foundation built on God's Word is the best hope for the future of the church This book is an exploration of the past in order to better understand our present and the importance of reviving this indispensable doctrine for the Christian faith and church today THE FIVE SOLAS Historians and theologians have long recognized that at the heart of the sixteenth century Protestant Reformation were five declarations often referred to as the solas These five statements summarize much of what the

Reformation was about and they distinguish Protestantism from other expressions of the Christian faith that they place ultimate and final authority in the Scriptures acknowledge the work of Christ alone as sufficient for redemption recognize that salvation is by grace alone through faith alone and seek to do all things for God's glory The Five Solas Series is more than a simple rehashing of these statements but instead expounds upon the biblical reasoning behind them leading to a more profound theological vision of our lives and callings as Christians and churches

The Ongoing Role of Apostles in Missions
Don Dent, 2019-02-15 Numerous trends are presently converging in ways that make this moment in mission history significant These include the growth of short term service the multiplication of mission organizations local churches sending missionaries without an agency and the internationalization of missions It is crucial in the midst of such change that we not lose connection with the New Testament model of the missionary apostles Apostles now commonly called missionaries are God's gift for the initial planting phase of the church among every people to the end of the age This unique church planting role is the forgotten foundation of the church Much of the ineffectiveness in missions is due to our attempts to build Christ's church on a different foundation This book will examine five critical questions from the perspective of biblical scholarship history and contemporary experience Why are missions minded Evangelicals reluctant to identify missionaries as apostles considering that the two words have the same root meaning How is apostolos used in the New Testament and specifically is it sometimes used as a designation for missionaries How should we conceptualize an ongoing role for missionary apostles that does not detract from the crucial unique role of the original Apostles What ministry pattern does the New Testament record from the lives of the early missionary apostles How should an awareness of missionary apostles guide our mission efforts today

Christ Jesus, the True Israel Brent E. Parker, 2024-01-11 What is the relationship between the nation of Israel Jesus Christ and the church Pastors and theologians come to significantly different conclusions The reigning systems of evangelical theology covenant theology and dispensationalism answer this question by stressing the continuity of the Israel church relationship covenant theology or emphasizing discontinuity dispensationalism In more recent times progressive covenantalism has emerged as a via media between these two theological approaches by providing a different proposal for unpacking the biblical covenants and by highlighting that to rightly understand the people of God in biblical theology the person of Jesus Christ must be the focal point In Christ Jesus the True Israel Brent E Parker presents the case for the importance of typology in this debate arguing that national Israel is a type not unlike other Old Testament types e.g the sacrificial system the temple etc that reaches its antitypical fulfillment in Jesus Christ Moreover the Israel church relationship is also typological but only through Christ Parker demonstrates that the progressive covenantal approach is a viable system of theology that seeks to preserve what the whole Bible says regarding the people of God from Israel to Christ and from Christ to the church
