Leggiere,2015-04-09 This is the first comprehensive history of the campaign that determined control of Germany following Napoleon s catastrophic defeat in Russia Michael V Leggiere reveals how in the spring of 1813 Prussia the weakest of the great powers led the struggle against Napoleon as a war of national liberation Using German French British Russian Austrian and Swedish sources he provides a panoramic history that covers the full sweep of the battle for Germany from the mobilization of the belligerents strategy and operations to coalition warfare diplomacy and civil military relations He shows how Russian war weariness conflicted with Prussian impetuosity resulting in the crisis that almost ended the Sixth Coalition in early June In a single campaign Napoleon drove the Russo Prussian army

from the banks of the Saale to the banks of the Oder The Russo Prussian alliance was perilously close to imploding only to be saved at the eleventh hour by an armistice *Napoleon As a General* HardPress, Yorck Von Wartenburg Maximil 1850-1900, 2013-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy *Sex and Race, Volume 1* J. A. Rogers, 2014-09-15 In the Sex and Race series first published in the 1940s historian Joel Augustus Rogers questioned the concept of race the origins of racial differentiation and the root of the color problem Rogers surmised that a large percentage of ethnic differences are the result of sociological factors and in these volumes he gathered what he called the bran of history the uncollected unexamined history of black people in the hope that these neglected parts of history would become part of the mainstream body of Western history Drawing on a vast amount of research Rogers was attempting to point out the absurdity of racial divisions Indeed his belief in one race humanity precluded the idea of several different ethnic races The series marshals the data he had collected as evidence to prove his underlying humanistic thesis that people were one large family without racial boundaries Self trained and self published Rogers and his work were immensely popular and influential during his day even cited by Malcolm X The books are presented here in their original editions *Napoleon as a General, Vol. 1 (Classic Reprint)* Yorck von Wartenburg, 2015-07-13 Excerpt from Napoleon as a General Vol 1 Dear Captain James I Have read with interest the list you have sent me of the military works to be published as The Wolseley Series The subjects are wisely chosen and the authors will be generally accepted as soldiers who are competent to express valuable opinions upon them I am much flattered by having my name associated with an undertaking that is designed to improve the professional knowledge of our officers and I rejoice to feel that under your able editorship its success is assured In some instances I see you are not only editor but also translator for which duty if you will allow me to say so your intimate knowledge of the German idiom eminently qualifies you I hope the officers of her Majesty s army may never degenerate into bookworms There is happily at present no tendency in that direction for I am glad to say that this generation is as fond of danger adventure and all manly out of door sports as its forefathers were At the same time all now recognize that the officer who has not studied war as an applied science and who is ignorant of modern military history is of little use beyond the rank of Captain The principle of selection pure and simple is gradually being applied to the promotion of all officers especially in the higher grades As years go on this system will be more and more rigidly enforced About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing

imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
