How to Keep Your Children Safe Yvonne Marie Vissing, 2006 Winner of the New England Sociological Association Sociologist of the Year 2008 Life in contemporary American society requires that children spend considerable time in the care of other people These people include teachers coaches babysitters camp counselors ministers neighbors friends and extended family While most people who work with children do a good job some caregivers fail to adequately care for kids while others actually put them in harm s way Parents may assume that caregivers of all kinds are uniformly evaluated and approved but this is not always the case American society despite a superficial rhetoric of concern for children has not instituted strong national state or local safety nets to protect them And because there is no comprehensive commitment to ensure child safety there is no systematic or even partial oversight of adults charged with their care As a result parents are put in the difficult position of deciding whether caregivers of all kinds are sufficiently skilled and responsible to look after children How to Keep Your Children Safe is essential reading for any parent concerned about child safety It takes a hard look at the hidden side of children s lives the times when they re in contact with caregivers who aren t doing their jobs properly It provides detailed information on places where children are under the care of others

including day care recreational settings religious and civic organizations schools and summer camps Vissing investigates the potential perils of each setting and enumerates ways in which parents can better monitor or take control of their child's safety By writing a realistic assessment of commonplace settings that every parent and child can relate to and offering a road map to child safety Vissing empowers parents to make critical decisions about their children's lives **Extraordinary Jobs**
