Napoleons Light Infantry:

Napoleon's Light Infantry and Artillery Paul L Dawson, 2025-12-30 This groundbreaking book offers a detailed exploration of the dress of the thirty seven regiments of Light Infantry and other support troops in Napoleon's Grande Armée including foot and horse artillery sappers musicians and carabiniers For the first time in two centuries it accurately examines how these troops were clothed and equipped Paul Dawson's research draws from over 1 000 archive boxes in the Service Historique de l'Armée de Terre and the Archives Nationales in Paris These documents reveal how the 1806 uniform regulations and Bardin regulations were implemented in practice offering insights previously unavailable to the public The archives focus on the annual inspections of regiments where the condition of uniforms and equipment was assessed Soldiers uniforms were provided through stoppages in their pay with a prescribed lifespan for each item The regimental Council of Administration also drew funds for clothing renewals repairs and equipment Dawson's study demonstrates that the Bardin regulations often seen as the standard were largely a myth until the Waterloo Campaign Through contemporary illustrations and photographs of existing uniforms this book provides an authoritative understanding of the actual dress worn by Napoleon's troops making previous descriptions of the Grande Armée's appearance obsolete **Incomparable** Terry Crowdy, 2012-09-20 The meticulously researched story of one of the greatest regiments in Napoleonic history the French 9th Light Infantry An elite battalion under Louis XVI the 9th Light Infantry regiment were with Napoleon from almost the beginning turning the field at Marengo and breaking the Austrians They then spent over a decade fighting their way across the continent following Napoleon to the bitter end Bringing their Eagle out of hiding when Napoleon returned from exile in 1815 they almost saved the day again at Waterloo spearheading a charge to rejoin Napoleon But unlike at Marengo they failed Napoleon dubbed them Incomparable and their story is extraordinary even by the standards of the dramatic and turbulent years in which they lived Incomparable Terry Crowdy, 2012-09-20 The meticulously researched story of one of the greatest regiments in Napoleonic history the French 9th Light Infantry An elite battalion under Louis XVI the 9th Light Infantry regiment were with Napoleon from almost the beginning turning the field at Marengo and breaking the Austrians They then spent over a decade fighting their way across the continent following Napoleon to the bitter end Bringing their Eagle out of hiding when Napoleon returned from exile in 1815 they almost saved the day again at Waterloo spearheading a charge to rejoin Napoleon But unlike at Marengo they failed Napoleon dubbed them Incomparable and their story is extraordinary even by the standards of the dramatic and turbulent years in which they lived **Napoleon's Light Infantry** Philip Haythornthwaite, 1983-11-24 Although light infantry tactics formed one of the cornerstones of the Napoleonic Wars 1799 1815 their employment was by no means restricted to Light regiments Thus from the early 1800s if not before the distinction between Light and Line infantry was largely one of costume and tradition One marked difference from the Line infantry however was in the superior spirit de corps of the Light regiments Their attitude of superiority was reinforced by

authoritative detail historian Gabriele Esposito covers the infantry units of Napoleon's Imperial Army during the early nineteenth century. When the future Emperor assumed control of France, the infantry of his army was disorganized and poorly equipped; it lacked discipline and was trained in a quite old-fashioned way. Napoleon acted very rapidly to resolve these issues by giving his foot troops a new structure and teaching them new tactics. By 1805, the French infantry had the best combat capabilities in the world. Napoleon's Infantry covers every type of infantry unit: line regiments, light regiments, foreign corps, and special corps. It is often overlooked that the French infantry of 1800-1815 included large numbers of foreign soldiers and even an Irish Legion. Esposito takes all these little-known corps into consideration together with several special corps like Corsican light infantry and mountain infantry. The entire volume is beautifully illustrated with rare contemporary uniform plates that have never been published before.

Fighting with Napoleon's Light Infantry Neil Sanghvi, 2024-12-19

Captain Vincent Bertrand was a French light infantry soldier who survived the key campaigns of Napoleon. Called to arms through conscription, he was directed from his hometown of Nîmes to the depot of the 7^{me} Régiment Léger 7th Light Infantry Regiment in Huningue where he arrived on 16th November 1805. He did not leave this regiment composed almost exclusively of sons of the department of Gard until 1815. His recollections focus on his loved adventures and mishaps as well as the pride of being part of an elite unit. It was this pride that kept him with his regiment and his musket operational during the retreat from Moscow in 1812, unlike his fellow soldiers. He tells of the discipline and organization of the few soldiers still able to pull their triggers and thrust their bayonets amidst the frostbite and chaos of those who had become stragglers or marauders. Bertrand's unfailing bravery and composure are evident throughout his memoirs, demonstrating character, discipline, and patience as well as dedication to his regiment and its values and standards. The non-combatants he saved, the esteem he earned from his comrades in battle, and the comfort he gave to a fellow convalescent on the brink of death would all indicate he was a hero to some and an admirable soldier to all. Bertrand gives sincere accounts of his time on the battlefields in the cantonments in Austria, in Germany, in Poland, and finally of the painful stages of his captivity as an Austrian prisoner of war. His writing is entertaining and fast-paced but with plenty of unique detail. First published in 1909 by Bertrand's grandson, this is the first translation from French into English.
