Naked Brian Hoffman, 2015-05

In 1929 a small group of men and women threw off their clothes and began to exercise in a New York City gymnasium marking the start of the American nudist movement. While countless Americans had long enjoyed the pleasures of skinny dipping or nude sunbathing nudists were the first to organize a movement around the idea that exposing the body corrected the ills of modern society and produced profound benefits for the body as well as the mind. Despite hostility and skepticism American nudists enlisted the support of health enthusiasts, homemakers, sex radicals and even ministers and in the process redefined what could be seen, experienced and consumed in twentieth century America. *Naked* gives a vibrant, detailed account of the American nudist movement and the larger cultural phenomenon of public nudity in the United States. Brian S Hoffman reflects on the idea of nakedness itself in the context of a culture that wrestles with an inherent sense of shame and conflicting moral attitudes about the body. In exploring the social and legal history of nudism Hoffman reveals how anxieties about gender, race, sexuality and age inform our conceptions of nakedness. The book traces the debates about distinguishing deviant sexualities from morally acceptable display, the legal processes that helped bring about the dramatic changes in sexuality in the 1960s and 1970s as well as the explosion in eroticism that has increasingly defined the modern American consumer economy. Drawing on a colorful collection of nudist materials, films and magazines *Naked* exposes the social, cultural and moral assumptions about nakedness and the body normally hidden from view and behind closed doors.

They Said "Don't Get Naked at the Beach"... Kristin Williams, 2025-06-12

Look You know how some people just can't resist pushing a big red Do Not Push button. That's me. Except the button is my pants. And the warning sign is

usually a friend yelling something like Kristin for the love of GOD not HERE I remember it vividly The sky was the color of an overcooked egg yolk and the beach was crawling with families volleyball bros and at least one bachelorette party in matching hot pink Bride Squad tank tops A totally normal beach day Which is exactly why I knew I had to get naked Now don t get me wrong I was trying to be normal at first I packed like a responsible adult Sunscreen Water bottle Extra towel Bikini that sort of fit when I bought it but now made one of my boobs look like it was trying to escape to Canada But then Tanya bless her perfectly sculpted smug butt leaned over and said Kristin please don t do anything weird today Let s just blend in You know what I heard Kristin please be your full feral self and do something that will emotionally scar at least one person s grandpa Naturally I whipped off that ill fitting bikini like I was being chased by bees And just like that my left boob got its first taste of coastal breeze and a toddler screamed in the distance This book is for everyone who s ever wanted to feel the sun on their butt cheeks and wasn t sure if it was allowed I mean sure society tells us all sorts of things like Don t run naked across a beach unless you want to end up on the evening news and Ma am you can t store grapes in there But I say why not Not the grapes part That got me kicked out of a Whole Foods But the beach part Oh honey strip down and get weird I didn t always used to be like this There was a time I was modest Shy Polite The kind of girl who changed her clothes inside a sleeping bag at summer camp But then life happened My twenties happened One boyfriend said I looked weirdly confident naked Another said I reminded him of a sexy lizard sunning on a rock And one magical day I just stopped giving a damn This is not just a book about being nude It s about living nude Which sounds inspirational and poetic but is really just an excuse to tell you the story about the time I tried to ride a tandem bicycle naked with Susan spoiler a lot of bruising mostly emotional We ll talk about sand in awkward places nudist etiquette yes it s a thing how to avoid eye contact with someone who s applying lotion to their butt crack and how to handle the inevitable friend who says I support your nudity but like over there Far away So buckle up wait no unbuckle That s the whole point Unbuckle everything Because whether you re full time nudie or just curious what it s like to air out your lady bits on a breezy Tuesday afternoon I promise you this it s gonna be funny it s gonna get weird and there s at least one story involving a seagull a rogue tampon and a funny butt related incident I am not allowed to discuss in detail Now take off your pants and let s begin

A Florida State of Mind James D. Wright, 2019-04-30 A witty history of the state that s always in the news for everything from alligator attacks to zany crimes There s an old clip of Bugs Bunny sawing the entire state of Florida off the continent and every single time a news story springs up about some shenanigans in Florida someone on the internet posts it in response Why are we so ready to wave goodbye to the Sunshine State In *A Florida State of Mind* An Unnatural History of Our Weirdest State James D Wright makes the case that there are plenty of reasons to be scandalized by the land and its sometimes kooky sometimes terrifying denizens but there s also plenty of room for hilarity Florida didn t just become weird it s built that way Uncharted swampland doesn t easily give way to sprawling suburbia It took violent colonization land scams to trick non Floridians into buying undeveloped property and the

development of railroads to benefit one man's hotel empire Even the most natural parts of Florida are unnatural Florida citrus Not from here but from China Gators Oh they're from Florida all right but that doesn't make having 1 per every 20 humans normal Animals in the form of roadkill Only Florida allows you to keep anything you kill on the road and anything you find Yet everyone loves Florida tourists come in droves and people relocate to Florida constantly only 36% of residents were born there Crammed with unforgettable stories and facts Florida will show readers exactly why

Polish Sexual Revolutions Anna Dobrowolska, 2025-08-05 We are used to thinking that the sexual revolution of the 1960s and 1970s was an essentially Western phenomenon The surge in pornographic production effective oral contraception and new developments in fashion and popular culture all seem to be inextricably linked with a capitalist economy Yet little has still been written about the transformations of intimate lives on the other side of the Iron Curtain Was there a sexual revolution behind the Berlin Wall And if so what areas of social life did it impact Did women in the words of Kristen Ghodsee have better sex under socialism Polish Sexual Revolutions Negotiating Sexuality and Modernity behind the Iron Curtain studies the history of sexuality in state socialist Poland in its European and global contexts focusing on how communism transformed both sexual discourses and intimate practices between 1945 and 1989 It reconfigures our understanding of the sexual revolution departing from the case study of Poland to complicate the oversimplified and much misused concepts of sexual modernity and progress Engaging with the most recent scholarship on sexuality in East Central Europe and a wide range of unused primary material including visual and material sources the monograph reassesses the role played by communist states in modernising their citizens approaches to sex Contrary to the stereotype which perceives the region as lagging behind the West in sexual matters and having to catch up after 1989 the book sheds light on the ambiguous and progressive histories of state socialist entanglements with sex to showcase alternative visions of sexual liberation In so doing and by focusing on forgotten genealogies of discussions of sexuality the monograph historicises the roots of contemporary debates on sex education LGBTQ and women's rights in the region
