Narrative of the Canadian Red River Exploring Expedition of 1857 and of the Assiniboine and Saskatchewan Exploring Expedition of 1858 Henry Youle Hind, 1860 **Narrative of the Canadian Red River Exploring Expedition of 1857**

Henry Youle Hind, 1860 *Canada and the Métis, 1869-1885* D.N. Sprague, 1988-06-02 In this book Professor D N Sprague tells why the Métis did not receive the land that was supposed to be theirs under the Manitoba Act Sprague offers many examples of the methods used such as legislation justifying the sale of the land allotted to Métis children without any of the safeguards ordinarily required in connection with transactions with infants Then there were powers of attorney tax sales any number of stratagems could be used and were to see that the land intended for the Métis and their families went to others All branches of the government participated It is a shameful tale but one that must be told from the foreword by Thomas R Berger **Narrative of the Canadian Red River Exploring Expedition of 1857** Henry Youle Hind, 2014-03-20 Published in 1860 this is a two volume account of expeditions to investigate underexplored areas of Canada and their agricultural and mineral potential Illustrated with plates based on photographs this work by geologist Henry Youle Hind 1823 1908 remains a classic of nineteenth century exploration literature intended for a broad readership **Narrative of the Canadian Red River Exploring Expedition of 1857** Henry Y. Hind, 2007-05-01 In the middle of the nineteenth century Britain and its Canadian colony were keen to explore and survey the vast and bountiful land between the American border and the Arctic Thus were instigated these expeditions under the stewardship of Henry Hind a British born Toronto teacher and geologist whose narratives give an invaluable insight into these virgin territories prior to their colonisation a process prompted by these popular descriptions that fired the imagination of the public The Ojibwa of Western Canada 1780-1870 Laura Peers, 2009-09-08 Among the most dynamic Aboriginal peoples in western Canada today are the Ojibwa who have played an especially vital role in the development of an Aboriginal political voice at both levels of government Yet they are relative newcomers to the region occupying the parkland and prairies only since the end of the 18th century This work traces the origins of the western Ojibwa their adaptations to the West and the ways in which they have coped with the many challenges they faced in the first century of their history in that region between 1780 and 1870 The western Ojibwa are descendants of Ojibwa who migrated from around the Great Lakes in the late 18th century This was an era of dramatic change Between 1780 and 1870 they survived waves of epidemic disease the rise and decline of the fur trade the depletion of game the founding of non Native settlement the loss of tribal lands and the government's assertion of political control over them As a people who emerged adapted and survived in a climate of change the western Ojibwa demonstrate both the effects of historic forces that acted upon Native peoples and the spirit determination and adaptive strategies that the Native people have used to cope with those forces This study examines the emergence of the western Ojibwa within this context seeing both the cultural changes that they chose to make and the continuity within their culture as responses to historical pressures The

Ojibwa of Western Canada differs from earlier works by focussing closely on the details of western Ojibwa history in the crucial century of their emergence It is based on documents to which pioneering scholars did not have access including fur traders and missionaries journals letters and reminiscences Ethnographic and archaeological data and the evidence of material culture and photographic and art images are also examined in this well researched and clearly written history
