Paradigms of Clinical Social Work

Rachelle A. Dorfman, 2015-11-17 This fully integrated volume written by the leading experts in the field of social work presents a wide range of therapeutic paradigms Especially noteworthy is the common framework provided for all paradigms discussed thus facilitating comparison and contrast between each approach These paradigms include cognitive brief oriented and psychosocial therapies as well as Adlerian theory and radical behaviorism *Paradigms of Clinical Social Work* Rachelle A. Dorfman-Zukerman, Ph.D., Melinda L. Morgan, Ph.D., Phil Meyer, 2012-12-06 Designed to mirror how social work theory and practice is taught *Paradigms of Clinical Social Work* Volume 3 presents new therapeutic models through an imaginary family experiencing common social work problems

Fast Money Schemes John Cox, 2018-10-02 In the late 1990s and early 2000s a wave of Ponzi schemes swept through Papua New Guinea Australia and the Solomon Islands The most notorious scheme U Vistract attracted many thousands of investors enticing them with promises of 100 percent interest to be paid monthly Its founder Noah Musingku was a charismatic leader who promoted the scheme as a form of Christian mission and as the basis for establishing an independent kingdom *Fast Money Schemes* uses in depth interviews with investors newspaper accounts and participant observation to understand the scheme s appeal from the point of view of those who invested and lost showing that organizers and investors alike understood the scheme as a way of accessing and participating in a global economy John Cox delivers a post village ethnography that gives insight into the lives of urban middle class Papua New Guineans a group that is not familiar to US readers and that has seldom been a focus of anthropological interest The book s concern with understanding the interweaving of morality finance and aspirations shared by a global cosmopolitan middle class has wide resonance beyond studies of Papua New Guinea and anthropology

American Women

Photographers Martha Kreisel, 1999-02-28 American women have made significant contributions to the field of photography for well over a century This bibliography compiles more than 1 070 sources for over 600 photographers from the 1880s to the present As women s role in society changed so did their role as photographers In the early years women often served as photographic assistants in their husbands studios The photography equipment initially heavy and difficult to transport was improved in the 1880s by George Eastman s innovations With the lighter camera equipment photography became accessible to everyone Women photographers became journalists and portraitists who documented vanishing cultures and ways of life Many of these important female photographers recorded life in the growing Northwest and the streets of New York City became pioneers of historic photography as they captured the plight of Americans fleeing the Dust Bowl and the horrors of the concentration camps and were members of the Photo Secessionist Movement to promote photography as a true art form This source serves as a checklist for not only the famous but also the less familiar women photographers who deserve attention *All of the Above I* Richard Baldwin Cook, 2008 A history of the ancestry of Elizabeth Huey Taylor Cook tracing

various genealogical lines more than four hundred years Individuals and couples are placed in their historical context showing their participation in the events of their time Revolutionary War Civil War early settlements in Massachusetts Virginia and Kentucky Special attention is given to the role of various ancestors in the Indian wars of the 1600s and 1700s Many details about the families ownership of slaves are included Various individuals participation in church and community activities from the earliest colonial settlements to and including the 20th century are also covered The main surnames which are treated include TAYLOR HUEY MOORE CROUCH MAYO BALDWIN SCOTT DAWSON PUTNAM PORTER HAWTHORNE DOYNE WHARTON STONE WINSTON GAINES WATTS GOUGE GRAVES WILLIAMS HUNT JEWETT JUETT MASON PENDLETON GAMEWELL SWAINE PARSONS BOOTH WOODBURY DWIGHT WALTON MAVERICK HARRISON LYTTLETON VALLETTE MARMADUKE A total of about 120 surnames are traced *The Bookman*, 1892 *The Weight of Whiteness* Alison Bailey, 2021-02-23 Check your privilege is not a request for a simple favor It asks white people to consider the painful dimensions of what they have been socialized to ignore Alison Bailey's *The Weight of Whiteness: A Feminist Engagement with Privilege, Race, and Ignorance* examines how whiteness misshapes our humanity measuring the weight of whiteness in terms of its costs and losses to collective humanity People of color feel the weight of whiteness daily The resistant habits of whiteness and its attendant privileges however make it difficult for white people to feel the damage White people are more comfortable thinking about white supremacy in terms of what privilege does for them rather than feeling what it does to them The first half of the book focuses on the overexposed side of white privilege the side that works to make the invisible and intangible structures of power more visible and tangible Bailey discusses the importance of understanding privileges intersectionally the ignorance preserving habits of white talk and how privilege and ignorance circulate in educational settings The second part invites white readers to explore the underexposed side of white dominance the weightless side that they would rather not feel The final chapters are powerfully autobiographical Bailey engages readers with a deeply personal account of what it means to hold space with the painful weight of whiteness in her own life She also offers a moving account of medicinal genealogies which helps to engage the weight she inherits from her settler colonial ancestors The book illustrates how the gravitational pull of white ignorance and comfort are stronger than the clean pain required for collective liberation The stakes are high Failure to hold the weight of whiteness ensures that white people will continue to blow the weight of historical trauma through communities of color *Catalog of Copyright Entries*, 1935 **SynergiCity** Paul Hardin Kapp, Paul J.
