Narrative Mediation A New Approach To Conflict Resolution:

Narrative Mediation John Winslade, Gerald D. Monk, 2000-01-28 In this groundbreaking book John Winslade and Gerald Monk leaders in the narrative therapy movement introduce an innovative conflict resolution paradigm that is a revolutionary departure from the traditional problem solving interest based model of resolving disputes The narrative mediation approach encourages the conflicting parties to tell their personal story of the conflict and reach resolution through a profound understanding of the context of their individual stories The authors map out the theoretical foundations of this new approach to conflict resolution and show how to apply specific techniques for the practical application of narrative mediation to a wide variety of conflict situations Practicing Narrative Mediation John Winslade, Gerald D. Monk, 2008-12-03 Practicing Narrative Mediation provides mediation practitioners with practical narrative approaches that can be applied to a wide variety of conflict resolution situations Written by John Winslade and Gerald Monk leaders in the narrative therapy movement the book contains suggestions and illustrative examples for applying the proven narrative technique when working with restorative conferencing and mediation in organizations schools health care divorce cases employer and employee problems and civil and international conflicts Practicing Narrative Mediation also explores the most recent research available on discursive positioning and exposes the influence of the moment to moment factors that are playing out in conflict situations The authors include new concepts derived from narrative family work such as absent but implicit double listening and outsider witness practices **Mediation Ethics** Rachael Field, Jonathan Crowe, 2020-05-29 Traditional ideas of mediator neutrality and impartiality have come under increasing attack in recent decades There is however a lack of consensus on what should replace them Mediation Ethics offers a response to this question developing a new theory of mediation that emphasises its nature as a relational process Introduction to Conflict Resolution Sara Cobb, Sarah Federman, Alison Castel, 2019-07-02 The field of conflict resolution has evolved dramatically during the relatively short duration of the discipline s existence Each generation of scholars has struggled with the major puzzles of their era providing theories and solutions that meet the needs of the time only to be pushed forward by new insights and at times totally upended by a changing world This introductory course text explores the genealogy of the field of conflict resolution by examining three different epochs of the field each one tied to the historical context and events of the day In each of these epochs scholars and practitioners worked to understand and address the conflicts that the world was facing at that time This book provides a framework that students will carry with them far into their careers enriching their contributions and strengthening their voices Rather than a didactic approach to the field students will develop their critical analytical skills through an inductive inquiry Students will broaden their vocabulary grapple with argumentation and develop critical reading skills *Conflict Resolution* S. I. Keethaponcalan, 2017-07-21 This book introduces the subject of third party intervention one of the core subject matters of the fields of conflict resolution and peace studies It provides a comprehensive introduction to the

dimensions issues and methods of third party intervention and approaches the subject from an interdisciplinary perspective It delves into third party definitions typologies actors rationale motives decision dimensions and roles This book provides in depth analysis of such third party methods as mediation arbitration hybrid procedures problem solving workshops and peacekeeping uniquely bringing all major topics of third party intervention into one text The last two chapters deal with timing of intervention and ripe moments and ethics Students of conflict resolution and peace studies will benefit from this book

A Theory of Mediators' Ethics Omer Shapira, 2016-03-14 Many aspects relating to the conduct of mediation are left to mediator choice but mediators often lack adequate guidance on how their discretion ought to be exercised In this book Omer Shapira identifies the ethical norms that govern mediators conduct Adopting a professional ethics perspective on the basis of role morality and applying it to a core definition of mediators role Shapira argues that all mediators are placed in ethical relationships with mediation parties the mediation profession the public and their employers or principals that produce ethical obligations The book goes on to explore the legitimate expectations of these groups and analyzes existing codes of conduct for mediators Shapira constructs a theory of mediators ethics that produces a proposed model code of conduct for mediators a detailed set of norms of mediators ethics that can be rationally justified and defended with regard to mediators at large

Alternative Dispute Resolution in Energy Industries Mustafa Oğuz Tuna, 2022-04-03 The disputes that arise between host states and investors in the energy sector put a high number of valuable and vital projects in the countries at risk Investment treaty arbitration mechanisms as the traditional remedy have provided a solution to these problems for decades However as the number of disputes increases the sufficiency of arbitration in responding to disputes became questionable in addition to the long lasting and costly cases Accordingly ADR mechanisms outside the arbitration cannon have triggered growing interest among practitioners Despite the attraction and the apparent benefits of ADR such as being cheaper faster and with better outcomes compared to arbitration there are also hurdles in front that hinder the application of ADR This has lead to the underuse of ADR in appropriate contexts This study has been conducted to research the gap for the applicability of the ADR methods for investment disputes in the energy sector with the doctrinal analysis of the existing literature either promoting or opposing ADR Its findings provide guidance for alternative dispute resolution practitioners on when to use ADR how to use ADR and on what disputes ADR to be used to resolve conflicts in International Energy Investment

The Mediation Handbook Alexia Georgakopoulos, 2017-09-19 The Handbook of Mediation gathers leading experts across fields related to peace justice human rights and conflict resolution to explore ways that mediation can be applied to a range of spectrums including new age settings relationships organizations institutions communities environmental conflicts and intercultural and international conflicts The text is informed by cogent theory state of the art research and best practices to provide the reader with a well

rounded understanding of mediation practice in contemporary times Based on four signature themes contexts skills and competencies applications and recommendations the handbook provides theoretical applicable and practical insight into a variety of key approaches to mediation Authors consider modern conflict on a local and global scale emphasizing the importance of identifying effective strategies foundations and methods to shape the nature of a mediation mindfully and effectively With a variety of interdisciplinary perspectives the text complements the development of the reader s competencies and understanding of mediation in order to contribute to the advancement of the mediation field With a conversational tone that will welcome readers this comprehensive book is essential reading for students and professionals wanting to learn a wide range of potential interventions for conflict **Beyond Mediation** Daniel Njoroge

Karanja,2020-09-29 This book offers narrative analysis theory as a vehicle to understand indigenous mediation The conceptual basis for this manuscript is the undisputed urgent need to understand mediation from a conflict transformation perspective highlighting the nexus between indigenous justice forgiveness and trauma healing This book is based on the assumptions that local communities have the tools capabilities that they need to build stable and enduring peaceful co existence These capacities have been weakened by the political elite and bankrupt corrupt leadership approaches that must be rejected through empowerment and rigorous mediation brigades at the local level The last chapter in the manuscript proposes a research center for indigenous justice forgiveness and trauma healing in East Africa that will guarantee decades of scholarship and research around this subject in East Africa and beyond
