The Ideology of Ritual Frank H. Gorman, 1990-01-01 For the Priestly writers ritual was a fundamental form of theological reflection This study analyses the conceptual categories of space time and status in an effort to clarify the larger cultural and conceptual categories operative in the Priestly ritual system Drawing on interpretative models derived from cultural anthropology the author argues that Priestly creation theology forms a necessary context for understanding the Priestly rituals **Human Nature, Ritual, and History** Antonio S. Cua, 2005-03 In this volume distinguished philosopher Antonio S Cua offers a collection of original studies on Xunzi a leading classical Confucian thinker and on other aspects of Chinese philosophy **The Restorative Justice Ritual** Lindsey Pointer, 2020-12-23 Restorative justice is an innovative approach to responding to crime and conflict that shifts the focus away from laws and punishment to instead consider the harm caused and what is needed to repair that harm and make things right Interest in restorative justice is rapidly expanding with new applications continuously emerging around the world The restorative philosophy and conference process have shown great promise in providing a justice response that heals individuals and strengthens the community Still a few key questions remain unanswered First how is the personal and relational transformation apparent in the restorative justice process achieved What can be done to safeguard and enhance that effectiveness Second can restorative justice satisfy the wider public's need for a reaffirmation of communal norms following a crime particularly in comparison to the criminal trial And finally given its primary focus on making amends at an interpersonal level does restorative justice routinely fail to address larger structural injustices This book engages with these three critical questions through an understanding of restorative justice as a ritual It proffers three dominant ritual functions related to the performance of justice the normative the transformative and the proleptic Two justice rituals namely the criminal trial and the restorative justice conference are examined through this framework in order to understand how each process fulfills or fails to fulfill the multifaceted human need for justice The book will be of interest to students academics and practitioners working in the areas of Restorative

Justice Criminal Law and Criminology **The Power and Purpose of Blood in God's Design** Cynthia Hsing-Wei Chang, 2024-04-30 How can Christians delve into the relationship between biblical law narrative and rituals to reconcile beliefs with cultural heritage In this study Dr Cynthia Hsing Wei Chang addresses the unfamiliar and impractical nature of Leviticus's ritual teachings for Christians particularly in the context of Chinese culture's common practice of eating cooked blood pudding Combining principles from biblical laws and rhetoric to distinguish Leviticus's literary structure this book examines well being offerings in the Old Testament and Ugaritic sacrificial documents and explores the meaning of blood atonement in rituals to provide a comprehensive theological response By bridging ancient rituals and modern culture Dr Chang offers unique insights for cross cultural understanding and practical guidance for those seeking to navigate cultural complexities while honoring their faith Understanding Folk Religion: 25th Anniversary Edition Paul G. Hiebert, R. Daniel Shaw, Tite Tienou, 2024-04-24 This book has served the missiological community for twenty five years as a resource for understanding human spirituality in any context Thousands of students have incorporated the principles of this book into ministry around the globe This twenty fifth anniversary edition seeks to enable those who now bring their passion for mission to contemporary contexts affected by globalization climate change and political perspectives unimagined when this book originally appeared Every community wherever it is on earth has its share of beliefs and values that manifest themselves in practices that reflect spiritual engagement Those engaged in mission need to appreciate how underlying beliefs and values are reflected in handling spiritual power worship and blessing and interaction with others Gospel communicators must account for these elements as they seek to make God's intentions known to people who are searching for God The models presented early in the book are essential for establishing what people consider spiritually critical Applying these models in any religious environment will enable message bearers to engage with beliefs and practices that promote a gospel presentation that makes sense To that end we commend this book for effective missional engagement **The Nature of Disease** Lawrie Reznick, 2022-05-24 Originally published in 1987 this book is about the classification of bodily conditions into diseases It provides a full account of the concept of disease examining the issue of whether disease status is something we discover or invent and the issue of whether disease attributions involve implicit value judgements It investigates whether bodily conditions fall into natural kinds and whether these debates can be settled by discovering whether there are any natural boundaries dividing conditions into diseases and non diseases It considers whether the notion of disease is an evaluative notion or whether judgements about disease status are purely descriptive The issue of whether other cultures with different values are justified in making different disease judgements is also discussed **A Korean Theology of Human Nature** Jung-Sun Oh, 2005 This remarkable study articulates a Korean Confucian Christian theory of human nature encompassing the theory of justification sanctification and salvation by means of a reformed concept of filial piety The book presents the theological anthropology of Robert C Neville and the inclusive humanism of Tu Wei ming as critical guides for

Giorgio Buccellati, 2023-09-22 This English translation of Giorgio Buccellati's ambitious work offers readers an insightful discussion of ancient Mesopotamian religion and spirituality in its relationship to the biblical ethos Our understanding of ancient Mesopotamian religion while shaped by a wealth of archaeological artistic and epigraphic evidence remains limited with regard to a proper hermeneutic approach In this volume Buccellati sheds light on the spirituality of Mesopotamian polytheism by drawing comparisons with that of biblical monotheism These comparisons are used to better understand the divine human relationship in the Mesopotamian context as both individuals and members of a wider community In addition Buccellati provides detailed discussions on divination and the central role of fate in ancient Mesopotamia Buccellati's understanding of Mesopotamian religion and spirituality as illuminated by biblical texts now available to an Anglophone audience offers much food for thought on this challenging subject When on High the Heavens Mesopotamian Religion and Spirituality with Reference to the Biblical World provides a wide ranging and thorough exploration of Mesopotamian religion for students scholars and researchers in Near Eastern archaeology and history biblical studies and the history of religion and spirituality **Religious and Social Ritual**
