Naturalization Of The Soul Self And Personal Identity In The Birth Of Modern Psychology:

Naturalization of the Soul John Barresi, Raymond Martin, 2012-10-12 Naturalization of the Soul charts the development of the concepts of soul and self in Western thought from Plato to the present. It fills an important gap in intellectual history by being the first book to emphasize the enormous intellectual transformation in the eighteenth century when the religious soul was replaced first by a philosophical self and then by a scientific mind. The authors show that many supposedly contemporary theories of the self were actually discussed in the eighteenth century and recognize the status of William Hazlitt as one of the most important Personal Identity theorists of the British Enlightenment for his direct relevance to contemporary thinking. Now available in paperback Naturalization of the Soul is essential reading for anyone interested in the issues at the core of the Western philosophical tradition.

Constructing the Self Valerie Gray Hardcastle, 2008 Constructing the Self analyzes the narrative conception of self, filling a serious gap in philosophy and grounding discussion in other disciplines. It answers the questions: What are the connections between our interpretations, selfhood, and conscious phenomenal experience? Why do we believe that our interpretations of our life-defining events are narrative in nature? From the myriad of thoughts, actions, and emotions which constitute our experiences, how do we choose what is interpretively important, the tiny subset that composes the self? By synthesizing the different approaches to understanding the self from philosophy of mind, developmental psychology, psychopathology, and cognitive science, this monograph gives us deeper insight into what being minded, being a person, and having a self are, as well as clarifies the difference and relation between conscious and unconscious mental states and normal and abnormal minds. The explication also affords new perspectives on human development and human emotion.

Series A

The Rise and Fall of Soul and Self Raymond Martin, John Barresi, 2006 This book traces the development of theories of the self and personal identity from the ancient Greeks to the present day. From Plato and Aristotle to Freud and Foucault, Raymond Martin and John Barresi explore the works of a wide range of thinkers and reveal the larger intellectual trends, controversies, and ideas that have revolutionized the way we think about ourselves. The authors open with ancient Greece, where the ideas of Plato, Aristotle, and the materialistic atomists laid the groundwork for future theories. They then discuss the ideas of the church fathers and medieval and Renaissance philosophers, including St. Paul, Philo, Augustine, Aquinas, and Montaigne. In their coverage of the emergence of a new mechanistic conception of nature in the seventeenth century, Martin and Barresi note a shift away from religious and purely philosophical notions of self and personal identity to more scientific and social conceptions, a trend that has continued to the present day. They explore modern philosophy and psychology, including the origins of different traditions within each discipline, and explain both the theoretical relevance of feminism and gender and ethnic studies and also the ways that Derrida and other recent thinkers have challenged the very idea that a unified self or personal identity even exists. Martin and Barresi cover a number of issues broached by philosophers and psychologists, such as the existence of a fixed and unchanging self and whether the concept of the soul has a use outside

of religious contexts They address the question of whether notions of the soul and the self are still viable in today's world Together they reveal the fascinating ways in which great thinkers have grappled with these and other questions and the astounding impact their ideas have had on the development of self understanding in the west **The Routledge**

Companion to Philosophy of Psychology Sarah Robins, John Symons, Paco Calvo, 2019-10-08 The Routledge Companion to Philosophy of Psychology Second Edition is an invaluable guide and major reference source to the key topics problems concepts and debates in philosophy of psychology and is the first companion of its kind A team of renowned international contributors provide forty eight chapters organized into six clear parts Historical background to philosophy of psychology Psychological explanation Cognition and representation The biological basis of psychology Perceptual experience Personhood The Companion covers key topics such as the origins of experimental psychology folk psychology behaviorism and functionalism philosophy psychology and neuroscience the language of thought modularity nativism and representational theories of mind consciousness and the senses dreams emotion and temporality personal identity and the philosophy of psychopathology For the second edition six new chapters have been added to address the following important topics belief and representation in nonhuman animals prediction error minimization contemporary neuroscience plant neurobiology epistemic judgment and group cognition Essential reading for all students of philosophy of mind science and psychology The Routledge Companion to Philosophy of Psychology will also be of interest to anyone studying psychology and its related disciplines **Living Authentically: Daoist Contributions to Modern Psychology** Livia Kohn, 2011 Living Authentically brings together classical scholars of Daoism professors of psychology practicing psychologists medical doctors and alternative practitioners to explore different Daoist concepts of the mind and its transformations in relation to various schools of modern psychology The book explores how Daoism can help us live in the world sustaining relationships and educating children in a stress free truly authentic way Book jacket [Virtual Selves, Real Persons](#) Richard S.

