choices away No more bossy diets or impossible exercise routines Instead Mariel divides healthy living into four foundational areas where we can isolate the issues we all face and start making the best decisions for our life Food What we eat and drink affects every part of our lives from energy level to body shape By making us conscious about our everyday choices we learn to use food in a positive way to boost the body and mind and correct imbalances of weight mood and energy Mariel provides some of her favorite recipes to help us integrate a flavorful yet super nutritious diet into our regular lives Exercise Exercise is not just to stay in shape but to stay connected to ourselves By putting the emphasis on quality not quantity we learn to nurture ourselves stay grounded and transform our mental emotional and physical states a little bit each day We ll end up looking and feeling better than ever Silence In our super noisy world bringing quiet reflection into our lives slows down the rush helps us learn the empowering skill of observation and ultimately can guide us into healthier habits and behaviors Home Too often the home in which we live echoes the clutter and chaos of the outside world Learn how to make home a place where we can rest recharge and refocus a haven for the balanced life we and our families seek Encouraging us to listen to ourselves and do things differently Mariel presents a unique 30 day program for discovering real beauty renewed energy and a radiant life We can all look amazing and feel fantastic from head to toe The results are immediate and will last a lifetime