Hallam, 2012-04-19 This book looks at how to define persons and selves and the ways in which different disciplines have dealt with this topic **From Enlightenment to Rebellion** James G. Buickerood, 2018-05-04 This book is a collection of essays and a short story written to honor Christopher Fox of Notre Dame arguably the most influential figure in Irish Studies for the past quarter century The essays address topics in which Professor Fox has made his own enduring scholarly contributions and subjects to which he has made enduring contributions through his academic leadership from the development of library collections and important fellowships at his university to the institution of a global community of scholars in Irish Studies The disciplines represented by the essays published here include English Literature Irish Literature Comparative Literature Medieval Studies Librarianship History Intellectual History Irish Folklore Philosophy and Documentary Film Seven of the fifteen essays focus on topics at the intersection of Irish Studies and Eighteenth Century Studies Fox's own specialty They include studies of Edmund Burke's late career view of the free market and social justice the persistent influence of William

Molyneux and Jonathan Swift in late eighteenth century Irish patriots political vision Swift's conception of neighborliness in his fiction and sermons the satirist's illnesses and their bearing on his social relationships the anthropogenic dimension of Alexander Pope's Dunciad the reception of Lucretius De rerum natura in the seventeenth and eighteenth century British Isles and an examination of the conception of the self in the philosophical work of John Locke and Charles Mein The remainder cover texts and issues such as the role of Continental influence on medieval Irish epic the relations of poets and lords in early modern Ireland perspectives on writers in Irish folklore and the relations of social class and linguistic change in the modern novel There is as well a pair of essays on the 1916 Dublin Easter Rising one examining the role of the theater in the participants conceptions of that event the other discussing the creation of the award winning recent documentary series of which Fox was executive producer 1916 The Irish Rebellion The contributions open with a Forward by the former President of Ireland Mary McAleese and conclude with a new short story by the Irish novelist Patrick McCabe The book includes a Select Bibliography of the publications of Professor Fox and an Index

The Propriety of Liberty Duncan Kelly, 2010-10-18

In this book Duncan Kelly excavates from the history of modern political thought a largely forgotten claim about liberty as a form of propriety By rethinking the intellectual and historical foundations of modern accounts of freedom he brings into focus how this major vision of liberty developed between the seventeenth and the nineteenth centuries In his framework celebrated political writers including John Locke Montesquieu Adam Smith John Stuart Mill and Thomas Hill Green pursue the claim that freedom is best understood as a form of responsible agency or propriety and they do so by reconciling key moral and philosophical claims with classical and contemporary political theory Their approach broadly assumes that only those persons who appropriately regulate their conduct can be thought of as free and responsible At the same time however they recognize that such internal forms of self propriety must be judged within the wider context of social and political life Kelly shows how the intellectual and practical demands of such a synthesis require these great writers to consider freedom as part of a broader set of arguments about the nature of personhood the potentially irrational impact of the passions and the obstinate problems of individual and political judgement By exploring these relationships The Propriety of Liberty not only revises the intellectual history of modern political thought but also sheds light on contemporary debates about freedom and agency

«Remov'd from human eyes»: *Madness and Poetry 1676-1774* Natali, Ilaria, 2016-08-30 The years 1676 and 1774 marked two turning points in the social and legal treatment of madness in England In 1676 London's Bethlehem Hospital expanded in grand new premises and in 1774 the Madhouses Act attempted to limit confinement of the insane This study explores almost a century of the English history of madness through the texts of five poets who were considered mentally troubled according to contemporary standards James Carkesse Anne Finch William Collins Christopher Smart and William Cowper were hospitalized sequestered or exiled from society Their works cope with representations of insanity medical definitions or practices imputed illness and the judging eye of the sane other shedding new light on the discontinuities in the notion of

madness of this period *Ipseity and alterity* Shaun Gallagher, Stephen Watson, Philippe Brun, Philippe Romanski, L ouvrage aborde la question de la relation entre le soi et l autre Il rassemble des contributions propos es par des chercheurs dans les domaines de la philosophie de la litt rature et des sciences humaines Ce livre soul ve plusieurs questions telles que Est il toujours possible de comprendre la personne individuelle sans la r f erence aux autres personnes Dans quelle mesure l identit personnelle d pend elle des diff rences entre les personnes L interpr tation de l Autre est elle toujours compl te etc L ouvrage offre une discussion scientifique originale qui s adresse tout particuli rement aux enseignants aux chercheurs et aux tudients int ress s par cette question de l Ips it et de l Alt rit **The Politics and Ethics of Identity** Richard Ned Lebow, 2012-08-30 Challenges the notion of consistent unitary identities arguing that we are multiple changing selves shaped by social contexts and processes *Biologising the Social Sciences* David Canter, David Turner, 2015-02-20 You can hardly open a paper or read an academic journal without some attempt to explain an aspect of human behaviour or experience by reference to neuroscience biological or evolutionary processes This biologising has had rather a free ride until now being generally accepted by the public at large However there is a growing number of scholars who are challenging the assumption that we are little more than our bodies and animal origins This volume brings together a review of these emerging critiques expressed by an international range of senior academics from across the social sciences Their arguments are firmly based in the empirical scientific tradition They show the lack of logic or evidence for many biologising claims as well as the damaging effects these biological assumptions can have on issues such as dealing with dyslexia or treating alcoholism This important book originally published as a special issue of Contemporary Social Science contributes to a crucial debate on what it means to be human This collection of articles by David Canter and his colleagues rigorously argued and richly informative are of immense importance It is astonishing that as Canter puts it in his brilliant overview of biologising trends there are those in the humanities who need to be reminded that human beings can talk and interact with each other generating cultures and societies that have an existence that cannot be reduced to their mere mechanical parts Professor Raymond Tallis FRCP FMedSci DLitt LittD in the Preface **The Oxford Handbook of the Self** Shaun Gallagher, 2011-02-10 The Oxford Handbook of the Self explores a fascinating diversity of questions about our understanding of self from a variety of interdisciplinary perspectives including philosophy ethics psychology neuroscience psychopathology narrative and postmodern theories **The Lockean Mind** Jessica Gordon-Roth, Shelley Weinberg, 2021-08-30 John Locke 1632 1704 is considered one of the most important philosophers of the modern era and the first of what are often called the Great British Empiricists His major work An Essay Concerning Human Understanding was the single most widely read academic text in Britain for fifty years after its publication and set new limits to the scope and certainty of what we can claim to know about ourselves and the natural world The Declaration of Independence and the United States Constitution were both highly influenced by Locke s libertarian philosophical ideas and Locke continues to have an impact on political thought both

conservative and liberal It is less commonly known that Locke was a practicing physician an influential interpreter of the Bible and a policy maker in the English Carolina colonies The Lockean Mind provides a comprehensive survey of Locke s work not only placing it in its historical context but also exploring its contemporary significance Comprising almost sixty chapters by a superb team of international contributors the volume is divided into twelve parts covering the full range of Locke s thought Historical Background Locke s Interlocutors Locke s Epistemology Locke s Philosophy of Mind Locke on Philosophy of Language and Logic Locke s Metaphysics Locke s Natural Philosophy Locke s Moral Philosophy Locke on Education Locke s Political Philosophy Locke s Social Philosophy Locke on Religion Essential reading for students and researchers in philosophy Locke s work is central to epistemology metaphysics philosophy of mind philosophy of language natural philosophy ethical legal political and social philosophy as well as philosophy of education and philosophy of religion This volume will also be a valuable resource to those in related humanities and social sciences disciplines with an interest in John Locke

Yearnings of the Soul Jonathan Garb,2015-11-23 In *Yearnings of the Soul* Jonathan Garb uncovers a crucial thread in the story of modern Kabbalah and modern mysticism more generally psychology Returning psychology to its roots as an attempt to understand the soul he traces the manifold interactions between psychology and spirituality that have arisen over five centuries of Kabbalistic writing from sixteenth century Galilee to twenty first century New York In doing so he shows just how rich Kabbalah s psychological tradition is and how much it can offer to the corpus of modern psychological knowledge Garb follows the gradual disappearance of the soul from modern philosophy while drawing attention to its continued persistence as a topic in literature and popular culture He pays close attention to James Hillman s archetypal psychology using it to engage critically with the psychoanalytic tradition and reflect anew on the cultural and political implications of the return of the soul to contemporary psychology Comparing Kabbalistic thought to adjacent developments in Catholic Protestant and other popular expressions of mysticism Garb ultimately offers a thought provoking argument for the continued relevance of religion to the study of psychology

Metaphysical Hazlitt Uttara Natarajan,Tom Paulin,Duncan Wu,2005 This collection of previously unpublished essays is an essential contribution to a vital new aspect of Romantic studies and shows Hazlitt to be as his memorial claims The first unanswered Metaphysician of the age

Die Abschaffung des Todes Carolin Kosuch,2024-05-15 In menschlichen Gesellschaften gilt der Leichnam als besonderer K rper Das Weiterverfahren mit ihm folgte in Europa seit der Sp tantike berwiegend christlichen Traditionen Das bis dahin religi s besetzte berdauern nach dem Tod erfuhr indes in den westlichen Modernen seit dem ausgehenden 18 Jahrhundert eine weltanschauliche Entzauberung Vorwiegend m nnliche Akteure suchten dem Tod durch Technik Medizin und Wissenschaft beizukommen und so eine innerweltliche Ewigkeit zumindest aber Ordnung von und Kontrolle ber Tod und Verfall zu schaffen Carolin Kosuch erz hlt eine neue Geschichte des Todes Ihre Studie spannt den Bogen von der sich transnational entwickelnden Feuerbestattung des langen 19 Jahrhunderts bis hin zu K rperkonservierungsverfahren und zum Tod im

Digitalen des 21. Jahrhunderts. Ganz besonders blickt sie dabei auf die Geschichte des S kularismus des K rpers des Geschlechts und der Emotionen.
